

# Heaviest Ballot Ever Set for Tuesday

Heaviest ballot ever in Ohio Primary history is set for Tuesday's election, set that is of the Supreme Court decides both constitutional amendments should be voted on as they were presented to Secretary of State Ted Brown.

Both amendments were before the Supreme Court when the news went to press, and depending on that court's decision, to come later this week, both or neither could be voted on in Tuesday's Primary. Issue 1, authorizing a state lottery, and Issue 1A, combining four different constitutional changes, may both be found to be unconstitutional by that court. Controversy on each is explained in adjoining story.

At any rate, Election Board in Delaware county is expecting somewhere in the neighborhood of some 10,000 voters to go to the polls Tuesday with the official number of registered voters in the county set at 19,244. As of Wednesday evening, about 260 absentee ballot applications had been filled out.

Today is the last day for these applications to be made for civilians, while servicemen have until

noon on Saturday to get their applications into the Board of Election office. Absentee ballots themselves must be voted into the office by poll closing time Tuesday. Polls will open at 6:30 a.m. in the county and remain open through 6:30 p.m. List of precincts and polling places, along with those persons who will staff the polling places appears elsewhere in today's News. Because of the heavy ballot, eight workers will be at each precinct for the primary instead of the usual six.

Not only will this year's primary ballot prove to be the heaviest in Ohio's history, but for Delaware county residents, it could possibly be the most confusing. With the State Legislature's re-apportionment in effect for the Primary, the county is split down the middle as to State House Districts, with the northern part of the county in the 86th District and the southern in the 66th. Senate district for the state is the 26th for the northern half and the 3rd for the southern. And yet, the entire county is in the 12th Congressional district for

the national seat.

Persons who declare themselves Democrats at Tuesday's election will receive three separate ballots. They may vote one large X for the entire slate of delegates, etc., who are pledged to one of the five men running for the Democratic nomination for President. Or, they can mark individual, smaller X's for the delegates, etc., which they want to go to the National Convention. The three ballots are for Delegate-at-Large to the National Convention, and a combined ballot for Delegate and Alternate to the National Convention from this, the 12th District. George McGovern, Edmund S. Muskie, Hubert H. Humphrey, Henry M. Jackson, and Eugene J. McCarthy are the only candidates seeking the nomination in Ohio.

Persons who declare themselves Republicans will be issued a somewhat simpler ballot which includes only President Richard M. Nixon's name as candidate. Four large squares designate candidates for Delegate-at-Large, Alternate-at-

Large, 12th District Delegate, and 12th District Alternate to the National Convention.

Besides the two state amendments and Presidential nominations, everyone in the county will be voting on the Delaware County Joint Vocational School. Two issues, including a \$2,070,000 Bond Issue for the building of the school and a 2.5 mill tax levied for the operation of it, must be voted on by everyone who goes to the polls Tuesday.

Also, everyone will be voting on their party's choice for Congress from this, the 12th district. Democratic candidate on that party's ticket is James W. Goodrich and incumbent Samuel L. Devine is on the Republican ballot seeking his party's re-nomination.

Running for Justice of the Supreme Court for the term beginning Jan. 1, 1973, three men make up the only race on the Democratic ticket's judicial section. William B. Brown, George W. White, and John M. Anderson all seek their party's nomination for that post. On the Republican ticket, running for the same

term and office, is Louis J. Schneider, Jr., but he is the only candidate seeking nomination.

Race for the Supreme Court term beginning Jan. 2, 1973, is on the Republican ballot. George C. Faris and Paul W. Brown are vying for the nomination while on the Democratic ticket, Lloyd O. Brown is the only candidate.

Also, for the Supreme Court position, one man from each party is looking for the nomination to fill the unexpired term ending Dec. 31, 1974. Republicans have Robert E. Leach, while Democrats have Frank D. Celebrezze.

Two men are on the judicial ballot on the Republican ticket running for nomination for Judge of the 5th District Court of Appeals. Leonard Rutherford is seeking re-nomination against Ralph E. Johns for that position. Democratic candidate for the Appellate Judge is Eugene Puglisi and he has no opposition in his party's nomination.

Democratic ticket has races for both men and women for 12th district member of the State Central Committee. Richard J. Ryan is

opposed by Frank J. Ryan for that position while Phyllis A. Shepard faces Rosalie M. Leach. Unopposed on the Republican ticket for the State Central Committee from the 12th district are John M. McElroy and Jennifer J. Henon.

These represent the only races that everyone in the county will be voting on for the Primary. County office hopefuls are seeking their own party endorsements in order that they might be on the November ballot. Democrats have James A. Moore and Dean Miller running for the two separate county commissioner terms. Josephine B. Lawrence running for the nomination for county recorder, and Charles Wallace seeking county treasurer candidacy. No other Democrats are running for any of the county offices.

On the Republican ticket, incumbents are running for all positions besides that of one of the commissioners' terms and for coroner. Jon M. Peterson is the only non-incumbent seeking nomination for the Republican party. Incumbents on the May ballot for county

offices include O. W. Whitney, Jr., for Common Pleas Judge; Paul W. Barrett, for Probate Judge; Kenneth R. Reed, for one commissioner's term; Henry E. Shaw, Jr., for prosecutor; Ruth Gillett Scott, for clerk of courts; Eugene T. Jackson, for sheriff; Dorothy Conas, for recorder; Midge L. Conkling, for treasurer; and Fred L. Stults, for county engineer. There are no write-ins for Republican offices.

Only other name which presently is not on the primary ballot but who is planning to run for a county office in November is Walter C. Nease, who plans to run for sheriff. Nease filed his nominating petition as an independent candidate and does not have to be nominated for the candidacy.

Remaining candidates for offices and some issues which will be on ballots vary according to which district you vote in. Those, along with candidates for the County Central Committee in each party and some issues can be found in the adjoining stories concerning those districts.

## Voting in 86th Ohio House, 26th Ohio Senate Districts

With the re-districting of the legislature at the state level, persons living in the northern part of Delaware county are now in the 86th House District and the 26th Senate District.

Included in these districts in Delaware county are all persons living in Sunbury, Galena, Ashley, and the townships of Trenton, Porter, Berkshire, Kingston, Brown, Oxford, Troy, Marlboro, Radnor and Thompson.

There are races for both the House seat nomination and the Senate seat nomination in these districts on the Republican ballot, and there is no race for either House or Senate seat on the Democratic ticket.

Three men are vying for the Republican nomination for the House of Representatives in Columbus. Walter D. McCluskey, James W. Rogers, and Terry E. Drake. Lone candidate on the Democratic ticket

for the candidacy is Michael P. Flinn.

For the Senate seat, Robin T. Turner and Charles F. Bookwalter are vying for the candidacy under the GOP banner while Gene Slagle is the only Democrat on the ballot.

Two issues which some of the residents of this part of the county will be voting on involve two and Highland School District. Voters in Troy twp. will decide whether

## Voting in 66th Ohio House, 3rd Ohio Senate Districts

With the re-districting of the legislature at the state level, persons living in the southern part of Delaware county are now in the 66th House District and the 3rd Senate District.

Included in these districts in Delaware county are all persons living in Powell, Ostrander, Shawnee Hills, Westerville, and the City of Delaware, as well as in the townships of Berlin, Concord, Delaware, Genoa, Harlem, Liberty, Orange, and Scioto.

There is no election for the 3rd Senate seat this year in this district. For the 66th House district, two Republicans are vying for the candidacy and one Democrat seeks nomination from his party. Lawrence E. Hughes and Don E. Flaher are trying to win the nomination for the seat. Hughes being the incumbent. On the Democratic ticket, Fred L. Richardson seeks his party's support for the seat in the Ohio House.

Only issue involving anyone in these districts besides those mentioned above is that of the Central Ohio Transit Authority for those persons living in Delaware county, but in Westerville City limits as well. This issue involves a 1-mill tax levy for 10 years for the Regional Transit Authority.

Central Committee candidates for the various precincts in these districts include the following who will have their names either on the Republican or Democratic ballot in your precinct (not including Del-

aware City): Shawnee Hills, Vivian May Fuller (R); Ostrander, George F. Dennis (R); Berlin A. Francis S. Mahoney (D); Berlin B. Virginia D. McNamara (R); Concord A. S. Eugene Thomas (R); Claude A. Conroy (D).

## To Vote on Two State Ballots; State Lottery, State Amendments

State issues to be voted upon May 2 are many and many different types of things are being asked to be voted by a single mark on the state ballot.

There will be two state ballots given voters at the Primary. One is for and against a state Lottery, the other covers twenty proposed changes in the Constitution of the State of Ohio all to be voted upon at one time.

The state lottery to be voted upon would require the entire net proceeds of a state-wide lottery to be

paid into the general fund of the state of Ohio with the proceeds not marked for any particular area. All other lotteries or sale of lottery tickets for any other purpose whatever would continue to be prohibited by the state constitution.

A lottery is a scheme or arrangement for raising money, as for some public, charitable, or private purpose.

## Daylight Savings Time Starts Sunday

Daylight Savings Time begins Sunday morning but you won't be saving an hour but losing one instead.

Sunday, it will actually be 3 a.m., so don't forget to turn your clocks ahead, before you go to bed Saturday night.

And, if you think maybe you're being cheated out of an hour's sleep, just remember, in the case of the penny, an hour saved is an hour earned—next October.

## Sunbury United Board Divides Total of \$3461.96 Among Agencies

Sunbury United Drive Board met Monday evening to allocate the money obtained in the fall drive when \$3461.96 was collected. The goal set by the board was \$3500.00.

The board distributed the money as follows: The American Cancer Society, Delaware, \$425.00; The American Red Cross, \$725.00; Cancer Research Program, \$225.00; Central Ohio Heart Assn., Delaware, \$225.00; The Salvation Army, \$200.00; Delaware County Dental Fund, \$250.00; Society for Crippled Children, \$225.00; Mental Health Assn., \$425.00; Speech & Hearing Clinic, \$225.00; and the Children's Hospital Rehabilitation Center, \$125.00.

Balance left on hands is \$111.96. \$400.00 has also been placed in Dollar Federal Savings & Loan for an emergency fund.

Chairman Richard Garee was pleased to announce an increase of at least \$25.00 to each of the agencies benefiting from the Sunbury Drive. Dick and the neighborhood chairman, Mrs. Margaret Lenhart, Mrs. Lockie Norman and Mrs. Becky Hayes, wish to thank the many workers and contributors who made this all possible.

Those soliciting were Verna Bergandine, Barbara Holley, Faunetta Cantrell, Margaret Gross, Beatrice Hostie, Maggie Smith, Ann Brown, Vera Paul and Mabel Henry.

Also Mary Drake, Rheta Reese, Irma Newland, Marvyn Meadows, Gladys Ashbaugh, Beverly Ryder, Erlene Gierber, Hazel Feasel, and Kay Bryant.

Others were Neva Kintner, Edith Lake, Alma Shannon, Marilyn Nor-

## Grandview Police Arrest Youth In Connection with Burglary Here

Arrest of a Grandview Heights youth after a raid on his home early Wednesday morning and subsequent confiscation of "over 30,000 pills" leads Sunbury Police Chief Nease to believe a weekend burglary of a Sunbury doctor's office is near at hand.

According to Nease, Grandview police staged the raid on the home of Davy Williams, age unknown, at 294 Copeland Ave., in Grandview about 3 a.m. Wednesday after they allegedly learned from an informant that the dwelling contained many drugs.

"Many bottles had labels from Dr. M. W. Livingston's office on them and several prescription forms for Dr. Livingston and Shaw Pharmacy were among the confiscated goods."

Dr. Livingston's office was broken into sometime over the weekend and a portable TV, an adding machine, several kinds of drugs and around \$50 in cash was stolen. According to the investigating officer Richard

Dority, entry was made through a rear window sometime between 9:30 p.m. Saturday and 2:15 p.m. Sunday.

