

## FIND HOKE SAFE WEST OF TOWN

Safe stolen from Hoke Electric in Sunbury last Tuesday night was found Thursday morning a short distance west of town on the Mrs. Louise Campbell farm by Pearly Stockwell of Sunbury.

The door of the safe had been pried off, the \$600 in cash and the checks were taken but the firm's records were scattered over the ground.

Mr. Stockwell saw the safe as he was driving along the road. "I stopped and checked some of the papers and found that they were Hoke's so I came into town and notified him," Mr. Stockwell told.

Sheriff Eugene Jackson was called and his deputies had the safe and papers taken to Delaware for finger printing. The papers were taken to the Bureau of Criminal Investigation at the London Prison Farm where they were searched for finger prints.

The \$18,371.64 check sent to Hoke's by error as a federal tax refund was taken by the thieves.

## GENOA MAN DIES IN GRANT HOSPITAL

## Accident, Fire Plague Visitors

Mr. and Mrs. Gilbert Jones and children of Lisbon came to Sunbury to spend the weekend with her parents, Mr. and Mrs. G. Ashbaugh and to attend the State Fair. Enroute into Sunbury Friday they were waiting behind a truck pulling a large piece of road equipment when crossing the 3C highway. Suddenly, the truck backed up and smashed in the front of the Jones car. It was damaged too much to drive to the Fair Saturday so they borrowed her father's car. While at the Fair they received a call that their home and all contents had been totally destroyed by fire. They had purchased a large 8 room farm house near Lisbon. Everything was destroyed except the few clothes they had brought with them to Sunbury. Mrs. Jones reported they had just put 600 pounds of beef in their home freezer.

## Several Receive OSU Degrees

NINETY-THIRD YEAR      SUNBURY, OHIO 43074, THURSDAY, SEPT. 8, 1966      NUMBER 36

## County Board Names Three Directors For New Joint Vocational School

Delaware county Board of Education held a regular meeting Wednesday evening and passed a resolution to create a joint vocational school for Delaware county and Delaware City Schools effective Sept. 1, County Supt. Maurice Lenz reports.

Boards of education of the three county school districts and Delaware City have all passed resolutions to set up the joint vocational school for the entire county.

## Cancer Society Plans Dinner

Annual dinner of the American Cancer Society will be held Thursday, Sept. 15 in St. Peter's Episcopal Church in Delaware at 6:30. Dr. Andrew Veber of Cleveland, director of public education in Ohio on cancer, will speak on "How to Avoid Death by Cancer". The meeting is open to everyone contributing to the cancer program. Dinner will be \$1.75 and reservations should be made by calling the American Cancer Society office in Delaware.

Members of the county board named to the new five-member joint vocational board were William McNamara of Liberty Union and Harold Ault of Big Walnut for 4-year terms and Lester Pendleton of Buckeye Valley for a 2-year term.

Two members of the joint board are to be named from Delaware City and these have not been selected. As soon as these members are chosen the vocational board will organize and begin work to set up the school.

Pearly Stockwell of Sunbury was named to continue as trustee officer for the Big Walnut District and Ed T. Jones of Radnor was employed as trustee officer for the Buckeye Valley and Liberty Union Districts.

The board approved installation of two phone lines into the county office.

In creating a joint county-city vocational school the law specifies that three board members be chosen from the county board and two from a city or exempted village board in the county.

Since Delaware is the only city in the county that district will have two members on the board while the three county schools will have only their representatives on the county board.

## Former Delaware Official Dies in Delaware

Thomas J. Barrett, 84, died last Wednesday afternoon at his home in Delaware after a long illness.

He was a lifelong resident of Delaware county. He owned and operated a restaurant in Delaware for several years before being elected county clerk of courts in 1919 on the Republican ticket. He held this office two terms and was the last man to serve in it. He was deputy county treasurer from 1927 to 1931 and served two terms as treasurer from 1931 to 1935. He has been in the real estate business since then.

Mr. Barrett was a member of the First Presbyterian Church, Hiram Lodge No. 18 F. & A. M., Sidney Moore Council, Elks and Moose Lodges.

Funeral was held Saturday afternoon in the Bennett-Brown Funeral Home in Delaware with the Rev. Louis Campbell officiating. Burial was made in Marlboro Cemetery.

