

Area's Weather Reminds Many of Winter's of 1977, 1978

Weather folks are referring back to the winters of 1977 and 1978 for comparison with what we've had so far this winter.

This week has brought us a double whammy - lots of snow Sunday evening, with zero temperatures, both over the weekend and into the first part of the week.

News photographer Josh Lehman snapped the above photo from atop

the Hartford Rd. bridge over Big Walnut Creek. Monday afternoon, Creek is nearly completely frozen, and Sunday night's additional 10 inches of snow formed a white blanket of insulation over everything.

But Tuesday's and Tuesday night's temperatures really let the bottom out. Temperature fell continually Tuesday morning, bottoming out

about -14 degrees, before plummeting again at sunset to a low of 26 under clear skies that night.

Weatherman says we've had about 26 inches of snow this winter so far, and it's just past the middle of January. That's comparable to the winters of 1977 and 1978, the year of the blizzard.

Municipal Court Starts Traffic Safety Program

Traffic Safety Program

Delaware Municipal Court has begun an innovative program to allow certain traffic cases to be dismissed if the violators agree to attend a traffic safety course, the National Safety Council's Defensive Driving Course.

Judge Everett Krueger this week began the program which his office points out, "is the first program of its kind in Ohio."

"Drivers will learn traffic safety in the course. We have an insurance rates by taking the course and not showing a violation of their driving record," Judge Krueger explains.

Adult traffic violators with certain minor violations, such as speed, stop sign failure to yield, and electrically controlled traffic lights, will be dismissed if they attend the eight-hour traffic safety course. They would still pay the \$75 court costs, but would then have their traffic case dismissed, the judge explains.

At present, the Delaware Area Chamber of Commerce's Safety Council is offering the Defensive Driving Course on a regular basis, the judge's office explains. There is a \$40 course fee on top of the court costs.

Should response justify it, the course will also be offered in the Delaware area, Judge Krueger says.

Judge Krueger explains that similar programs have been created, by statute, in states such as Illinois, Indiana, and Michigan. His court will experiment with the program to see how effective it is.

The purpose and goal of this program is to ensure safer drivers on

the roads and highways of Delaware county," Judge Krueger concludes. It will also enable defendants to protect the integrity of their driving record, should they wish to, the judge adds.

New Secretary Joins Payne Insurance Agency

Sandra "Sonnie" L. Foltz, the newest member of Payne Insurance Agency, Inc. in Sunbury, is shown performing one of her duties as secretary/receptionist helping customers over the telephone.

Foltz took over the responsibilities of Karen "Kathy" Siskin's responsibilities. Kathy, who lives in Gahanna, had worked for the insurance agency for 12 years.

Foltz, who has lived in Westerville for 21 years, previously worked for a Grant Insurance agency in Westerville for 10 years, until the owner retired and sold that business.

She is a licensed property, casualty and life insurance agent, having been in the insurance business for

approximately 17 years. She is a notary public as well.

The new Payne Insurance employee adds that she has taken classes in order to stay up to date with the insurance industry.

Foltz says that as she becomes familiar with the agency's operation, she will work as an agent there, while retaining her secretary/receptionist duties.

They (Jerry Payne and agent Steve Brown) have been so nice to me," Foltz says. "I really like Sunbury."

She has four sons - Jeff, 27, and triplets, Chad, Brian and Kevin, all 22.

New Juvenile, Probate Court Facilities Open for Public Inspection Saturday

Following photographs show just a sample of what people who attend this Saturday's open house will see at the juvenile and probate courts new facility in Delaware.

This open house will be held from 11 a.m. until 3 p.m. at 88 N. Sandusky St.

Probate and Juvenile Judge

John L. Laudens, main courtroom at the new facility is shown in the top picture. The building has a smaller courtroom that he presides

over as well.

The juvenile and probate courts leased facility (Sandusky Street entrance) is pictured at bottom left.

Court administrator Stuart Berry is shown sitting in the new facility's group room for families in the bottom right photo.