Chief Nease said he was notified Wednesday morning about the raid and of the pills found which are believed to have come from Livingston's break-in. "I went down Wednesday afternoon but was not able to talk to the youth, Grandview officer in charge of investigating the raid told me the youth admitted to knowing the whereabouts of the other goods stolen from Livingston's office. I'm certain other arrests will soon be made."

## Reports Car Stolen At Olive Green Store

Jim Crowl, 12895 Olive Green Rd., in Olive Green, reported to Deputy Sheriff Ray Harsh Sunday morning that someone had stolen his car during the night. Crowl, who left his car parked beside Crowl's Store overnight, said the vehicle was locked and the keys were not in it.

## Children's Home Annual Flea Market Is All-Day Sunday

Fifth Annual Flea Market for the benefit of the Delaware Children's Home will be held Sunday at the Delaware County Fairgrounds.

There are 75 dealers who have reserved booths and more will register before opening time at 10 Sunday morning.

There will be antique furniture and dishes, crafts and hobby items, hand paintings and homemade candies.

Food will be served all day by the Auxiliary Board which sponsors the annual affair. The Auxiliary Board is made up of women from eastern Delaware County and they give all proceeds toward the building fund for the Children's Home.

Admission will be 25¢ with parking free.

## Joint Juvenile Detention Board Sets June Bidding

Champane county definitely re-joined the Joint Juvenile Detention Board Monday evening and the architect is scheduled to submit plans to the State for approval within the next few weeks as the joint board shoots for a June 26 opening of bids for the project.

According to Don Fisher, secretary for the board, with Champane's rejoining the board, and the total of \$222,500 in grants from both state and federal funding programs, each county's share, based on tax apportionment, will be even lower.

Total amount the five counties will have to raise is approximately \$97,500.00.

Champane re-entered the project after they had decided last September to try to use existing facilities in their jail. However, with the federal and state funding, their commissioners fear their share will be low enough to support.

## Second Cruiser Put in Service

Second of the three ambulance-cruisers for the Delaware County Sheriff's Department arrived in Delaware this week and Cpl. R. E. Terry of the department says the vehicle should be in service very soon.

"We still haven't heard anything from the radio company about the equipment they are to send us," Terry said, "but we do have two smaller portable radios we are putting in these two cruisers. However, Terry added that the smaller radios don't have enough power to be effective any great distance from Delaware City."

Third cruiser is expected sometime next month, according to Terry, but working the service seems to be worthwhile, limited by communications as it is. "The men have been having no problem answering calls quickly and efficiently so far. We're operating just like downtown."

Big Walnut FHA Receives Third Star Chapter Award

Big Walnut FHA chapter has been given the Star Chapter award for the third year for an outstanding program of work.

There are 364 chapters in Ohio, 60 of these are star chapters. Two hundred chapters have received the award of merit. To receive the award of merit a chapter must receive 75 points on a score sheet in order to be a star chapter a score of 96 must be earned.

The program of work is based on a chapter theme. Big Walnut's theme for this year was "Around the World with FHA". Major activities for the year were collecting \$200 for the American Red Cross, having a speaker from Children's Hospital, Rev. Don Newland spoke on marriage, collected over 2 tons of clothing to be sent to the Red Cross fund, formal dance with FFA, Christmas party with the Varsity Club, Daddy

Date night, international dinner with the Mt. Vernon chapter, baby-sitting for the PTO meetings, served many banquets and the July 4th celebration.

Individuals who were outstanding in the chapter this year were: Claudia Cook, Miss Central II, Rita Brokens, Paul Cunningham leader-ship award winner; Jeanne Piper, Ashley Junior Fair award; Fonda Ashley, Betty Crocker Homemak-

er; Sandy Miller, ranked high in the FHA scholarship; Judy Hill and Kathy Wetherbee were both on the Hartford Junior Fair queen's court; and Dianna Leaf, left to right, are: Karen McCusker, county treasurer; Rita Brokens, class representative; Sandy Miller, 2nd vice president; Dianna Leaf, student advisor; Pat Dittlo, recreation leader; Claudia Cook, president; Jon

Production of Nestlé will be increased at the Sunbury plant of Nestlé's Milk Products, Inc., on completion of the present remodeling program that includes additions to the present building for installation of new modern equipment developed since the war.

Sunbury officials hope their water shortage worries are over since the driller hit a good well on the R. B. McFarland farm near Prairie Run last week. The board of public affairs plans to develop the new well and have it ready to supply water in times of emergency such as have occurred in past years.

Bill Corley aired "So You Live in Sunbury" over station WBNS Sunday afternoon. Mrs. Louise Segwick who had consented to be quizzed told that she had lived here since a few weeks old and recalled the first engine making a test run over the railroad through here in 1912, the two-room school, when the Sunbury creamery paid farmers for milk in gold, and other unusual events of Sunbury's early days.

Application blanks for ration books for babies may still be obtained from Mrs. Florine Cing her home in Sunbury. Mrs. Cing was the ration agent for Sunbury during the war years. The blanks are for registering babies.

The church has added two new members, child support and custody, alimony, expenses and other relief.

## Sunbury Church Holds Consecration Services

Rev. John Hess

Rev. John Hess, district superintendent of the Mt. Vernon District of the United Methodist Church, will present the message entitled "I Believe in the Church" at the Consecration Day service at the Sunbury United Methodist Church Sunday morning.

The new building was occupied and the first worship services held there Nov. 21, 1971, but the building was not formally consecrated. Former ministers and their families and many guests have been invited for the occasion. The time of worship and the order of consecration will be at 10:45 a.m.

Following the morning worship, there will be a covered dish meal which will be held in the Fellowship Hall. After the meal guests will be introduced and group singing and visiting will follow.

So glad to receive a recipe from one of the younger housewives this week. Carol Sherbourne sent us her recipe for 3-Hour Cabbage Salad and I tried it right away. It is really very good with a zip to it that really heats the appetite.

**3-Hour Cabbage Salad**  
1 medium head cabbage  
1 green pepper  
1 sweet onion  
1 1/2 c. sugar  
Dressing  
3/4 c. vinegar  
1 T. sugar  
1/2 c. salad oil

1 t. salt  
1 t. celery seed  
1 t. dry mustard

Chop cabbage, pepper and onion in large bowl. Add sugar and mix. Combine ingredients for dressing in small sauce pan, heat to boiling. Pour over cabbage mixture. Toss. Refrigerate at least 3 hours before serving. Keeps for several days. Must confess, as I had little time to prepare this dish for our dinner, I didn't heat the sauce, but poured it over the vegetables cold and then let stand in the refrigerator for a couple of hours. It was really delicious. The next time, I'll prepare it according to directions. Carol.

## Ground Beef for Family

There isn't any other meat as over-worked as ground beef. There are so many good ways to prepare it and after all it does go farther on the billfold doesn't it. Why don't you try this dish the next time for your family. I believe they will like it.

## Pot Luck Chop Suey Bake

1 lb. ground beef  
1 can cream mushroom soup  
1 can cream of chicken soup  
1 c. celery, chopped  
2 onions, chopped  
3/4 c. water  
1/2 c. rice  
chow mein noodles

Brown meat, mix with remaining ingredients except the noodles. Bake at 350 degrees 1 hour. Ten minutes before end of cooking time cover with noodles. Yields 6 servings.

## For the Vegetable Fix

How many of you have tried any of the vegetable dishes we have been publishing? Do you like them or is it a waste of effort to put them in the

paper? I think many people fail to eat squash as often as they should. It is very, very good for the family. You can either buy the acorn squash in the market and bake them or buy the frozen and doctor it up into an appetizing dish. We'll use the frozen this week.

**Pineapple Whipped Squash**  
In a covered, heavy saucepan heat slowly 2 packages of frozen squash. When warm stir in:

3 T. butter  
1 1/2 t. salt  
2 cans (8 or 9 oz.) crushed pineapple, drained  
2 t. sugar  
1 t. nutmeg

Cover, and continue heating to serving temperature. Stir occasionally. So easy and yet quite good.

## Card of Thanks

I would like to thank all my friends, neighbors, and relatives for the many cards, flowers and acts of kindness during my stay in the hospital. Especially many thanks to Mrs. Jean Scott for caring for the children and staying with me after my return home. Many thanks, Mrs. Laverne Clark.

## Senior Citizens Enjoy Do-Nothing Organization

"We get together to discuss our aches and pains." Senior Citizens of Grace Chapel jokingly commented when asked Saturday what they planned to do in their Senior Citizens Club.

From the way they were eating all these goodies on the buffet table, this reporter doesn't believe they have any aches or pains.

This was the third meeting of this group of older persons since they decided to meet every other month just for fellowship and general chatter over a potluck dinner.

There were only 14 present at the April meeting. They told that several were kept at home by illness. They mentioned the names of Mrs. Ina Fisher, Mrs. Elia Rayel and Mrs. Inez Belcher, as being "under the weather."

It was a happy gang as they sat around the tables. They claim they are a "do-nothing organization"

with Mrs. Helen Freeman, the president, and Mrs. Mona Lita Price and Mrs. Elia Rayel, the secretaries. It all started with their Sunday School Class called the Willing Workers. They have long been the largest Sunday School class in Grace Chapel Church and decided with their teacher, John Price, they would like occasional fellowships without any ties. Members must be 50 or older. "If you don't want to admit to being 50, don't come," challenged Mr. Price. At one meeting there were 24 persons gathered. Among the oldest members are Mrs. Fisher who is 89 and Mrs. Adeline Jennings, 88.

Someone quipped, "We could be called hat-beers or never waa!"

Seated around the tables are those attending the luncheon Saturday. To the left are Mrs. Inez Belcher, Mrs. Gerald Freeman, Miss Hart, Mrs. Goldie Gantz, Leslie Gantz; Mrs. Alton Freeman and Mrs. Laura

Barrows. At the table to the right, seated from left to right, are Mrs. Mary Davis, Mrs. John Price, John Price, Mrs. Ben Fritzsche, Ross Cole, Ben

Fritzsche and Mrs. Hilda Tuller. Three of the members teach Sunday School classes—Mrs. Gerald Freeman, Mrs. Mary Davis and Mr. Price.

## IF YOUR CORN AND SOYBEAN FIELDS VARY IN SOIL TYPE-DOUBLE UP ON WEEDS WITH... LOROX + Lasso

Now there's a better way to control weeds in fields with variable soil type and organic matter. It's a tank mix combination of Du Pont LOROX linuron weed killer and LASSO.

If your field's organic matter varies more than 1% to 2%, you'll get more consistent weed control if you double up with LOROX and LASSO preemergence. This combination provides effective control of barnyardgrass, crabgrass, foxtails,

lambquarters, pigweed, ragweed, and many other troublesome weeds and grasses.

Also, if you're growing corn, you can replant to soybeans if your crop should fail. This gives you both excellent weed control and flexibility in your crop program.

For your supply of LOROX and information on combining LOROX and LASSO, see us today.

## Poor Drainage Delays Planting

By Gerald E. Solt

Delayed field work caused by wet soil is more severe some years. April 1971 was dry and farmers experienced no delay in preparing the seedbed and planting; however, so far this April it has been wet and field work is being delayed.

Tile drainage, really makes a big contribution to successful crop production any year but much greater when April and May are wet. A wet soil is a cold soil. This is because it takes more heat to warm water than to warm soil. When soil is drained, air replaces the water that is drained away. It takes relatively little heat to warm this air. To grow well, plants need warmth and air in the root zone. The bacteria that change organic matter and fertilize into something the plants can use require both air and warmth.

After a wet soil is drained, you

can work it more quickly after a rain. Seeds germinate faster and you get a better stand. And plans do not drown out after a rain.

Crops planted on land that needs drainage often "burn out." In a soil that is nearly saturated near the surface in spring and early summer, the plant roots spread out to the surface. Later, when summer droughts come, the water table falls below this root zone and the crop gets little moisture. In wet tiled land, the roots go down deeper. Thus they can draw on deeper moisture, and the plants are able to withstand summer droughts.