Surviving are his son, Probate Judge Paul W. Barrett; a sister, Mrs. Florence Howald of Delaware; two grandchildren and three great-grandchildren.

## Squirrel Season Opens Friday

Squirrel hunting season opens in this part of the state this Friday morning.

## SUNBURY SEEKS HELP FOR SEWER PLANT

Sunbury Board of Public Affairs Tuesday evening discussed the possibility of federal help to build the new sewer plant that the village must start soon to comply with state health requirements.

The proposed new plant to be built south of town will cost \$427,000. The village may have a federal grant of \$150,000 and hopes to obtain a Federal Farm Administration loan of \$300,000.

Willard Ross, chairman of the board, asked for a motion to ask council if it is ok to go ahead with the sewer project. Richard Paul made the motion and it was seconded by Eldon Praker.

Stanley Holmquist, village engineer, explained the trouble they are having with rusty water in Northern Heights and told that they hoped to have it whipped.

Pete Laymon and Ted Ashbaugh, Board of Public Affairs employees, and Mrs. Nancy Stapp, clerk, attended the meeting.

## To Hold Plow Demonstration

## The News Editor Speaks . . .

Ohio traffic death toll over the Labor Day weekend far exceeded all predictions by state officials and safety council pre-judgment.

The toll over the weekend was 39, second highest only to the state of California. However, taking the population of California percentage-wise, Ohio exceeded California. Which state lost the most is immaterial; the question of great importance is how to stop this great holocaust.

It has been admitted by state authorities that speed was the predominant cause and still we sit idly by while speed is increased on our highways. Take a ride on the Freeway where the rate is 70 miles per hour and through sections of the city, 60 miles per hour.

We are competing with railroads with fixed rate of travel. Secondly, we learn of complaints of elderly drivers on our highways. The records show that the vast majority of accidents in Ohio are drivers under fifty years of age and a large percentage below the age of twenty-five.

We hear and read much about the installation of seat belts to prevent injury. Can you be made to believe that traveling 70 to 80 miles per hour and suddenly strike a solid object, a seat belt is going to retain you in the seat?

Let us face the facts, it is speed that is destroying the lives of our people on the highways. There is only one way to stop this holocaust and that is to reduce the speed limit and then enforce the law.

Wants Toll Free Phone  
Service For Entire County  
Delaware, Ohio  
Sept. 1, 1966  
Mr. Whitney, Editor

A recent issue of our Delaware Gazette carried a picture of the Northern Ohio Telephone officials conferring on new installations. This is fine and as it should be.

However, no mention was made of any plans for TOLL FREE service within Delaware county. The Delaware county Farm Bureau Federation has long supported county wide toll free service in its resolutions. We have not met much success but we have within our membership some individuals who are fed up with the lack of cooperation between our phone companies.

We are supporting action to change this policy and would welcome support from individuals or organizations in this effort.

Thank you

This six-year-old knows a lot about rehabilitation. It started him to make the most of what was left after disabling illness in infancy. With braces and crutches, and his first pair of shoes, he's walking for the first time in his life - a heady experience for a boy who lived in a wheelchair. Rehabilitation worked for him. It can work for the disabled in your community - victims of stroke, arthritis, paralyzing spinal cord injuries. The American Rehabilitation Foundation and Kenny Rehabilitation Institute urge you to learn more about rehabilitation and its accomplishments. Support your local rehabilitation services. Give a share of your interest to a special kind of caring for the disabled.

## Wesleyan Methodist Churches Have New Conference Head

Rev. Donald Howard of Westerville is the new president of the Ohio Conference of Wesleyan Methodist Churches and was chosen at the recent conference at Victory Camp.

Rev. Howard has been the traveling vice president of the conference for the past eight years. He started his pastorate as pastor of the Africa Church in 1937 and was there until 1941. He then went to Dayton Northridge Church where he served six years. Rev. Howard has also served as pastor of churches in Coshocton, Zanesville and Marion.

There are 53 churches in the Ohio Conference and all of these

Rev. Donald Howard

are in Ohio except three which are in West Virginia.

The home office of the conference is in Westerville where Rev. and Mrs. Howard live.

Rev. Howard was chosen president after Rev. Leslie Wilcox resigned to become Dean of Theology at God's Bible School in Cincinnati.