Berry says this former retail store and, more recently, warehouse cost \$600,000 to renovate, which was done by the building's

Juvenile, Probate Courts Plan Open House for New Facilities

by Karen Calrelli

People who visit the new Delaware County Juvenile and Probate courts this Saturday, Jan. 22, will see a more dignified and calmer environment compared with the former facilities, says court administrator Stuart M. Berry.

This Saturday's open house will be held from 11 a.m. until 3 p.m. at the new building, 88 N. Sandusky St. directly across the street from the Delaware County Courthouse.

The open house is co-sponsored by the court, the Delaware County commissioners and the Delaware County Bar Association.

Local juvenile and probate staff members will give guided tours through the facility to the public.

"It's a public building, and the public has a right to see it," Berry points out.

He says the more dignified, calmer

and quiet atmosphere allows offenders to feel that justice is being served because respect is shown for them and their parents, and the more relaxed atmosphere does not make them feel so nervous.

Berry adds that the new facility also allows attorneys and their clients to talk confidentially, whereas in the former offices in the courthouses they had to discuss cases in the hallways.

The court administrator points out that the juvenile and probate sections are separate from each other in the new facility.

"Minor offenders are separate from hard offenders," he says.

Berry says the much-needed additional space also has been a boost to the staff's work production.

"Staff members are now more able to do their jobs because they have the space. They were crowded at the old offices," he says.

This abundant space allows the staff to deal more confidentially with families as well.

The only problem with this additional space is that it is more difficult for the staff members to communicate with one another. Berry says the employees were so crowded in the former juvenile and probate offices in the county courthouses it was easy for them to interact with one another.

The new facility took nine months of planning and renovation, though Berry says moving the probate and juvenile courts had been an approximately 8-year-old issue.

Discussion of moving from the

county courthouse to another building intensified last February. A committee of three or four met with architects and researched documents about what makes one facility had more when renovating.

The original plan was to move in July, but there was a disagreement about signing the contract, according to Berry. Then September was the target date. That target date turned into a Dec. 3 moving period, with the facility ready for business Dec. 7.

The former retail store has 13,000 square feet of space and is three to four times larger than just the previous third floor juvenile and probate offices in the county courthouse.

Berry says this site was chosen for the probate and juvenile courts due to its proximity to the county courthouse.

"We liked this facility because we had to have proximity to the courthouse because attorneys go back and

Berkshire Twp. Re-Organizes for Year's Business

Berkshire township Board of Trustees appointed the following to their respective posts during the 1994 re-organizational meeting held recently:

Sylvia Hartsook, chairman, representative to the Delaware County Regional Planning Commission; John D. Hause, vice-chairman; Gilm Hale, vice-chairman, B.S.T.&G. Fire Board representative; road chairman and representative to the Big Walnut Area Chamber of Commerce Intergovernmental Form; Gary Moseley, Rod Myers, Mike Foy, and Mike Stover. Frank Dantonio will discuss the type and amount of the levy to be placed on the May ballot and other school financial matters.

Before that, however, board member Frank Dantonio, chairman of the finance committee, will hold a special finance committee meeting next Monday, Jan. 24, beginning at 7 p.m. at the Sunbury Municipal Building.

Dantonio says the purpose of the special Monday meeting is to provide the board with recommendations to address the projected \$2 million deficit for the 1994-1995 budget.

He says the results of Monday's meeting will be presented at the Wednesday, Jan. 26, meeting.

Dantonio adds, "This meeting is open to the public, and I want to encourage the public to come and voice their opinions."

The board accepted the appropriations as presented on a permanent basis, having received a First Amendment Ordinance, 7-2.

Hogg moved to accept the above re-organizational proposals, with Sylvia Hartsook giving the second.

The vote was unanimous.

The trustees will meet the second Monday of the month at 7:30 p.m.

and their current and fledgling cells.

The main Sandusky Street entrance provides access to courtrooms, clerical areas for both courts, bookkeeping and Juvenile Court. The other entrance off Central Avenue is the Juvenile Probation Department and other program services as well as Court Administration.

Parking for visitors is available at the Sunbury parking lot.

NEW COURT FACILITIES

(Continued from Page 1)

forth between the two," he explains. It cost \$60,000 to renovate the facility. The renovation includes the juvenile and domestic courts, judge's chambers, expanded clerical areas, private meeting rooms, a first-ever breakroom for the courts employees and a small library-conference room.