Make tile drainage a part of your farm conservation plan. Tile will serve your farm well for the next hundred years.

Heavy rains cause other damage besides making the soil wet. Soil erosion is another hazard that causes great damage to some fields. Valuable topsoil and nutrients are lost from the farm, gullies may start and all of this ends up as pollution in our streams and waterways. Grass waterways, are first line defense against erosion and gullies. Check your fields. If the natural drainage channels are eroding and small rills and gullies are starting, a grass waterway is needed. Grass not only controls erosion in the channel but holds the silt that may be coming from the cultivated part of the field.

A resource out of place is pollution, keeping the soil from eroding is good conservation and prevents water pollution.

Technical help is available to drainage by contacting the Soil Conservation Service in Delaware.

## Cancer Society Needs More Money to Function

With the high national priority placed on the conquest of cancer, expanded research is expected to produce various new discoveries for diagnosis and treatment of the disease.

When these come out of the laboratories, one of the responsibilities and programs of the American Cancer Society will be greatly increased, according to Dr. G. William Parker, Surgeon and President of the Delaware Unit of the American Cancer Society.

Dr. Parker said, "These findings must be rubbed into the physician and patient. In addition, many millions of Americans of all ages must be gotten into doctors' offices, detection clinics, and screening centers for regular health checkups including cancer tests."

Dr. Parker pointed out, "There is much public misunderstanding about the different types of cancer and spasm about going for annual health checkups. We're already busy bringing all sections of the public up-to-date about the latest developments and the urgent necessity for checkups."

In the field of service to the cancer patient, American Cancer Society rehabilitation programs for laryngectomy and breast operation patients - the International Association of Laryngectomies and Reach to Recovery - have been most successful.

When new developments in chemotherapy, radiation, and surgery put additional types of cancer on the

Church Women Observe May Fellowship Day

Church Women United of the Big Walnut Council will hold May Fellowship Day at the Galena United Methodist Church May 5 with the business meeting to begin at 11:00 a.m. The theme will be "Behold the Woman".

The luncheon for adults will be provided by the Women's Society of Christian Service. Parents are asked to provide sack lunches for the small children. Milk will be available for the children.

Mrs. Kathryn Boor will be in charge of the program which will be at 1 p.m., immediately following the luncheon.

We wish to thank all those who in any way helped to make our golden wedding anniversary a most joyous day to remember.

Mr. and Mrs. James W. Jones

curable list and as more thousands of patients are saved, obviously there will be an even more overwhelming need for such rehabilitation, informational, and educational programs," said Dr. Parker.

The idea of private cooperation with public agencies to best serve the public has been a cornerstone of the Society's program, he pointed out.

It has been his experience that more government money going into cancer research attracts new scientists and our applications for grants will also increase," said Dr. Parker.

"Because of the new national programs we are worried that we will not have the money to fund many new applications."

It means that the Society is now called upon to do a much bigger job in the public interest, he said.

"We want to wipe out cancer in your lifetime - together we can get it done."

**MILK IS A GOOD BUY**

Milk production in the U.S. was up 1.3% in 1971, over 1970 production. "This is the second consecutive year milk production has exceeded that of the previous year. The U.S. production for the first two months in 1972 was up 2.2% over comparable months in 1971.

In Ohio, 1971 milk production was up only 1.0% over the 1970 production rate. The number of cows being milked has been declining during the past few years and the number of dairymen has continued to decline. These dairymen remaining are milking larger herds and are getting more milk per cow. In Ohio last year, the average production increased about 200 pounds per cow.

The dairymen's ability to get increased production from his cow assures the consuming public an adequate supply of milk at an attractive and competitive price. Milk continues to be one of the best and most economical sources of protein, vitamins and minerals.

The high quality protein in milk helps develop good posture in children as well as adults. Good posture relates to bone structure which in turn relates to the mineral content of the human diet.

High quality protein is required to build healthy, lean tissue and muscles. Minerals are required to build strong bones and good teeth. Vitamins add a spark to life. Milk is an excellent source of these essential food ingredients.

Jerry Cutler with Coach Tom Roegerman

## SPORTS WINDOW

By JACK BRENN

Jerry Cutler and Russ Meade combined their efforts Monday and Tuesday afternoons to pitch their Olenyang baseball team into area baseball history as they no-hit Dublin and Franklin Heights. To my know-

ledge, back-to-back no-hitters have never been put together in the area and I can't even remember a single no-hitter in recent years. Their feat stands out even more when you consider the weather which was very cold, rainy and windy both days. I had the pleasure of witnessing the first four innings of Meade's masterpiece Tuesday afternoon before being forced to the warm confines of my car. It has always been said that you don't do just that as he took the mound in the first inning. I'd call that "pressure plus" and he really came through. Olenyang, who holds the honor of making the farthest advance of any team in the area in tournament play (they went to the Regional finals several years ago) now has another feather to add to their lengthening war bonnet. New coach Tom Roegerman and every member of the school district, plus all sports followers in the area, are extremely proud of their marvelous feat. A two-man best ball tournament is set for Sunday at the Sunbury Golf Course, the first event of the year being started by the tournament committee recently organized by the club. Working on the committee, assisted by pro Norm (Brownie) Kintz, is Mr. and Mrs. Howard Starnitz, Tom Keating, Chuck Lehman, Judy Sumway, Crawford Carter, Jim Butler and Patti Carey. Other two-man events scheduled for all Delaware County residents will be the Delaware Co. Amateur two-ball on May 21 and the Men's Invitational set for July 16. The Delaware County Women's Amateur is also set for the Sunbury Club July 17 and 18. Vice Chickarella will conduct his second baseball camp this summer on the Capital campus with the first of five one-week sessions getting underway June 25.

# Back-to-Back No-Hitters By Cutler, Meade Put Braves Back in Metro Race

Senior righthanders Jerry Cutler and Russ Meade are the latest members to be added to the growing list of outstanding Delaware County athletes by virtue of mound performances Monday and Tuesday afternoon.

Cutler broke a three-game Olenyang losing streak Monday afternoon as he struck out six and walked seven in beating Dublin 8-1. Meade came back Tuesday to strike out 10, walk 3 and hit two batters in taking Franklin Heights 9-2.

Cutler, in winning his no-hitter, brought his record to 1-2 on the season, while Meade was winning his third straight game. The two victories, both in Metropolitan League competition, lifted the

Dick Meloy, assistant coach, and Fritz Plinke, athletic director, will also be on the staff. "Chick," recognized as one of the finest coaches in the game, holds a four-year 76-21 record at Capital. Applications are being taken at Alumni gym with the fee \$90 for an on-campus participant and \$60 for commuters. Chickarella is to be reached by calling 235-6911.

Big Walnut grad Joe Jacobus, now a junior at Cap, finished the year as No. 4 scorer for the Crusaders, with an average of 12.3, barely missing the No. 3 position claimed by Bob Arnold with 12.5. Mike Stumpf led with 16.1, just beating Scott Weakley who averaged 16.0. Jacobus is currently on the Cap cinder squad and was their leading point getter in two recent meets.

Highland track teams will participate in the third annual Fredericktown Invitational set for Saturday starting at 3:15 with field events. Eleven teams, including four from the Mid-Ohio, are entered in the competition. Features of the meet is a steepchase race, the only one known for high school boys in the state. This 2200-yd race includes five hurdles, one of which is a 8' x 12' pit of water, thirty inches deep. This event is the last one of the afternoon session.

"Big Daddy" of drag racing, Don Carlitz, will headline the special dragster program set Sunday at Dragway 42. Carlitz will be racing three of the top challengers for the crown of success he has earned driving the rear-engine Dodge-Powered AA/Pul dragster. Gates open at 9:00 a.m. for classification and time trials with the day's racing program getting under way at 1:30. Dragway 42 is on Rt. 42, four miles from the West Salem exit of Interstate 71.

A big fun night is planned at Big Walnut tomorrow night with the annual Powder Puff Bowl pitting the senior girls against the juniors. Game time is set for 7:30. At Olenyang, their Powder Puff game was held last Friday with the Seniors winning over the underclassmen, thanks to two touchdowns by Debbie Seales. The Physics Club, sponsors of this event, netted \$560 and this money will be used to pay for the club's trip to Oak Ridge, Tenn. Richard Beaver's horse, Doc's Toughe, won the first race at Beulah Park Tuesday by eight links and paid \$1.60. Vincent Clark was in the saddle on the Galena horse.

Braves back into title contention with their 3-2 mark. They stand 4-3 overall.

This afternoon the Braves will host West Jefferson in a game slated to start at 4:15. Saturday host Columbus DeSales in a twin bill starting at 10:00 a.m. and next Monday play at Cardington at 4:30.

Rice Leads with Two Hits  
Steve Rice paced the Braves' 6-hit attack against Dublin, pounding out two singles in three times at bat. Curt Livingston had a triple and Meade a double for other hits that went for extra bases.

The Stamrocks scored their lone run in the second inning as they used two walks and an error to place a run and this was as close as walking eight. Taylor took the loss with his record dropping to 1-5 on the season.

Fourteen Errors Committed  
The cold, windy 50-degree weather failed to hurt Meade's pitching Tuesday but it made fielders' chances difficult to handle as the total of 14 errors in the game illustrates. The Braves were charged with eight miscues, five of them coming in the fourth inning when Franklin Heights scored their two runs.

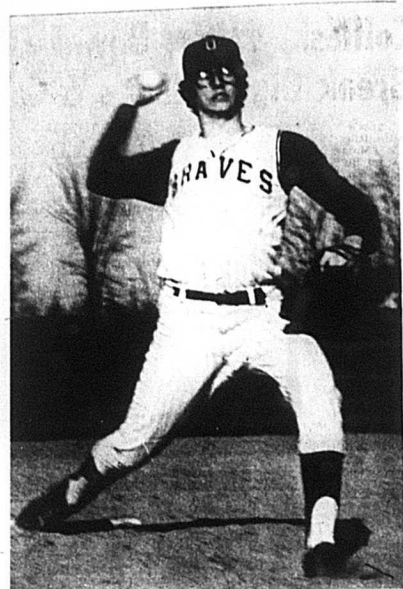

The Braves put themselves on the scoreboard in the third inning when they used two hits to score two runs. Catcher Mark Knoff opened with a single and stole second and came home as Steve Rice pounded out a long triple to left field. Rice then came on to score on an infield out, giving Tangy a 2-0 lead.

After Heights tied the game in the top of the fourth, the Braves came back to score four runs on three hits in the bottom half of the inning to put the game out of reach.

Rice finished the game with a single and triple, Curt Livingston had a single and a double, and Robin Roll closed out with two singles. Taylor and Matheny worked on the mound for the losers, giving up nine hits while fanning five and walking eight. Taylor took the loss with his record dropping to 1-5 on the season.

## Adkins' Relief Pitching Leads Brave JV's to 4th Straight

Mike Adkins came in to relieve in the third inning and shut out Dublin over the remainder of the distance to help to Olenyang's Reserve team win their fourth straight game of the season, winning 7-6 over Dublin Monday afternoon.

The Braves, trailing 6-0 after two and a half innings, fought back to tie the game and send it in to overtime by scoring two runs in the third, fourth and sixth innings.

Mike Fracasso was hit by a pitch in the bottom of the seventh and Dave Houghton came in to run and eventually scored the winning run by dashing across home plate on a passed ball.

Fritz White led Tangy batters, going 2 for 3, while Adkins accounted for two RBI's and Marty Crossbie, Fracasso, Craig Henry

and Doug Lawson all had one RBI apiece.

Adkins struck out nine in his four innings of relief work with Mike Rannebarger behind the plate. The Brave JV's are now 2-0 in the Metro league.