### Card of Thanks

On Friday, Sept. 2 I was happy to be one of about 1400 who received degrees from Ohio State University.

It is said that any endeavor requires about 90% inspiration and 10% perspiration. I would like to thank my mother and father, Josie and Wilbur Main, my husband, Harold, and daughter, Mary, my sister and brothers and their families for providing this inspiration and encouragement and to let others know how much I love and appreciate them. I would also like to thank those at the Sunbury Library, especially Miss McCormick, Mrs. Burrer and Mrs. Dawson for assisting me in getting books and publications. They were so helpful. I would like to thank the school administrators, here in Sunbury, at Westerville and at Ohio State University for their encouragement and assistance.

To my neighbors and friends who helped so that I could find the time required to attend classes and do the research their assistance was deeply appreciated. All of the above made it possible for me to get my degree and I appreciate it sincerely.

### Notice of Petition For Foreclosure of Mortgage On Real Estate

Robert S. Olinger and R. Joseph Olinger, Attorneys, 422 McAdams Building, Springfield, Ohio

Ernest Hammons and Margaret Hammons, who reside at 704 Hillier Street, Detroit, Michigan, will take notice that on the 17th day of August, 1966, the plaintiff, Central Savings Bank in the City of New York, New York, filed its petition against Ernest Hammons, et al. in the Court of Common Pleas of Delaware County, Ohio, the same being Cause No. 1967, for the foreclosure of a mortgage on certain real estate and described in said petition, to-wit:

Situated in the Village of Sunbury, County of Delaware, and State of Ohio, and described as follows, to-wit: Being Lot No. Six Hundred Forty-Five (645), in Sunbury Gardens, a subdivision of the Village of Sunbury, Delaware County, Ohio, as the same is described and delineated in Volume 6, at page 113 of the Plat Records of Delaware County, Ohio. Being the same premises conveyed to Ernest Hammons and Margaret Hammons from Racoon Development, Inc., by deed dated February 3, 1960, and recorded in Volume 286, Page 578, Deed Records, Delaware County, Ohio.

Said premises are further known at 70 Arbor Drive, Sunbury, Ohio.

The prayer of said petition is for a money judgment, amount claimed — \$11,021.01, together with interest thereon at 5 1/4% from February 1, 1966, foreclosure of mortgage and sale of the above described real estate, and other equitable relief.

Said defendants are required to answer said petition on or before the 22nd day of October, 1966, or judgment will be taken against them.

## Many from Here to Attend College

Many of this community's 1966 high school graduates will further their education by attending colleges, schools of nursing, technical schools, schools of cosmetology and junior colleges.

Listed in the following are the students and the schools they will be attending.

### Many Attend Ohio State

Anita Culver, Tammy Buell, Alan Garabrant, Cheryl Meek Brenner, Richard Miller, Jeff Chandler, Barbara Myers, Bonnie Nichols, Jim Shannon and Don VanLoon will attend Ohio State. Many of the above stu-

### Mt. Pleasant Community

By Mrs. Betty Metzger

Mr. and Mrs. George Crego and family of Kilbourne, Mr. and Mrs. Tom Thorne and family of Delaware and Mr. and Mrs. Earl Overturf were recent callers of Mr. and Mrs. Don Overturf and family.

Mr. and Mrs. Earl Overturf, Mr. Lucille Kirby and Dianne of Cincinnati, Al Woods of Maeng, Albert Spearman, George Spearman, P. E. J. Stockwell, Mrs. Aleta Stith and Phil and Mr. and Mrs. Roger Stith and family were past week callers of Mr. and Mrs. Harry Stith and family. Harry remains about the same.

Mrs. Mildred Harris of Centerville has been staying with the Thorpe children during the Fair. Mrs. Rita Thorpe and Mrs. Nellie Thorpe have completed another year working at the Fair. Russell Anderson was brought home last Thursday from Doctors Hospital in Columbus. He is recovering nicely from surgery.

Most homes will get back into normal routine that the children are starting back to school.

Several from the Mt. Pleasant community attended the Fair on various days. The two things that impressed me most were the Ohio Boys Band and the Ohio Youth Choir. These young people certainly represented the fine young teenagers we have in our state and in America.

The Mt. Pleasant Ladies Aid will meet with Mrs. Ruby Overturf Friday, Sept. 16. The meeting will be held at 2 o'clock and hope all members can be present.