He says staff members had input in designing their areas, right down to the furniture.

Other additions include a waiting room for juvenile offenders and their parents, and an improved security measure, a holding cells for juveniles awaiting court appearance, Berry reports.

"We had to totally renovate the building since it had been a waterbed factory," Berry says.

A total of \$200,000 was spent for everything, including computers, a new recording system, camera and panic security and other equipment, the woodwork and even the landscape.

The 8-year lease on this facility totals \$132,180.72 per year, according to county administrator Brian Stanfill. Broken down, that includes a \$40,575 base and \$91,605.72 for improvements, each year, which includes annuals, the \$60,000 renovation cost. Berry says the owner of the building made the renovations.

Stanfill says an option is to renew

the lease for another eight years, but the first eight years of the lease, which began Dec. 1, 1993, are a commitment.

Berry explains that this move was made due to the probate and juvenile courts' needing more space and the adult common please court judge's needing more than their office space at the Delaware County courthouse.

This needed space was due to an 80 percent increase in juvenile delinquents the courts saw in 1993, a 200 percent increase in serious felonies and more than 100 new and more staff members. Between since the 1980s the staff has grown from eight to between 25 and 30. Federal and state grants have given the courts this staff increase.

The juvenile and probate courts have been given two new grants totaling \$300,000.

One is a federal drug and systems grant worth \$125,000. Berry says the Delaware County courts were only one of four in the state to receive this grant.

The other, totaling \$175,000, is called "Reclaim Ohio," which is for staff and community-based programs that are alternatives to incarceration, according to Berry. The Delaware County probate and juvenile courts are one of approximately nine Ohio county courts to be given this grant.

United Way Co-Chairmen Celebrate Victory

United Way chairman Jon Peterson, left, and Bob Roberts celebrated reaching their campaign goal last week in downtown Delaware.

United Way campaign this year topped its goal of \$765,000 by \$15,000, pledged. "Neighbors Helping Neighbors" was the theme of this year's campaign.

Peterson said he felt the "su-

ccessful completion of this year's campaign is a simple and dignified way to end the campaign, a hard to return to the community a portion of that which they received.

Roberts added, "Without the support of the entire community this would never have been possible."

Major staff of the campaign leadership was to broaden the donor base, especially in light of corporations such as Nestle Beverage Co.'s and Liberty Corp.'s declining roles in the effort this year. Both companies are located in Delaware.

Peterson and Roberts recognized the Major Firms division, chaired by Roy Rushing, for adding several new businesses to the campaign this year, and the Commercial and Industrial division, with Barbara Walters chairing, for expanding its base as well.

The chairmen pointed to Jim DeSimone's Loaned Executive division as helping to expand the Commercial and Industrial division.

Lieutenant Gil Borchers, a 14-year veteran of the U.S. Office of the Sheriff, was named for the year. Sheriff Myers says Borchers' duties will consist of supervising the day-to-day operations of the office.

Lt. Borchers will continue as patrol division supervisor until a new person is promoted to replace him in that position.

Chief Deputy Borchers, his wife, Lisa, and their three boys, live in Delaware county.

Lieutenant Dale Ware, a 21-year veteran of the force, was promoted to the rank of captain. His administrative duties will include supervision of the detective bureau, the human services investigator, computations, warrants/transport, and the D.A.R.E. program and property technician.

Capt. Ware and his wife, Sheila, live in northern Delaware county.

Cut Costs

Heating costs gobble up a large chunk of home utility budgets. These practical hints from the Ohio Propane Gas Association will help you conserve fuel and decrease your heating costs.

• Lower your thermostat to 65 degrees during the day. Lower it to 55 degrees at night and when you're not home.

• On sunny days, open your drapes or blinds to solar heat your home. When the sun goes down, close them to reduce heat loss.

• Place air deflectors in your home that direct heated air away from cold windows and walls.

New Bethel Christian Union
Church is beginning a 12-week study
on "Discovering and Understanding
Your Spiritual Gifts," according to
Pastor Paul Newland.