Knoff, Rice Score First Tangy Runs

Catcher Mark Knoff, who caught two straight no-hit games, is shown above streaking across with the first Brave run in the third inning after getting on base with his single.

The second photo shows Steve Rice scoring on an infield out for

Tangy's second run. Rice drove in Knoff with a long triple. He had two singles as the Braves beat Dublin Monday and came back Tuesday with a single and triple against the Falcons.

# Colflesh, Wade, Downing Lead Barons to 7th Win; Break Big Walnut's 6-Game Winning Streak 11-1

A week's layoff from diamond activity failed to show on Buckeye Valley Monday afternoon as they thrashed Big Walnut 11-1 on the Eagle's Sunbury field, chalking up their seventh straight win of the season.

The Dick Meyer coached team rode the strong 5-pitching of junior Phil Colflesh (5-0) to their fifth straight Mid-Ohio Conference win of the season. Jeff Wade and Rick Helton, who both went 3 for 5, and Larry Downing, who socked out a long 2-run homer in the third inning, supplied the muscle at the plate as BV pounded three Big Walnut pitchers for 11 hits.

The loss broke a six-game winning streak for Big Walnut and with their loss to North Union Tuesday (See other story) practically eliminated them from league title consideration. They are now 3-3 in the loop and 7-8 overall.

Last night the Barons were scheduled for the third time against Marion Harding, today face Fairbanks in a 3:45 p.m. game at Fairbanks; Saturday play Granville in

a double header starting at 1:00 at Radnor; and Monday host North Union in an MO contest at Radnor at 4:00.

## Big Walnut Takes 1-0 Lead

Coach Jim Marshall's team jumped off to a 1-0 lead in the bottom half of the first inning as Gene Hall singled and came home as catcher Mike Roof drove out a double. That was all the runs the Eagles could produce as Colflesh bared down and shut them out over the remainder of the distance with relief help from Phil Smith in the 7th.

Buckeye bounced back in the second inning to tie the game as Rick Helton singled and came in as Paul Nicodemus singled. In the third inning the Barons scored five runs on four hits to put the game out of reach.

Tom Brumby started it off with a single, Wade singled and Keith Thompson also rapped out a one-base blow to drive in Brumby. Helton then singled to drive in Wade. Thompson, trying to score, was caught on a perfect throw at home and was tagged out.

Larry Downing then drove a pitch onto the tennis courts scoring Helton ahead of him. Jim Bryant walked, Colflesh walked, and Rob Dodge singled to drive in Bryant.

In the sixth BV added three more runs as Wade was safe on an error. Thompson walked and Helton singled to drive in both base runners. Nicodemus was safe on an error. Bryant walked and a balk scored Helton from third base, making the count

9-1.

Wade singled to open the seventh. Thompson singled with Jeff Acker going in to run, and Helton then drove out his third hit of the game to drive in a run. Downing drove in the final run on a fielder's choice.

Colflesh finished the game with seven strikeouts while walking two; and reliever Smith gave up no hits while striking out two in the seventh. Wayne Hale of the Eagles struck out 3, walked two and gave up six

runs in three innings; Gerry Low struck out 2 and walked two and gave up three runs in three innings; and Fred Berry struck out two, walked none and was tagged for a pair of runs in the seventh.

## Seven Big Walnut Errors Give Pirates 4-3 Win

Seven Big Walnut errors, with two of them allowing the tying and winning runs to score in the bottom of the seventh inning, dropped Big Walnut to below .500 on the season Tuesday afternoon at North Union.

The Wildcats, trailing 3-2 going into the final inning, used two batted balls on routine grounders to the Eagle infield to score two times to pull out 4-3 victory. The win was North Union's second of the year.

The Eagles, now 7-8 on the season and 3-3 in the Mid-Ohio, were scheduled to play against tough Lakewood yesterday here; entertain Cardington here this afternoon at 4:00; play at Cole Academy Friday at 4:00; go to Northridge Saturday at 1:00; and play at Northmor Monday afternoon, also at 4:00.

Wayne Hale, who came on in relief of Fred Berry in the sixth inning, was the victim of the Eagle errors, dropping his record to 1-3 on the year. He struck out 1 and walked 1 in his two innings after Berry fanned four and walked 9 in his five innings.

Jeff McElroy went the distance for the Wildcats, giving up nine hits to the Eagles while fanning 7 and walking 3. Brent Culver went 2 for 3 with an RBI to pace Big Walnut; Low was 2 for 4 with and RBI and Counts 1 for 3 with and RBI.

## 'YES YES for JVS'

Means:

## BETTER EDUCATION!

No Increase In Total Tax!

\$\$\$

## HOW?

The 10% reduction in property tax voted by the legislature means we can have our JVS for no more taxes than most of us are now paying. In some cases it's even less!

## WHY?

The 10% tax reduction in most cases is more than the cost of the JVS bond issue and operating level combined.

## BARON GOLFERS BEAT INDIANS FOR 4-0 RECORD

Buckeye Valley easily defeated Mt. Glead Tuesday afternoon 8 1/2 - 1/2 to hike their overall record to 4-0 on the season. Don Hartsock led the Barons as he took medalist honors with a 44, beating Bachelder

of the Indians who had a 61. Ron Kuhn of BV and Kubbs tied at 49-all, Lynn Hinshaw shot 48 to beat Kurtz who had a 53, and Greg Fryman shot 52 to win over Lackey who totaled 53.

The Barons host Cardington today and play in the Mid-Ohio League meet tomorrow (Friday) at Blackhawk. Next Monday they meet Hilliard at Riverview.

## Over \$1 Million Spent In County by VA

The Veterans Administration spent over \$1,253,505 in Delaware county last year according to Lucius M. Merritt, acting director of the VA regional office in Cleveland. Total expenditures for the state of Ohio amounted to \$459,038,767.00 according to Merritt.

The largest segment of the expenditures was for compensation and pension payments which amounted to \$261,097,593.00. Of this total Delaware county received \$892,954.00. Compensation is paid to veterans who received some sort of disability while on active duty. Pension payments go to disabled veterans who have little or no income because of disabilities suffered since service.

In Delaware county the VA spent

\$194,771.00 for readjustment and vocational rehabilitation costs. These figures include the costs involved in the GI Bill which provides money for Vietnam veterans to attend colleges, technical schools and below college schools. Statewide VA expenditures promised to

\$56,950,658.00 for these benefits. Insurance and indemnities account for \$148,660.00 of the county's share of VA expenses. Ohio veterans received \$43,473,648.00.

Merritt said construction and related costs throughout Ohio amounted to \$427,363 in fiscal year 1971.

## Eagle Golfers Beat Catholic For Seventh Straight Win

Big Walnut ran their dual meet record to 7-1 on the season Monday afternoon as they clipped Mar- lion Catholic 7-2 in a match played on the Sunbury Golf Course. They were scheduled at John-

stown yesterday afternoon, partici- pating in the Mid-Ohio Cham- pionship Friday at Blackhawk starting at 9:00 a.m., and play at Mt. Gliesd Tuesday.

Gary Condit fired a 40 to beat Jack Casey who had 48 to win medalist honors against Catholic. Charlie Gambill won over Kevin Hartman 43-46 in the No. 2 match. Rafael Castriello recorded a 45 to beat Dan Saver who had a 46, and Scott Conant and Ed Schrock fought to a 48-41 standoff although Conant took the point edge 1 1/2 - 1/2.

Big Walnut totaled 177 strokes to 187 for the Irish. In the reserve match Big Walnut won 8 1/2 - 1/2 over the Catholic JV's. John Lane and Gary Perfect both 49 to win over Dan Hrehov and Chris Wagner who had 51-57 respectively. Mark Perfect lost to Greg Candler 54-56 while Larry Layton, with a 44, easily defeated Max Norris who skied to a 64.

Upcoming games for the Eagles, other than their May 5 tourney game against Gals Academy at Sparta are unknown, since the News has no schedule or roster.

## HIGHLAND LOSES 8TH STRAIGHT BY 4-3 COUNT

Highland's baseball team dropped their eighth straight game of the season Tuesday at Northmor, with the Knights scoring a run in the bottom of the seventh to pull out the 4-3 decision.

Danny Webb and Gary Grizzle shared the mound duties for the Scots with Art Kanagy leading the hitters by going two for three. Fresh Brent Winand scored a pair of runs and had a hit for Highland.

## Which Will Reign as Powder Puff King?

King candidates for Big Walnut's annual Powder Puff Football Game are shown above with the lucky winner to be announced at halftime of the girls' game set for Friday night at 7:30 on the Big Walnut football field. On the left to the front is freshman Terry Richardson with sophomore Dave Counts on the right. To the rear on the left is junior Dale Davis with senior Eric Martinale on the right. "These guys have gone through stiff eliminations to reach this pinnacle of success, but they are not finished yet. One of

these guys will become the 1972 Powder Puff Football King," said a Big Walnut spokesman.

This game pits the Junior girls against the Seniors and entertainment includes the band, drill team and other halftime entertainment. Admission is \$1.00 for adults and 75¢ for students.

Following the game a Sade Hawkins Dance will be held in the gym with the King and his court reigning over the festivities. Admission is \$1.00 stag and \$1.50 drag.

## School, Citizen Differences Are Aired at Olenlangy Board Meeting

For the second meeting in a row the Olenlangy School Board met before a packed house Monday night to move their meeting from the Board room to the Library in order to accommodate the 125 people present. This being their regular meeting, a closed work session took place before the regular meeting.

Attending the Board meeting was County Superintendent Smith Runyon and newly appointed high school acting principal, Mrs. Eleanor Gay. The Board remains at a four man Board until the appointment by the state of a new member. They have 20 days left to meet the legal requirements of appointment.

The newly formed Citizens group, COSIE, asked the Board to consider replacing Supt. E. D. Bellville in light of the recent happenings in the district. E. D. Bellville, the man for the group, presented a three point plan in which he related to the Board the results of an opinion poll conducted in the community in the last three days which showed an apparent dissatisfaction with Bellville's ability "to foster good teacher, parent, student relationships."

The second point concerned the Board vacancy for which the group submitted a petition bearing the names of those citizens whom they wish the Board to consider when they choose a new member. Mrs. Paul Howard, Orange Twp., Mr. Tom Hall, Liberty Twp., and Dr. Charles Reiner, Berlin Twp., all agreed to have their names placed on the petition and expressed their willingness to serve if chosen," stated Mr. Marquis.

At the end of Marquis' presentation, he challenged the Board, "You need our help and cooperation and we need your openness, cooperation and help. The members of COSIE then distributed a printed list of 35 questions which they asked the Board to consider.

The list deals mostly with student and teacher morale; student fees; questions on student discipline; equipment mismanagement; class funds that have been left in the school activity fund and are now, so the group stated, "not available"; lack of substitute teachers when regular teachers are absent.

Representatives from the Olenlangy Citizens Committee were presented by the recently elected president of the group, Ray Culbertson, who had asked for input on the agenda.

Dr. Bob Gardner, Orange Twp., lauded meetings such as this board meeting where he stated "groups are offered a chance for real communication" and he ended with making a plea for harmony and cooperation within the district.

Dwight Scott, Berlin Station Rd., and former Board member was then asked by Mr. Culbertson to explain the workings of the Board and administration. He stated that "ninety percent of the decisions are made by the administration". Mr. Scott recommended Bellville as the highest qualified of the three superintendents he served under as a Board member and called for the "minority" group to end criticism and dissent.

Russ White, Worthington Rd., remarked to the group that he had checked with the State Department and learned that Olenlangy has "the least drop outs and the smallest drug problem in the area."

Mr. George Gerkins, Olenlangy River Road, told the group he had attended both meetings of the Citizens Advisory Council and the COSIE and his suggestion was that both groups attempt to work together and be suggested to the Board that they "use the authorized group to help solve some of the problems". Another spokesman for the Citizens Advisory Council was George Davis, Hyatts Rd., who informed the group that he did not know of either meeting but felt both groups should work

together with the administration to solve the existing problems.