Mr. and Mrs. Tom Thorne and family of Delaware, Mr. and Mrs. Don Overturf and family and Mr. and Mrs. Earl Overturf attended the Easterday reunion at Mansfield Sunday.

ions to places of interest. Students were in class only in the mornings, leaving afternoons and weekends free for sightseeing. Due to bad weather Barbara's return flight from Paris to New York was delayed.

The jet made stops at Gander, Newfoundland and Philadelphia, Pa. This time because of the airline strike the group travelled by bus back to New York in order to make connections with a flight to Columbus Aug. 10.

Barbara graduated from Big Walnut High School this year and will leave for Marietta College Sept. 11 where she is enrolled in education and expects to major in French.

### Card of Thanks

Thanks a lot to everyone who helped at the time of my accident. Special thanks to the Evans family and to William Borer for their attention. Also I appreciate the many calls, visits, cards, gifts and flowers while I was in the hospital and since returning home.

## Centerburg Couple Marries In Sunbury Church

Mrs. Keith Linnabary

Mr. and Mrs. Paul C. Hatfield of near Centerburg announce the marriage of their daughter, Ruth Ann, to Mr. D. Keith Linnabary, son of Mr. and Mrs. J. D. Linnabary also of near Centerburg.

The wedding was held Sunday, Aug. 28, at 2:30 o'clock at the Sunbury Church of Christ. Following the nuptial music by Mrs. Daniel Heil at the piano and Mrs. Carl Bell, soloist, Mr. Norman Gendt read the ceremony before an altar decorated with seven branch candelabra,

palms and baskets of fall flowers in tones of yellow.

Given in marriage by her father, the bride wore a sleeveless white brocade gown styled with empire waist, A-line skirt with a large box pleat in the back. This silhouette gown was worn with a matching white brocade Rajah-style coat with modified back fullness. Her veil of silk illusion fell from a Queen Ann's crown to waist length. She carried a cascade of yellow roses.

Miss Sherry Payne was maid of honor and bridesmaids were Barbara Jones and Bonnie Linnabary, sister of the bridegroom. They wore green brocade and mortar crepe dresses with empire waists with matching green brocade short-sleeved coats. Their headpieces were Dior bows of green brocade. They carried baskets of bronze and yellow chrysanthemums.

Miss Julie Hatfield, niece of the bride, was the flower girl and wore a dress of mint green organza over satin with empire waist and had a Dior bow of matching green in her hair.

Vic MacTavish served as best man and ushers were David Vernon and Paul Hatfield, brother of the bridegroom.

A reception following the ceremony was held in the Heart of Ohio Grange Hall in Centerburg for approximately 150 guests. Those assisting were Betty Langfitt, Patty Slatzer, Susan Thompson and Juanita Park.

Mrs. Linnabary is a junior at Capital University and is a member of Alpha Delta Chi Sorority. Mr. Linnabary attended Ohio State University and is affiliated with the Kirby Division of Scott and Fetzer Company in Columbus.

After a wedding trip to the Smokey Mountains, the couple is residing near Condit.

Being Lot Number Six Hundred Fifty-Two (652) in SUNBURY GARDENS, a subdivision of the Village of Sunbury, Delaware County, Ohio, as the same is de-

## Teachers Traveling Farther to Learn

There are teachers of the travel-is-broadening persuasion. This year, for example, some 1,600 teachers will take the tours sponsored by the Educational Travel Division of the National Education Association.

Where do they go? Literally everywhere—south of the border to Latin America, cruising to the Caribbean, touring Europe on a bus, "down under" to Australia and New Zealand, to Africa, and even behind the Iron Curtain to the Soviet Union and its satellites. These teacher-travel buffs are convinced that with first-hand knowledge of a country or a continent, they can make it come alive for students in their classrooms.

scribed and delineated in Volume 6, at Page 113 of the Plat Records of Delaware County, Ohio.

Being the same premises conveyed to James A. VanBuskirk and Norma J. VanBuskirk by deed from Raccoon Development, Inc., dated November 4, 1960, and recorded in Volume 291, Page 384, Deed Records, Delaware County, Ohio.