Pastor Newland will teach these
one-hour classes each Wednesday
evening at 7:00 p.m., beginning next
week, Jan. 26. The classes are open
to the public, he explains.

"The practical study of the scriptures
teaches us that God has
equipped you to do the work of the
ministry," Pastor Newland says.
"You will discover where you can be
most effective and fulfilled while ser-
ving God."

Some of the topics to be studied include
"The Purpose for Spiritual Gifts," "Gifts and the Will of God,"
"Our Team Versus the Lost," and
"The Balanced Church."

"We'll provide you with
worksheets and a self-assessment test
that will help you recognize your Spiritual
Gifts," Pastor Newland concludes.

New Bethel church is located at
14144 Bethel Rd., Crotton, just east of
the Delaware county line. For more
information, Pastor Newland may be
contacted at 893-4491 in Crotton.

Psalms 46:10-11 RSV

As for me, I would seek God, and to God I would commit my cause who does great things and unsearchable wonders for us without number. He gives rain to the earth and sends waters upon the fields; he sets on high those who are lowly, and those who mourn are lifted to safety.

Care to Share . . .**Better Watch Out Wishing For Old-Fashioned Winters!**

by Marlene Foss

It's not what a winter this is turning out to be! Mother Nature wants everyone to remember the winter of '93 and '94!

Does this sound familiar? "We don't have winters like we used to," we say. "What's happened to the winter?" to freeze out all those flu and cold bugs and germs?" Be careful, what we ask for, we get it. Are we ever getting walloped now?

If you think it's cold outside, it's real cold up in our neck of the woods. About ten miles north in Morristown (Pittsford) we live on the southern edge of the Mansfield snow belt. Many times I've been chided here at the house with my sub-zero temperatures. We have even put a second thermometer up to the nail on the head this time, calling our area the "arctic region of Central Ohio."

There is one antidote for this cold spell and that is good, hot food lots of it.

Warm up your family with:

Cold Weather Casserole

2 lb. ground beef
1 c. dried onion soup mix
1 c. slightly beaten
1 c. soft bread crumbs
1 c. butter or margarine

1 1/2 oz. can mushrooms, drained
1/2 oz. can cream of chicken soup
1/2 c. water

Combine beef, sour cream, soup mix, egg and cream, stir into 1/2 c. water. Brown butter. Add mushrooms, soup and water. Simmer for 20 minutes, adding additional water if needed. Place in 3 quart casserole and add:

Butter Crumb Dumplings

2 c. sifted flour
1 c. baking powder
1 T. poppy seed
1 T. celery salt
1 T. onion flakes
2 T. dried onion flakes
1/4 c. melted butter or margarine
1/2 c. melted butter or margarine
2 c. soft bread crumbs

Mix dry ingredients and seasonings; blend in oil and milk. Stir melted butter into crumbs. Drop dough by tablespoonsful in 12 equal portions into buttered casserole dish; cover with crumbs. Place on top of casserole. Bake at 400 degrees for 20 to 25 minutes or until dumplings are golden. Yield: 8 servings.

Now, if you really want to put on the dog, set the table, get out your candles and pretend that you and the family are at this fancy restaurant where you are being served.

1 envelope spaghetti sauce mix
1 c. water
1 8-oz. pkg. noodles
1 c. sliced pitted ripe olives

Arts Castle
Presents Spanish
Guitarist Wheeler

Tickets will be available Sunday at the door, with general admission at \$7.00, senior citizens, \$5.00, and youth, \$3.00. The concert is supported in part by the Ohio Arts Council Presenting Touring Program. For more information contact the Arts Castle at 1-369-2787 in Delaware.

Bring mixture to a boil, stirring occasionally. Simmer covered for 15 minutes or until noodles are tender. Stir occasionally. Yield: 6 servings.

Now, if you really want to put on the dog, set the table, get out your candles and pretend that you and the family are at this fancy restaurant where you are being served.