Mrs. Dorla Huffman, Powell, a member of the Citizens Advisory Council Executive Committee, stated that she did not know that the Citizens committee had asked to be on the agenda, but she felt that the prime interest of the Board and group at this time should be the Joint Vocational School issue. She questioned why the Board spends extra money on sports and nothing on Vocational judging teams, etc. and encouraged the Board to "support vocational education at Olenlangy with its dollars."

At the recommendation of the County Superintendent, the following contracts were approved. Mrs. Betty Gurnes, Mrs. Aglae Moulaison and Mrs. Martha Shoup were all granted continuing contracts.

Five year contracts were approved for Mrs. Betty Berry and Mrs. Carl Donavan. Receiving three year contracts were Kenneth Zarbaugh, Dolores Warner, Nancy Tompkins, Marguerite Spear, Alena Runyan, Robert Pottinger, Bonnie Mack and Gertrude Fobes.

Two year contracts were approved for Donald Davis, James Eakman, Karen Eakman, Scott Langdon, Josephine Martin, Catherine Griffin, Jane Slocum and Craig Weaver.

On-year contracts were awarded to Pamela Watkins, Mrs. A. Broard, Richard Chitty, Kinca Davidson, Steven Park, Connie Huddleston, Frank Jayne, Ruth King, Rebecca Donovan, David Krumer, Janene Lacey, Alice Lacher, Sandra Madson, Thomas Roetgerman, Rita Schumacker, David Swindler, and the resignation of Mrs. Opal Rea, a cook for many years at Orange School and more recently at the Middle School, was accepted and the Board voted to grant a letter commending her years of service to the Olenlangy Schools.

The Powell Mothers' Club had a representative speak to the Board concerning the paving of the playground. The group has been given \$700.00 toward the project and has contacted the County Engineer Fred Stults for his advice. The Board gave their promise to look into it and decide at their next meeting.

The summer baseball program was presented with a request being asked as to what the Board intended to do about a director for it. This, too, was tabled until more information was available on it and the two groups can meet to discuss it.

A representative group of students from the high school were present mainly to present a request for a field trip by the Physics Club to Oak Ridge, Tenn. Since it is a school group and since it does involve a member of the faculty, Mr. Bellville wanted board approval. The Board granted the approval for the trip and was greeted with a round of applause by the group in attendance.

The next regular meeting of the Board will be the third Wednesday of the month. A work session was scheduled for May 3 when those items of business which were tabled will be discussed. These include the sale of the Orange School property since a request has been submitted through the Brad Salt Realty for the possibility of using it as a school. Mr. Cutler stated that since there is a building recommendation committee, he felt they should first be given an opportunity to study it. Mr. Bell, Board president, told the group that right now they had to put their time on the passing of the JVS and would try to study it in the near future.

## Urge Residents to Vote for County Joint Vocational School

Volunteers from Big Walnut, Buckeye Valley, Olenlangy, and Delaware City school districts will be calling on friends and neighbors between now and May 2 to ask them to "Vote Yes Yes for JVS."

General chairman for the JVS campaign, Richard Wetherbee, explains that the double "yes" vote is required for both a bond issue and operating levy so that the Delaware City-County Joint Vocational School can meet state requirements by 1974.

Volunteers plan to take information to the people through a program of personal calling, as well as through a general information mailing being sent to every household in the four school districts.

"We're trying hard to let people know what JVS is and what it can mean to our county," Wetherbee explains. "It means jobs. It means new industry because we have a trained work force right here."

"One thing it doesn't mean for most of us," Wetherbee comments, "is more taxes than we have been paying." He explains that the 10% reduction of the dollar amount of taxes called for by the legislature is more than the millage cost for JVS district.

The bond issue is for 95 mills and the operating levy for 2.5 mills. The bond issue will pay the county share, \$2,070,000, for the \$4 million cost for building and equipping the school. Matching funds will come from the state and federal government.

Wetherbee points out that this matching money for building is one big difference between vocational schools.

## John Spangler Dies At Mar-Jon Farm

John W. Spangler, 78, of Mar-Jon Farm at Berkshire, died early Friday morning at his home following a long illness.

Mr. Spangler was a retired school administrator. He received his bachelor of arts degree from Ohio Wesleyan University and his master's degree from Columbia University. He was superintendent of the Kent City Schools when he retired from the public school work.

After his retirement from school work, he was employed by the Veterans Administration with the rehabilitation of veterans of World War II. He was a veteran of World War I.

Mr. Spangler moved to Mar-Jon Farm in the late 1940's and was well-known for his registered hogs and cattle.

He was a member of the official board of the Asbury United Methodist Church.

Surviving are his wife, Marea; three sons, Clarence of Dallas, Tex., Robert of Orange, Calif., and Paul of Piqua; 12 grandchildren; two brothers, Ralph of Maple Heights and Paul of Wooster; two sisters, Mrs. Nellie McGuire of Chargin Falls and Mrs. Ruth Clabaugh of Phoenix, Ariz.

Funeral services were held Sunday afternoon at the Bennett-Brown Funeral Home with the Rev. Thomas Taylor officiating and burial was in Oak Grove Cemetery.

funding and that for regular schools. Local districts are completely responsible for regular building programs.

"Can you imagine getting that much building for our young people at the small cost of less than \$1 per thousand?" he asks. Wetherbee also points out that areas where a vocational school is already operating are already receiving funds from the state.

"Let's bring some of those dollars we pay in state taxes home to Delaware county," he asserts.

The state also pays minimum salaries for vocational teachers, plus 15% to cover retirement and sick leave benefits, plus \$4,000 per teaching unit to cover overhead costs.

"It might seem that with all that aid from the state, we wouldn't need an operating levy," Wetherbee comments but explains, "Minimum salary schedules are below what it takes for qualified personnel. The operating levy makes up the difference."

Commenting on the need for vocational education, Wetherbee points out that "60-65% of our Delaware county young people go right into the job force following high school graduation." He emphasizes that these young people need to have a job skill.

"It's not just for the kids, though," Wetherbee asserts. "Experience shows that the lights burn late at other vocational schools because adults take night classes to improve their skills, too!"

Plans call for the school to enroll approximately 800 high school juniors and seniors in a building to be centrally located in the county.

Members of the JVS Board of Education, representing both city and county residents will take necessary steps toward construction immediately after a "Yes Yes" vote on May 2.

## Navy Makes Changes In Recruiting Programs

U.S. Navy is now offering a variety of programs for qualified personnel. The following programs: cache program; regular Navy male recruit enlistment program; seafarer, airman program; occupational specialty school guarantee program; advanced electronics program; nuclear field program; regular Navy female recruit enlistment program; and 2 x 6 reserve program.

Recent changes to recruiting programs make it possible for qualified personnel to enlist for 3, 4, or 6 years, according to Navy Recruiter MML R. E. Soule.

For further information contact Navy Recruiter Soule at 12 S. Sandusky St. in Delaware or call 362-5822 for an appointment.

## Kilbourne Woman Dies

Miss Margaret Compton, 67, of Kilbourne died Friday morning in Jane Case Hospital. She is survived by three brothers, Joe and Stan of Sunbury, Ellis of Raleigh, N.C. Graveside services were held Monday morning at Sunbury Cemetery with Rev. Norman Gend officiating and in charge of DeVore Funeral Home.

### STATE REPRESENTATIVE 66th DISTRICT

#### TO THE VOTERS OF DELAWARE COUNTY

I wish to take this opportunity to ask for your support and vote at the May 2nd Primary. I will need every possible vote out of Delaware County in order to have an opportunity to succeed in this effort. Because of the vast area of Franklin County now included in the new 66th District, I will be unable to conduct a Campaign of personal contact as I would like to do. However, I would trust my record of service as your County Commissioner is evidence of my ability, if given the opportunity, to serve as your State Representative.

Your vote and support is most urgently solicited. I trust I can count on your tending the home free while I campaign in the new areas of the District in Franklin County.

Thanking you for past efforts and for your support in this undertaking.

Warmest regards,  
Don E. Fisher

Delaware Reservoir at Highest Level Since 1959

Looking out across the large expanse of water that cuts off gaining entrance to the beach house is David Brehm, son of News photographer Jack Brehm, at the Delaware Reservoir Tuesday morning.

The water behind the flood control dam is backed up to its second highest in its existence, Steve Robinson, camp manager told the News. (In 1959 it was 10-feet higher than when it's highest level on Monday.)

The gates on the dam were opened Monday and the water level has been dropping since that time. "We're going to have a big clean-up mess," said Robinson.

## On the New Book Shelf at Community Library.

Catherine and Loren Broadbent have written a training manual for Little League parents and titled it *Laughing and Crying with Little League*. This is a funny book, but also has wise tips on how to cope with critical situations, on the diamond and off.

**Creative Ways with Flowers** by Carr. Another new and beautifully illustrated flower arrangement book to add to the extensive collection on the subject. The author was born and educated in China.

Those who enjoyed reading Pearl Bailey's *The Raw Pearl* will also enjoy her new book *Talking to Myself*. This is a free-swinging collection of how Pearl feels about the state of the nation, the American family, the entertainment world, and many other things.

**The World Book of Children's Games** by Arnold, is a selection of and adaptation of 100 best games from all parts of the world. In this TV-addicted world, children have become estranged from the game and play culture, and this book can help restore this lack. The beautiful old-fashioned illustrations are delightful.

For all those many interested in Frankenstein and other monsters, Count Dracula, and assorted ghosts,

**Hauntings, Tales of the Supernatural** by Mazzoni is a collection of stories by famous writers. Weird illustrations throughout carry out the ghostly theme.

**Curious Punishments of Bygone Days** by Alice Morse Earle. This little book, a gem of genuine Americana, while not always pleasant, has humorous aspects. The ducking stool, the drunkard's cloak, the bilboes, the whipping post, the scarlet letter, and others are all described, and we wonder if then, as now, did the punishment fit the crime?

**On Growing Up Tough** a memoir by Taylor Caldwell. All the lovers of her novels will want to read about her childhood, which was anything but idyllic.

There will be many, many new books come out on China now and this is one of the first. *China Returns* by Klaus Mehnert, is about the people of China, by one who has had close association with that country over 40 years. Definitely not a book of politics or social analysis, but a warm, colorful account of life in China today.

On the new book shelf at Community Library you can find the following books:

At *Drop of a Veil* by Alireza. The true story of an American girl who lived twelve years in an Arabian

harem; a fascinating trip into another world.

**When Your Child Needs Help** by Shaw. A psychiatrist looks at the emotional problems of children. This is a serious explanation of major disorders and their treatment.

Two tragic new books, *Go Ask Alice* and *Wasted*, are factual accounts of drug addiction and what it can do to two young lives. The first is written anonymously by a young girl who kept a diary. The second is a father's experience dealing with the problem. The son started on marijuana and ended up confined to a mental hospital with schizophrenic psychosis.

Don Wilkerson, who wrote *The Cross and the Switchblade* and *The Little People*, has written *The Upstaged Generation*, a book with practical suggestions on counseling the addict, the alcoholic, the runaway, and other confused youth.

For sports fans there is a beautifully illustrated new book on baseball called *This Great Game* as well as *Tony Conigliaro's Sealing It Through* by Mr. Clutch. Jerry West Story, and the controversial Bernie Parrish's *They Call It a Game*.

Anyone over forty should be interested in Ken Murray's *The Golden Days of San Simon*. Many pictures of Hollywood stars and their friends and of beautiful San Simon itself.

The latest edition of *Guinness Book of World Records* has arrived. This fascinating volume has many unusual and unbelievable facts.

## Watching Our Men In the Service

James L. Nelson

U.S. Air Force Staff Sergeant James L. Nelson, son of Mr. and Mrs. Thomas A. Nelson, Rt. 1, Radnor, has been named Outstanding Crew Chief in his unit at Seymour Johnson AFB, N.C.

Sergeant Nelson was selected for his leadership, exemplary conduct and duty performance as supervisor of a maintenance crew. He is a member of the Tactical Air Command which provides combat units for air support of U.S. ground forces.

The sergeant completed a year of duty at Da Nang AB, Vietnam, prior to his assignment at Seymour Johnson.

He graduated from Buckeye Valley High School in 1965. His wife, Candace, is the daughter of Mr. and Mrs. Roy Hickson of 505 E. High St., Ashley.

\*\*\*

Westley A. Wenger

Airman Westley A. Wenger, son of Mr. and Mrs. A. L. Wenger of 10515 Adams Road, Galena, has graduated at Sheppard AFB, Tex., from the U.S. Air Force aircraft mechanic course conducted by the Air Training Command.

The airman, who was trained to repair current Air Force jet fighters, is being assigned to Laredo AFB, Tex., for duty with a unit of the Air Training Command which provides flying, technical and basic military training for USAF personnel.

Airman Wenger is a 1970 graduate of North High School, Columbus. His wife is the former Susan M. Nelson.

\*\*\*

Lewis E. Faulkner, II

Private Lewis E. Faulkner, II, whose parents live at 2465 Africa Road, Galena, is assigned to Ft. Ord, Calif., where he is training under the modern volunteer army field experiment.

The new concept, called Volar, combines basic and advanced individual training into a single 16-week program. Decentralized instruction at the unit level and a reduction of formations and inspections gives the soldier more time to train and increase off-duty time. Fewer restrictions on off-duty travel and improved living facilities are other benefits of the Volar concept.

Pvt. Faulkner began his training with Company B, 2nd Battalion, 2nd Brigade on Mar. 22 and is scheduled to complete the first phase on May 19.

The 18-year-old soldier attended Otentangy High School.

## ORANGE RESIDENT ENDORSES JVS

Dr. Clinton E. Tatch, president of Columbus Technical Institute and a long-time Orange Township resident, today endorsed the proposed Delaware City-County Joint Vocational School bond issue and operating levy.

"The joint vocational high school will provide students with specialized job training to fill the needs of local business and industry," Tatch said. "I also feel that the vocational school will equip its graduates with the necessary knowledge to enroll in a two-year technical college, such as Columbus Tech."

Located in downtown Columbus, Columbus Tech is one of 17 technical colleges in Ohio. It has an enrollment of 1900 students and offers associate degrees in applied business or applied science in the areas of business, engineering, health, community services and public services.

# VOCATIONAL EDUCATION

## Why Should You Vote "Yes" "Yes"?

### OTHER COUNTIES NOW USE OUR TAX DOLLARS

Your tax dollars paid to the state are already going to vocational education in areas where a Joint Vocational School exists. Let's bring some of those tax dollars home to Delaware county. We must qualify by voting FOR the JVS to get state funds for our young people.

### HELP REDUCE UNEMPLOYMENT, WELFARE

When two thirds of our students in Delaware county are not receiving the kind of education they need to obtain jobs, they are more likely to be unemployed, underemployed, or on welfare. As a taxpayer, that affects you! The need for unskilled workers is disappearing. Practical job-training courses for the 60-70 percent of our Delaware County students who do not go to college is needed.

### REDUCE COST OF STATE REQUIRED PROGRAM

Our four high schools just don't have the room to add approved vocational programs required by the State of Ohio by September 1974. Some vocational education programs require special rooms and equipment. It is far less expensive to build and operate one comprehensive Joint Vocational School.

Besides, with the 10 percent reduction in the dollar amount of your next tax bill (by state law) the Joint Vocational School can be built and operated with no increases in the taxes most of us have been paying.

### HELP MAKE BOYS, GIRLS, AND ADULTS MORE EMPLOYABLE

Vocational education can provide a more employable population. Young people and adults. Boys and girls. Men and women. The unemployed. The underemployed. can take training to equip themselves to support their families. That affects all of us.

## Drake for 86 th District House Seat

Only about three weeks away is what will be perhaps the most confusing Ohio primary election in a decade, when voters shaken up like so many peas in a pod by Democratic gerrymandering asking themselves twin questions: "What district am I in, anyway?" referring to the misshapen new districts which often resemble a snake or a pretzel, and "Who's that guy?" referring to strange candidates from far-away areas who wear up and down that some part of Crawford county is in their district.

But fortunately, in at least one district race the second question does not apply. In the 86th Ohio House District, which includes all of Bucyrus south of Irving St., all of Galena and six townships in the county, there is a veteran former Republican legislator whose record of service to Crawford county during nine two-year terms is well known.

He is Terry E. Drake, 52, Galena real estate broker and former first assistant state fire marshal, who when he was first elected in 1946 was one of the youngest legislators in the General Assembly. During his 18 years there he compiled a remarkable record of attendance and voting on virtually every issue.

A calm and steady influence. In his last two sessions in the legislature, Drake was a member of the powerful House Rules Committee. During his terms he also served on the Commerce and Transportation, Elections and Federal Relations, Mines and Natural Resources, Military Affairs and Liquor Control Committees.

He was chairman of the Mines and Natural Resources and Liquor Control Committees in past sessions and also chairman of the War Orphans Scholarship Board.

During the 1965 session he was the main sponsor of the bill providing state aid for senior citizens in the public library, but he worked quietly and effectively in the legislature before and we believe voters of the 86th District, which also includes part of Marion, Delaware and Wyandot Counties, will find that he will do so again if he survives a three-way GOP primary battle May 2 and goes on to win a return to the legislature in the November general election.

Also endorsed by former representative Earl Jenkins and State Representative Ken Crenshaw, Drake gave his district full-time service before and undoubtedly will do so again. He is not the flamboyant type, making many speeches and pontificating in the public limelight, but he worked quietly and effectively in the legislature before and we believe voters of the 86th District, which also includes part of Marion, Delaware and Wyandot Counties, will find that he will do so again if he survives a three-way GOP primary battle May 2 and goes on to win a return to the legislature in the November general election.

## Big Walnut Trophy Winners Try Again

Big Walnut High School will host its second band festival tonight, Thursday at 8:00 with Steve Gensel, in, tenor sax player from Columbus, the guest artist.

Pictured are three BW bandmen who will be performing in tonight's band program. Left to right are John Lane, Mark Wurm, and Jim Overturn. All three won outstanding soloists' trophies at last year's event.

Four schools, Delaware Hayes, Buckeye Valley, Cardington and Big Walnut will participate. The bands will not be competing but individual players will compete for trophies. Outstanding trumpet, trombone, woodwind and rhythm soloists will be awarded trophies.

To earn the trophies, the winners from last year will have to be surpassed as all four will be appearing again this year. Those from Big Walnut who won last year were John Lane, Jim Overturn and Mark Wurm. Jim Overturn, outstanding rhythm player from Buckeye Valley last year, will also be competing again.

The public is invited to attend the musical. Admission will be \$1.00 for adults and 50¢ for students.

## Bar Association To Promote "Law Week" at Big Walnut

Next week is "Law in Your Life Week" and students at Big Walnut High School will learn more about the law from two members of the Delaware County Bar Association, Monday, "Law Day U.S.A."

Juniors and seniors at Big Walnut will talk with former assistant prosecutor and local practicing attorney, Levitt Clapham, Monday morning as part of national observance of the indispensable rules of law and courts in American life.

Monday afternoon, former municipal court judge and present Delaware County judge, will address the two classes, also at Big Walnut.

According to the Bar Association, the purpose of "Law in Your Life Week" and "Law Day U.S.A." is to foster an abiding respect for law which is essential in a free society, and to remind us that in all our private and public affairs, we are safeguarded by laws of our own making, administered by courts in which the rights of citizens are equal.

## July 4th Committee Planning Celebration To Be at High School

Special committee of both Big Walnut FFA and FFA met with citizens of the community Thursday evening to discuss plans for the 1972 July Fourth celebration. Only about 10 persons from the community were present.

Main discussion focused on the community church service to be held July 2 and the ways to raise money for this year's fireworks.

According to the committee, the year the planners are again asking for donations, "because without your help the display cannot be as spectacular as it has been in former years."

All of this year's activities will again be held at the high school. Young Farmers met Tuesday night and will again run the Garden Tractor Pull. Classes for this year's pull will include, all weights including driver, 800 lbs. and under, 1200 lbs. and under, 1400 lbs. and under, modified, 800 lbs. and 1200 lbs. and under limited to Delaware county residents, and 1200 lbs. and under power puffs. ## OLIVE GREEN NEWS . . .

## Local Garden Club Honors Member

By Mrs. Opal Eastham

The Olive Trail Garden Club met Wednesday afternoon, Apr. 19, at the home of Mrs. Homer Lott with nine members present. Mrs. Daniel Scholl, president, presided for the meeting. Topic for discussion was "Gardening for Busy People". Charlotte Orland spoke briefly on "Friends in My Garden—Four-footed, Two-footed or No Feet at All". She also conducted one of her brain teaser quiz type contests on "Flowers & Vegetables". This was won by Mrs. Robert Lloyd. At the conclusion of the business meeting, the guests had a little surprise party for Mrs. Lott; each one had brought along her own tea bag and some cookies. What a lovely assortment, chosen from Mrs. Lott. Lott was invited to delay his work and partake of the goodies, too. I think Mrs. Lott was quite pleasant—surprised with the whole bit and despite the rainy day, it was a most enjoyable afternoon.

## Club Outing Is May 11

All members and guests of the Tri-County Home Craft Club who plan to go on the annual outing will meet at Porter Grange Hall at 8:00 a.m. on Thursday, May 11.

One of the club members, Mrs. Lou Hess, from up Mt. Mansfield, was admitted to Morrow County Hospital, Mt. Gilead, last Thursday. I wish her a speedy recovery and hope she will be able to go on the trip, too.

## Church Notes

On Sunday morning, May 7, there will be a vote on the pastoral recall for the Olive Green Church of Christ in Christian Union. On Wednesday, May 10, there will be an evening election of officers for the church.

Rev. Fry previously refrained from playing the church records on the amplifier Sunday morning for the past three weeks to see if there would be any reaction from the congregation or neighborhood and not one person asked him why they weren't being played. Maybe we have become immune to synchronization.

Willing Workers from the Olive Green Church met Tuesday morning at the home of Mrs. Paul Osborn near Marengo with 12 members present. The group served coffee and cake for the Daily Vacation Bible School. So good to hear Mrs. Carl Surgenon back in circulation and able to attend, she had been ill for quite some time. These ladies are going all out in

their efforts to plan a bigger and better Daily Vacation Bible School this year and the time is rapidly approaching.

## Rebekahs Have Installation

Rebekah Lodge No. 451 of Olive Green held its installation of officers at its regular semi-monthly meeting on Thursday night with sixteen guests present. Mrs. Hazel Decker was the installing officer.

## Attend State Meeting

Mrs. G. L. Crowl of Olive Green, Mrs. Helen Kern and Ruth Buell of Kilbourne, and Happy Moore of Delaware attended the Decoration of Chivalry of Rebekah Lodgers at the Neil House, Columbus, Sunday evening.

## Other News of Area

Mr. and Mrs. Cleus Harding had as their houseguest last week Mrs. Hazel Ott, Mr. Harding's sister, from Stone Creek over in Tuscarawas county.

Mr. and Mrs. Lewis Fleak accompanied Mr. and Mrs. Mack Sherman of Galena to Pataskala on Wednesday where they visited Mr. and Mrs. Lacy Tobias. They all visited Mr. Miller in Granville.

I want to wish Mrs. Frances Rical a happy birthday. She is Apr. 27. Many, many more, Frances.

Just received word that my brother-in-law, Raymond Tennant, is a patient in University of West Virginia Medical Center Hospital at Morgantown. He is a veteran of World War I and is suffering from a heart condition and has had to have a pacemaker inserted. Also his daughter, my niece, Mrs. Jessie Davall, is in the intensive care unit at the hospital in Alexandria, Va. She suffered a heart attack last week.