Mental Health Services 'Up' in Past Six Months

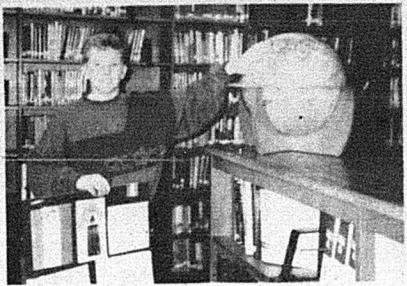

Services rendered by community agencies under the direction of the Delaware-Morrow Mental Health & Recovery Services board were up during the past six months, reported executive director David Mathews, Ph.D., to his board Thursday.

Mathews told his board services in both counties were "up substantially" over the last six months of last year (1993).

The Central Ohio Mental Health Center in Delaware had a 24 percent increase in caseload July-December, 1993, vs. 1992. The center offers counseling for individuals and groups, case management and psychiatric evaluation.

De-Mor Dwellings Corp., which provides housing for clients who might otherwise be homeless, saw a 44 percent increase in caseload, and Delaware Area Recovery Resources, which provides prevention and treatment for chemical dependency issues, saw a 26 percent increase in numbers.

Help Anonymous, the crisis prevention hotline in Delaware, actually had a decrease in calls, down 10 percent. But, Mathews pointed out, mental health education units through Help Anonymous increased by 44 percent.

C.A.S.T.! To Hold Auditions For April Show

Those who are interested in performing "A Little Bit of Country and A Lot of Rock 'N Roll" can try out this Sunday, Jan. 23, from 1-6 p.m. in the Big Walnut Middle School.

C.A.S.T. (Community Adult and Student Theatre) will hold auditions for those in ninth grade and older interested in the mid-April performance.

Director Tess Evans reports that 22 children have signed up, but signups are still open for this 23rd show in ten years. She encourages anyone who would like to act, sing, lip-synch, dance or work in the production department (lights, sound, props, sets) to come to the auditions.

For more information, call Evans at 963-1771.

Middle Schoolers Serve International Feast

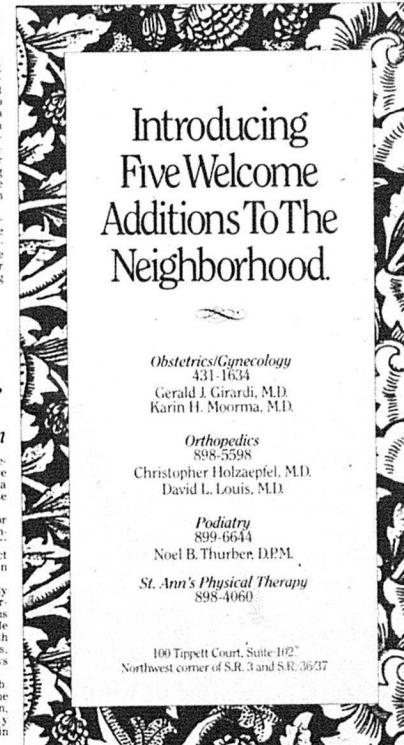

Guests to Katie Gross's Australian "Toad in a Hole" and Bill Evans' Knafeh dessert, Yvonne McGraw and Christina Immel both made banana rum sundaes; Leni Van Looy, rice dish from Kenya; Evan McElroy, lemon-rum cake of Great Britain; Madison Roush, Greek Shuflik; Turkish Turkey; Mickey Gilbert, Spanish cruller and April Thompson, chips; Katie Collins, Mexican burritos; John Copley, Italian magagna; Adam Chival, Chinese fortune cookies; and Brian Canley, rice dish; Bobby McNamara, Irish doughnuts and fruit juice; Maybel Williams, German chocolate cake; Erin Tegman, mandarin orange cake; Suzanne Allen, bratwurst and sauerkraut from Germany; Nick Gill, French bread and Chris Ruh, blueberry pie of Canada; Rosemary Valentine, egg parte of the Bahamas; Suzanne Allen, French Au Gratin potatoes; and teacher Lou Mackley, Danish meatballs.

In addition to making different countries' foods and presenting reports about their respective cultures, the students also sent Christmas cards and letters to Japanese 4-H LABO exchanges, an IFYE exchange student from Switzerland; Suzanne Allen's German pen pal family, who visited Allen in 1993; and to other German and Swiss pen pals. The Big Walnut Middle schoolers now are receiving answers and information from their letter exchange.