Congratulations to Mrs. Stuart Caudill, 5013 County Home Rd., who designed the wiring flag for Delaware county. The contest was sponsored by the Delaware Jaycees. Barbara is a former local girl, the daughter of Mr. and Mrs. Carl Layman. So we, too, feel real proud of her accomplishment.

Mr. and Mrs. Homer Lott called on Mrs. Maude Garver Sunday; she has been a patient in the hospital at Mt. Gilead for quite some time. A double shower resulted when two friends, unaware of each other's plans, invited guests to a shower for the other. Those involved were Mrs. Linda Roshon of Sunbury and Mrs. Wally Disbennett, Jr., of John-

stown who had planned a shock shower for Mrs. Eskham Hayes, Jr., of Olive Green. She had invited friends to a shower for her sister-in-law and about forty guests were present for the event which was held on Sunday afternoon in the Fellowship Hall of the new United Methodist Church in Sunbury. Guests were from many areas, including Columbus, Croton, Johnstown, Alexandria, Delaware, Sunbury, Ashley, Westerville. Grandmothers and prospective grandmothers included Mrs. Eskham Hayes, sr., Mrs. Wally Disbennett, sr., of Johnstown, Mrs. David Newell. A great-grandmother-to-be was Mrs. Ida Powell of Sunbury. Refreshments were served by the co-hostesses, Mrs. Robert Jones, Mrs. Jack Stimmel and Mrs. Richard Scholl also attended from this area.

Old Porter Grange Hall really hummed with activity Saturday as things got underway for the annual smorgasbord. Mrs. Robert Lloyd made the beautiful basket cake. Karl Keene had the lucky number for this Mrs. Lucille Harding sort of master-minded the whole thing. She also donated a pretty cushion which Mrs. Homer Rader won on our ticket.

I must say I have been very annoyed with the deviousness of some of the telephone sales people. One day last week, a lady called and gave me a big spiel about some company she purportedly was representing. She told me for an answering a question I would be awarded a 48-month subscription to some magazine, also my husband would receive several free copies of Popular Mechanics magazine. About this time, I began to doubt the authenticity of this deal and I told her I could not afford to buy any more magazines and bang up went the receiver in my ear with not even so much as a thank you. But then, maybe that gal was runner-up in a rudeness contest. In my book she would have won it. Harold Rittenhouse, Pomona master from Delaware, met with several members of Porter Grange at the grange hall Wednesday evening in a special meeting to make firm plans for Grange Degree Day to be held at Porter Grange in May.

Mr. and Mrs. Homer Rader and Mrs. Hazel Horlocker attended the funeral Monday afternoon of A. Lott Young Services were held at the Bennett-Brown Funeral Home in Delaware. Burial was in Oak Grove Cemetery.

## Appreciates Help in Presidential Classroom

Thanks to three local firms and a service club, Big Walnut senior Dan Saver spent a week in the "Presidential Classroom" in Washington, D.C.

Shown here receiving a check for \$225 to cover expenses from BW

Principal Estel Miller, Saver says the week-long study of government was really a great experience. Money was donated by the Sunbury Lions Club, Dollar Federal Savings & Loan, Delaware County Bank (Galena Office), and The Farmers Bank Branch of First National Bank of Delaware.

Son of Mr. and Mrs. Edward Saver of Sunbury, young Saver left for the Washington experience the day after BW completed its basketball tournament play. He was on the varsity squad.

Creditors are required to file their claims with said fiduciary within four months. Dated this 18th day of April 1972. Paul W. Barrett, Probate Judge of said County.

## Government Pays Two-Thirds of Health Costs for People 65 and Over

Government pays for two-thirds of the health bill of people 65 and over, compared to one-fifth for people 19 to 64, and one-fourth for those under 19, according to Joseph S. Willard, social security district manager in Marion.

"According to a study of people's medical and hospital expenses in fiscal 1971," Willard said, "the health care costs for people 65 and over totaled \$18.7 billion. Government funds paid \$12.7 billion, or 68 percent. More than half of that—\$7.5 billion—was paid for by Medicare."

The bill for young people under 19 was \$11 billion—of which 27 percent, or \$3 billion, was paid for by Medicaid and other government programs. For people 19 to 64, the bill was \$30.7 billion—of which 22 percent, or \$6.7 billion, was paid for by government funds, the study shows.

Medicare is Federal health insurance that helps pay the health care bills of almost everyone 65 and over. "Medicare payments last year amounted to one-third of all health care payments made from government funds," Willard said.

Medicaid is the Federal-State program that helps pay the health care bills of needy people of all ages. Medicaid payments amounted to one-fourth of the total payments

made from government funds, according to Willard.

Health care payments by the Veterans Administration, the U.S. Department of Defense, and State and local agencies were included in the study.

The study was conducted by the Social Security Administration, which administers Medicare.

## Curriculum Coordinators

by Marian Whitney

(Continued from last week)

Leon Lee, curriculum coordinator for Olenyung School District, has also organized a new type of grading system in that district to start next fall.

The district will start what is called the Leveling Program in the first three grades as the first step in what will some time be a school-wide concept.

Mr. Lee told that there will be no first, second and third grade next fall; rather, there will be 13 levels of work into which the children of these established grades will be placed. The leveling program will be based primarily in the reading and math areas.

"In this program, the children will progress at their own speeds. Any child needing more instruction will remain for a longer period at a specified level. In this way, we hope to eliminate failure altogether," he told.

The leveling program is geared to four steps—outstanding progress, good progress, satisfactory progress, and little progress.

"An exceptional child in grade one might be able to complete 4 levels in the normal 9-month period. The following year, he will simply pick up at the level in which he finished the preceding year," he continued.

Starting with this new program, instead of being known as first, second and third grades, the entire group will be simply known as the

## Primary School.

The work will not be departmentalized, according to Lee, but the teachers will work as a team, a concept similar to the non-graded schools.

Olenyung district now has two kindergartens. Mr. Lee estimated that 30% of those kindergarteners from this year will start at the second level.

"This form of instruction will permit more individualized teaching. In the case of a child with reading deficiencies, it will broaden his reading. Or, in the case of a child having trouble in reading or math, it will spearhead the instruction directly to the child's weakness," he explained.

When asked the criteria for determining the various levels, Mr. Lee explained that the normal development of a child determines the various levels. Altogether, there will be 13 levels in the Primary School.

He told that the school is using the Economy phonetics method, plus Economy supplementary material. They also use Scott-Foreman material. "We have plenty of supplementary material both of the more difficult type and the easier type, which can be geared to a child of varying ability."

The selling point of this new system of progress, according to Mr. Lee, is that it erases the stigma of failure. "There will simply be no failure in the future. The child will not leave a particular level until he has comprehended the material and mastered it."

According to Mr. Lee, the new system starts only in the Primary School this year. Plans are being made to continue it into the Intermediate unit next.

When asked how the children would be placed this first year in the various levels, Mr. Lee explained that three criteria would be used in placement—teacher evaluation, test results and performance.

For the most part, children will remain with the same work for the full school year. "However," he explained, "it may be necessary to move a child for various reasons to a faster or slower moving group. This step is done carefully and cautiously after there has been a teacher-parent conference," he assured.

To a question: What happens to children who are not ready for the intermediate after three years in the primary? Mr. Lee explained, "Since no levels of learning are omitted in the primary plan, there will be a small percentage of children who will need to be placed as fourth-year primary students in order to complete the required skills."

No student will be progressed beyond his own age group. If a child completes all requirements at a given level early, he will be provided with an enrichment program where he will be challenged to wider areas of learning.

When asked about students entering the system from other districts, Mr. Lee explained there would be no difficulty in placing them. "The information coming with the child from another district will be evaluated by the principal and the child placed accordingly." He explained that there would be difficulty in a child moving from Olenyung district to one using the traditional grading systems since the levels are geared to the various reading and math books.

## Where Do You Vote - Who Will Direct Your Voting Precinct?

# Genoa, Liberty Townships Have New Precincts This Primary

Tuesday's Primary Election marks the first election since the "re-precincting" of Genoa and Liberty townships last December, and many residents, as well as some of those who might have missed them elsewhere, will want to know exactly where they will vote and how they will find the polling place.

Because of the enormous list of delegates and alternates for the Democratic National Convention each precinct in the county besides that of Westerville City, will have eight persons working at the polls election day. Each precinct will have a presiding judge, three judges, and two clerks, plus two counters which will help with the tabulating after the polls close.

Presiding judge represents the party whose registered voters polled the most votes in the last gubernatorial election in that precinct, and as in last fall's election, all precincts besides Shawnee Hills, Powell, and two in Delaware city will have Republican presiding judges this Tuesday.

News includes maps of the two "re-precincting" townships to show the boundary lines for voters in those townships. Liberty township now has four precincts and Genoa has five, based upon the population and number of registered voters in them.

Following is a list of several of the precincts in the county, including where you will vote and who will be staffing your polling place. Presiding Judge, in each case, is the first name listed, and last two are extra counters.

Miss Esther Fravel is slowly improving at home following recent surgery on her right shoulder.

May Still Register  
Pre-School Children

Parents of youngsters who will be entering kindergarten in Big Walnut Schools next fall may still register children, according to the district office.

Pre-registration last week in individual buildings brought totals of 60 kindergartners at Sunbury, 23 at Harlem and 30 at Galena.

"We need to know the exact number of youngsters we will have next fall, if at all possible," comments Supt. Hylen Souders, "so we can buy the proper amount of supplies and secure our teaching staff this summer."

Parents of children who will be 5 years old on or before Sept. 30 should go to individual elementary schools to register their children. Also, children entering first grade at Big Walnut next year should be registered at individual buildings. They must be 6 years old on or before Sept. 30.

Early entrance testing for children who are not of legal age to enter school, will be conducted during the weeks of June 5-9 and June 12-16. Appointments for testing may be made through the County Board of Education (363-1945) during the month of May.

Sunbury Operators Win Trophy in 22-Office Competition

Pictured above are the Sunbury toll operators gathered around the board at the Sunbury office during their party Tuesday noon shortly after being presented with a trophy for winning first place in competition with 22 other offices of United Telephone.

Seated to the front of the photo are, left to right, Grace Stevens, Mildred Morton, service assistant, Lois Maroney and Osell Warner. Standing around the back are Carolyn Sears, Wanda Blanton, Betty Collins, Dorothy McGibbin (to the rear), Jean McAllister, Pauline Dearing, Dorothy McKenzie (to the rear), and Rosalie Webb. The only operator

missing from the 13-member staff was Norma Cunningham.

Ed Ault, traffic manager of the Sunbury office, told the News the office was presented their trophy (on the left in the photo) in competition started by the company to improve service. Division Manager Ken Seymour made the presentation.

Four categories, worth 25 points each, are rated throughout the month with the winner determined by the highest number. Answer time, percentage of calls completed by direct dial, calls through operator and percentage of error are the four categories.

The Sunbury operators averaged 7.9 seconds in answer time and had an error rate of less than 1% which helped their winning effort. "We're not trying to show anybody that we don't have problems, but we are trying to correct these conditions," said Ault.

## STATE ISSUES IN PRIMARY

(Continued from Page 1)

pose, by the sale of a large number of tickets, certain of which, after the sale, entitle the holder to prizes. Lottery are now illegal.

If this is approved by the voters it will become effective January 1, 1973.

The other state issue will cover with one vote many changes in articles of the constitution relative to the administration, organization, expenses and procedures of the General Assembly, the election of the Governor and Lieutenant Governor and the duties of the Lieutenant Governor.

Two college students filed suit on the legality of the Resolution for the Amendment to the State Constitution and it is now in the Supreme Court of Ohio for consideration.

At the present time, the resolution stands as advertised in this paper, and if voted upon next Tuesday will be handled as on ballot.

If it isn't voted upon in this manner, it will not be voted at all at this Primary election as it is too late to change the ballots.

Regarding the enactment of laws, the revision eliminates the requirement that a bill must be read on three different days and requires instead consideration of a bill on three different days. It also prohibits passage of a bill until it has been reproduced and distributed to members of the house in which it is pending. The resolution would eliminate the requirement that bills

which have been passed be signed "publicly" by the presiding officers and require instead, that they simply be signed.

The joint resolution to be voted upon would also permit payment of allowances for reasonable and necessary expenses to members of the General Assembly. Allowances are not permitted at the present time.

The resolution also prohibits members of the General Assembly from holding any other public office, whether lucrative or not. It would require the General Assembly to meet annually. However, under the new provision presiding officers of the two houses will be permitted to call the General Assembly into special session where now the Governor alone has this authority.

Another change would permit the adjournment of one house of the legislature for five days instead of the two days currently, without the consent of the other house. The change would require that both houses choose presiding officers from their own membership and designate these presiding officers be Speaker of the House and President of the Senate.

Another big change would require that the Governor and Lieutenant Governor be elected as a team, similar to the election of the President and Vice President of the United States. Also permit the General Assembly to provide for the joint nomination of candidates for these

## County School Board Delays Action on COSIE Request

Meeting in regular session Tuesday night, the Delaware County Board tabled the request by the COSIE, a citizens group from the Orlensburg School district who at a special board meeting requested the removal of the curriculum coordinator, Mr. Leon Lee, from the district. At that meeting attended by about 250 people the group was assured that the Board would "make a decision" as their next regular meeting. A delegation representing this group attended Tuesday night's meeting and were also informed that the petition by law had to be included in the minutes of the board meeting and therefore is public material not to be kept confidential as the group had requested and been assured of at the special meeting. Mr. Lee, who still has a year to go on his three year contract, is still at the Orlensburg School and is also employed by the local Board part-time. Several of the County Board members questioned the advisability of allowing the coordinators to be locally employed and Mr. Runyan assured the members that he had taken the matter under consideration and was looking into it. No decision on Mr. Lee's position was given. In other Board action they adopted salary schedules for non-certified personnel in keeping with new laws. All three attendance officers were granted salaries of \$550.00 a school year plus transportation costs.

Mr. Runyan reported on meetings that have been taking place with the negotiating team at Big Walnut where he serves as a member. Two members of the administration plus representatives of the teachers group serve on this group along with the county superintendent. Several times during the meeting Mr. E. D. Belleville, Orlensburg Superintendent, was asked to comment. "Ten years ago I could handle everything in a district but there is so much paper work now that it is impossible," he stated. However, he said "Since going to Orlensburg I have taken over the duties of 2 1/2 people there."

The question of the relationship

of the curriculum coordinator was brought up at various times during the evening and the question of the Orlensburg School Board paying for a part-time secretary for Curriculum Coordinator Mr. Lee was discussed. In the other districts general secretarial work is done in the main offices.

Newly appointed Board member Ronald Jackson asked why competent teachers could not be assigned to the Title program work and paid extra just as coaches are for athletics.

Mr. Runyan was granted time and expenses to attend the meeting of Ohio County School Board Administrators at Hueston Woods in May.

Mr. Runyan who had attended the Orlensburg Board meeting the night previously presented his Board with the questions the citizens group had given to the local Board. The County Board discussed them briefly. They were concerned with the groups accusation concerning Mr. Lee not relating well to teachers and were told by Mr. Belleville that Mr. Lee had taped every meeting and he would be happy to have the group hear them. At this point Mr. Charles Gooding, Board member, asked Orlensburg Superintendent Belleville if he knew of a tape and other personal things having been stolen from the Berlin School recently. He went on to say that the head teacher there had taped a meeting with Mr. Lee for the use of two teachers who were not able to be at the meeting. This tape is part of the items missing. The County Board all stated they would like to hear some of the tapes.

Audits and how they are made were discussed and it was stated by Mr. Runyan that the state does do this about every two years. All the County Districts have this coming up within the next year.

The Board was adjourned by 9:30 p.m. Representing Orlensburg besides the representative group of citizens were Mr. Belleville, superintendent, Mr. David Warner, Middle School principal, and Mr. Robert Curdume from the Orlensburg Board.

HOW?

The 10% reduction in property tax voted by the legislature means we can have our JVS for no more taxes than most of us are now paying. In some cases it's even less!

WHY?

The 10% tax reduction in most cases is more than the cost of the JVS bond issue and operating levy combined.

# VOCATIONAL EDUCATION

## HOW MUCH WILL IT COST ME?

NOT AS MUCH AS YOU MIGHT THINK!

Because of action by the Ohio Legislature, taxpayers will see a dollar reduction in their tax bills the last half of this year. That 10 percent reduction in tax dollars will in most cases be more than offset by the JVS's increased levy commitment. That means a cut in the amount of a better education for ALL OUR YOUNG PEOPLE and pay no more taxes than we have been.

## IF YOU'RE ON A FIXED INCOME

Caught between knowing how much young people need an adequate education and knowing additional tax dollars must come out of a fixed income has been a problem for many of our citizens. The Homestead Exemption makes it possible for these citizens to vote what they know is right. File with the county auditor by June 1, 1972 to qualify for this tax exemption. Vote for the young people of Delaware county May 2.

## HOW MANY ACTUAL DOLLARS

If your home has a market value of \$25,000, the JVS will cost you about 47 cents a week. A small amount. Subtract from that the 10 percent reduction in the dollar cost of your taxes, and it's even less. A home valued at \$15,000 market value, will have a weekly tax of 28 cents, less the 10 percent.

## JVS IS AN INVESTMENT

Voting "Yes" "Yes" for JVS is an investment in our young people. Offering them marketable job skills in high school will help them be self-supporting members of the community. They will be earning more money, paying more taxes, and not be swelling the ranks of those on welfare.

## EDUCATION DOESN'T COST; IT PAYS

Adults in our community who are unemployed or underemployed can learn new job skills through Joint Vocational School evening classes. Those new skills will pay off for them and for the entire community.

**"All Work and No Play" . . .**

The notion that OVERWORKING the brain can cause a "NERVOUS BREAKDOWN" is a popular fallacy.

It stems from the mistaken comparison of mental strain with physical fatigue. One can easily become overtired by bodily toll. But overworking the brain is another matter. . . . Within a lifetime no one ever uses more than a fraction of his potential brain energy.

The truth is that a "Nervous Breakdown" is more likely the outcome of a long list of emotional conflicts. In time they accumulate, and when the victim has more than he can bear - a crisis results.

With prompt therapy, a patient is usually relieved from his troubled state; but there's always the danger of recurrence.

## Plan Round-up for Highland Kindergarten

The Highland School District will conduct a pre-registration for students who will be attending kindergarten class for the 1972-73 school year (also any student who will be in grade one next year but did not attend kindergarten this year).

This pre-registration will be held on two days and all parents effected are urged to take their child to school on these dates: Chesterville Elementary School May 8 9:00-11:30 a.m. and Marengo Elementary School May 11 9:00-11:30 a.m.

The Highland Lions Club will conduct an eye examination for these children and also pre-school children at these two schools during registration time.

## L-K BLUE RIBBON STRIP STEAK

The old timers will remember this steak as the "Butcher's Steak". In past years when they butchered on the arm — or when small proprietor butcher shops were still in vogue, the one piece of meat that was always savored for its tenderness, flavor, and delicacy is the very same steak which we call our Blue Ribbon Strip. This is the steak that graced the butcher's or the farmer's table following the butchering. It very rarely reached the market, therefore it became known as the butchers' steak and did not become as well known to the general public. This steak is found in the front quarter of the beef inside the rib cage and therefore very easy to cut out of the beef without affecting any other part of the carcass. It grows lengthwise and only about one inch thick, therefore it is necessary to cut it with the grain. This is the main difference between the more familiar steak cuts and our Blue Ribbon Strip; but it comes closest to the Tenderloin in its overall tenderness and flavor. We hope you like it.

Four Approaches to JVS Expressed

Four individuals have four different approaches to the need for a Joint Vocational School here in Delaware county, judging from essays winning awards in the JVS Campaign contest.

Pictured above standing Steve Thomas, George Speese and Lyle Byers, president of JVS Board. Seated left to right are Pam Moffett and Laura Sechrist.

First prize winner, George Speese of Delaware city, asks, "Do you want to save money? Would you like to get more for your money? Of course! Here's how: SUPPORT THE DELAWARE CITY-COUNTY JOINT VOCATIONAL SCHOOL in May."

Hayes senior, George E. Speese, 151 W. Lincoln St.

He goes on to support his idea in an essay titled "Make a Wise Decision" by pointing out that Joint Vocational School is required by the state by 1974. "You will be required to support such a program," he mentions the certainty of rising building costs as an argument against postponing building. He also speaks of "getting more for your money" by having four school districts combine financial resources to "obtain the best of everything, rather than maintaining on program with the 'best vo-ag teacher' another program with the 'best home economics teacher', and still another with the 'best shop teacher'."

Laura Sechrist, Big Walnut freshman and daughter of Mr. and Mrs. Richard S. Sechrist, 392 Greenbrier Rd. in Sunbury, mentions advantages of a JVS for both college-bound and non college-bound students. She introduces the idea that, "A student attending the school would become acquainted with students from three other school districts in perhaps the student could gain a new type of flexibility from the exposure to different people in different situations."

She concludes that the school would "surely be a vital addition to our growing school system. The school would give hope for a new future for all."

After outlining the opportunities presented students through a joint vocational program, Pam Moffett of Olatangy says, "I am writing this essay because this is what I enjoy doing. If Delaware county had a vocational school, it would give other students a chance to do what they would like to do."

Write-in candidates for Central committee from their respective precincts include: Ashley A. Robert A. Tilton (R); Ashley B. Edmund R. McCurdy (R); Marlboro, Billy O. Thompson (D); Thompson, Lowell D. Taylor (R); and Troy, Martha T. Law (R).

Stephen Thomas, Buckeye Valley senior, keyed his essay to the need for job skills to help people be independent citizens of the community.

"In the ideal case," according to Stephen, "a young person is transformed from a potential burden on those around him to become an asset to his family and community. Above all, he becomes a stronger and more prominent individual in his own right. He is given identity."

Young Thomas is the son of Mr. and Mrs. William L. Thomas of 412 East High St., Ashley. High School students throughout Delaware county were invited to enter the contest by the campaign committee. First prize winner, George Speese, received a check for \$15 and the three honorable mention winners were awarded \$5 each.

## 86TH DISTRICT

ther to accept zoning by means of the proposed zoning plan set up by their township trustees. Troy is one of the five townships presently in the county which has no zoning.

Some persons in Porter twp., Highland School District, will be voting on an additional tax levy of 2.3-mills for the Gateway Joint Vocational School District. That levy is for the acquiring and improving a site for the district with the necessary buildings as well as for providing for current expenses for the district.

Central Committee Candidates for the various precincts in these districts include the following who will have their names either on the Republican ballot or the Democratic ballot of your precinct.

Sunbury A. Harold E. Curren (R); Richard B. Paul (D); Sunbury B. John G. Whitney (R); Richard C. Sears, Jr. (D); Galena, Mary M. York (D); Ashley A. Mary E. Kimble (R); Berkshire, John W. Spangler (R); Brown B. Walter N. Humes (R); Fawn M. Jones (D); Oxford, W. Claude Thurston (R); Porter, Homer Lott (R); Radnor A. David R. Thomas (R); Radnor A. Walter G. Perry (R); Thompson, Hazel Mae Young (D); and Treanton, Sherman R. Conant (R).

Write-in candidates for Central committee from their respective precincts include: Ashley A. Robert A. Tilton (R); Ashley B. Edmund R. McCurdy (R); Marlboro, Billy O. Thompson (D); Thompson, Lowell D. Taylor (R); and Troy, Martha T. Law (R).