The two teachers say the above activities are done to help the students become more aware of different cultures and customs in the world around them by using their reading, researching and writing skills.

What Is Happening At Kingston

by Joyce Seitz

Our sympathy is extended at this time to Ned and Virginia's aunt, Middle Marsh, passed away.

Mike, Merita, Katie and Kyle Seitz spent Friday and Saturday in Mullins, W. Va. attending the calling hours and funeral of Ned.

Recent guests of Mr. and Mrs. William Schmitt were Mr. and Mrs. Andrew Meinhold and son of Charles.

Glad to receive a call from Virginia Williams on Sunday. She is doing pretty well. I miss seeing her out and about.

Katie and Kyle was a Saturday overnight guest of her grandparents, Bob and Joyce Seitz. Katie and Joyce visited Orville Tuller on Sunday afternoon.

Kingston township trustees organized for the year. Chairman is Herb Brenner, vice chairman is Dave Martin. Other members is Bill Shively. They meet on the second Monday of the month.

If you have township concerns, please contact one of them. Township clerk is Sally Jones, who is also helpful to the residents of our town.

Beth Schmitt attended a contact seminar in Columbus on Saturday and Sunday of this past weekend.

Greg, Virginia, John and Brody Irwin were in town recently on Carter's Corner Rd. on Saturday of this past weekend. We wish them well in their new home. They have been in touch with the former Betty Brooks property.

Bernard and Diana Daily were host and hostess to the Dinner Club group they belong to from the Sunbury United Methodist Church on Saturday evening.

Congratulations to Greg and Cathy Roy, who are parents to a new son. He is two months old. Grandparents are Mr. and Mrs. Rebeca Selvage and Jean Roy. Great-grandparents are Gerald and Alta Crow.

Congratulations are in order for Keith and Linda Schmitt with celebrating their 20th wedding anniversary soon. Also to Keith who will soon celebrate his birthday. He didn't say which one.

Students as well as school children got Monday off, though they hadn't planned on it. TV watching was not a very joyful event with the California earthquake on all the news channels.

Mr. and Mrs. John Schmitt called on Mr. and Mrs. Terry Crooks, Brent and Ashley on Sunday evening.

News Notes Down Harlem Way

by Betty Johnson

furnaces failing, besides the slippery walkways.

Do you realize we had snow on the ground since the days before Christmas? That's a long time for one kind of weather to stay for so long since I remember them.

The cold has had some real bad consequences with cars not starting.

Get well wishes go to Diane Kabley who had emergency surgery Friday night. She will remain at Riverside Hospital for at least a week.

Margie Debold was taken to St. Ann's Hospital the day after Christmas and had treatments, but is not doing very well.

Debbie Gandy returned to Kent State on Saturday. After she had the car loaded, the battery couldn't turn it over, so there was a four-hour delay waiting for the heat lamp to warm up.

**Harrison St. Students Learn About Marketing**

Harrison Street Elementary fifth graders recently were faced with the task of marketing a new product for a Columbus-based marketing consultant.

Actually, this was a classroom exercise that their art teacher, Linda Groendyke, organized as part of a school/business partnership. Principal Wes Newland says this was a lesson to show the influence of art on the business world.

Michael Sellaro (shown above with Harrison Street students), a Columbus-based marketing consultant, spent two days with Groendyke's students speaking to them about marketing and advertising the products in today's marketplace.

He focused on the techniques involved in successfully producing newspaper design layouts.

Sellaro, a Westerville resident, does the marketing work in mock marketing committees, trying to develop a plan for selling their product. "BLEACHING DISCOLORED TEETH"

Discolored teeth can be restored to their original color. The discoloration may be caused by the death of the nerve, the use of certain antibiotics (tetracycline discoloration) or overfluoridated water. For whatever reason your tooth or teeth may be discolored, there is absolutely no reason to go through life hiding your smile. Such discolorations can be corrected by a simple process known as bleaching.

Bleaching agents are applied within the tooth to remove the stains that are in the dentin, or superficially on the tooth if within enamel. Techniques employing concentrated oxidizing agents have been used in recent cases. This process is used for internal tooth discoloration and not for the removal of surface stains that may be polished off the enamel, or bleached externally.

The bleaching process is usually successful but sometimes the discoloration may reappear after a few years and then another bleaching will be required. The process is quite harmless. Of course, a more permanent and discolored, or deformed tooth is an artificial crown or jacket (sometimes known as a cap).

GIRLS BASKETBALL
Balanced Effort Allows Eagles to Roll Past Pioneers

by Steve Kester

Big Walnut's girls basketball team used a balanced scoring performance to dominate Jonathan Alder in a Buckeye Athletic Conference inter-divisional clash at Coshocton on Saturday.

Coshocton's Greg Glendinning's crew raised their record to 7-4 overall in their only outing of the week. BW is now tied for second in the BAC East at 6-3 while Alder stands 2-1 and 2-7.

Both teams were 19-10 points apart in the game but the Pioneers used the free throw line to stay competitive. JA finished 15-22 at the bonus area.

Elizabeth 'Chip' Ponderak, Eagles' assistant coach, praised the "balanced effort" of the team. BW was also 4-6 at the charity stripe down the stretch.

The visitors were paced by four players: junior Anna Hughes, seniors Teresa Hicks and Jennifer Reiner and sophomore Kristen Shockley with double digit scoring.

Hughes fired in 27 points and went 4-2 at the line. Reiner and Hicks both added 12 points, the former hitting a 3-point shot and Shockley connected for ten points with a 2-2 showing at the free throw area.

BW now begins a tough four-game stretch. They travel tonight (Thursday) to Lakewood, tied along with Eaglewood and standing in second in the BAC East, and Saturday host Washington Court Hours, second in the BAC West.

Look At What's Happening in New Bethel

By Mrs. Carey Glaze

All the services at New Bethel Church were canceled Sunday due to the bad weather. But the meeting, quiet practice, choir practice, and the Friendship Circle meeting during the week are called off, too.

This would be a good time to catch up on our Bible reading.

We wish happy birthdays this week to Roger Bishop, Gail Geiger, Nathan Hobson, Jon Gandy, Jenny Clayton and Raymond Glaze.

Tuesday, Gail and Marge Clayton and Wayne and Doris Stegner had dinner together at a restaurant in Plain City.

Florence Cross, Bruce and Sharon Scott, Debbie Cross, and Ted and Dennis Cross, were Sunday guests of Bob and Joy Neff of Westerville. They were celebrating the January birthdays of Florence, Ted and Joy.

Florence Cross's good neighbors, Rod Geiger and son, Ryan, shoveled the snow from her driveway and walk on Monday.

Bob and Rose Ella Grove attended services Sunday at the Maple Avenue C. U. Church in Newark.

Imogene Bottom called Wednesday on her sister, Dorothy Scarfo, in Newark.

Raymond Glaze of Spencer

had dinner Thursday with his son, Carry and Fern Glaze. Easter Sunday the were Doug Herlihy of Heath and Lisa Cramer.

Carry and Fern Glaze enjoyed

Sunday dinner in Johnstown; then

came right back home and stayed

there. We should all be so thankful we have plenty of food, water and warm homes during this "real old-fashioned winter," instead of all the things they are suffering in the California earthquake and aftershocks.

YOUR EYES

By Dr. Brian A. Dittenber

DRY EYES

Nature provided our eyes with tears to wash away irritants, lubricate the normal blinking action of the upper lid and even regulate the temperature of the eye. Sometimes, though, the glands under the upper lid reduce their production of tears — perhaps because of age or medication. The result is called "dry eyes." There are not enough tears to spread across the eye. When you blink, the dryness may produce a burning sensation, too.

There is a simple test with which your optometrist can measure the amount of tear fluid secreted by the tear glands. If it is determined that your eye production of tears is inadequate, your eye doctor may prescribe "artificial tears," a lubricating solution.

In certain cases, where normal tearing is seriously lacking, there is another alternative available: wearing a soft contact lens that will keep the eye moist. This may reduce the burning and discomfort after the public hearing.

Within 30 days following the hearing, the Zoning Commission shall make its recommendations to the Porter Township Trustees for their consideration.