Said premises located at 280 Orchard Lane, Sunbury, Ohio. Said premises appraised at \$100,000 and cannot be sold for less than two-thirds of that amount.

## School Means Time For PTA

It's off to school for Jeanette and Michael Ryan—they're first and second graders at Nettelhorst School in Chicago—and back to the PTA for Mrs. Robert W. Ryan, like millions of other Americans, a participant in PTA programs for children. Their message: It's Prime Time To Join!

When the children start off to school, it's prime time to join the PTA.

And in this school year, PTA's throughout the country are moving forward on programs that seek to involve all parents—and other adults interested in children's welfare—in ever better education, health and opportunity for all children.

"Never in its history has the PTA been more necessary to the well-being of children and our nation," says Mrs. Jennelle Moorhead, of Eugene, Ore., National PTA president. "Never have we had so rich an opportunity to move the nation to great decisions, for ideas that the PTA has promoted for years have come into their own."

Its goal of making preschool education available to all children, for example, is winning broad acceptance. Increasingly, parents realize the importance of involving parents in their children's education, something long advocated by the PTA.

This year, the PTA plans to experiment with new methods of reaching the non-participating parents—the working mother, the parent without partner, the residents of urban slums or depressed rural areas. New programs, too, will deal with children's health, safety and education.

One such project, undertaken in cooperation with the U. S. Public Health Service, will attempt to discourage 7th and 8th graders from starting to smoke cigarettes.

On other subjects, as well, the PTA has a full schedule of "critical issues" ripe for action.

Membership in the PTA, of course, is open to any parent or teacher or school administrator—in fact, to all who are interested in children and willing to uphold the Objects of the PTA. Membership dues vary among local units and state branches of the National PTA, but only ten cents of each membership fee goes to the National Office, in Chicago, for maintaining the organization and providing the services that enable PTA's to function effectively and serve children best.

The PTA Magazine, official publication of the organization.

has scheduled three continuing series of articles dealing with school education, family life, and community services and intended to foster "better lives for all children."

"Your Own Project Head Start" is one subject in the preschool series of interest primarily to parents of young children. The common blocks to learning in elementary school are scheduled for discussion in another article; and experts will also survey, for PTA Magazine readers, the problem areas of sex education and teenage drinking and use of drugs.

For every parent, Mrs. Moorhead emphasized, "the PTA has an ideal assignment—to work with men and women who share your concern for children and youth, to plan and initiate new projects, to enjoy a better understanding of yourself and your family, to take pride in working in an organization of national renown and international reputation."

Membership enrollment continues throughout the school year. But for parents who want to accomplish the most possible for their children, starting to school time is "prime time" to join the PTA.

## Mirror Test Gives Lighting Guide

How to determine whether study lighting is right? Make the mirror test for glare.

So says James V. D. Quer-eau, M.D., a Reading (Pa.) eye physician and a director of the Pennsylvania Academy of Ophthalmology and Otolaryngology.

Place a mirror on the reading or working surface and look into it from the "studying" position. If a bright source of light is visible in the mirror, lighting should be corrected.

For glareless light, move the light source or reflective surface (desk or table) until the light in the mirror vanishes.

Or, try using a floor lamp or pin-up wall light, so positioned that the light comes over the child's left shoulder.

Twelve Lettermen Boost Braves Stock . . .

## Olentangy Looms Big In Mid-Ohio Title Chase

Olentangy Braves, with twelve lettermen and a new coaching staff, kick off their 1966 football schedule Friday night as they travel to Graham Local before opening their Mid-Ohio schedule the following Friday night against Highland.

The Braves lost their two scrimmages, to Philo 2-0 and to John Glenn High School of New Concord 2-1, but coach Neil Davis feels the boys are coming around and will be ready for the opening game. Davis comes to Olentangy from Dresden where he compiled a 24-24-2 record in five years.

He will be assisted by Norm Roll, who will also be head golf

coach and reserve basketball, Dick Close, who will coach the Braves varsity baseball and basketball teams and Jerry Ansley, who will also handle the freshmen basketball.

The Braves have a wide range of weights, from senior Willard Brown at 205 to junior halfback, Bob Henry at 125. Steve Wilson, senior tackle weighs out at 185, Paul Green, senior center is 180, and fullback Navy Aquila is 179. Returning lettermen, including Brown, Wilson, Green and Aquila are seniors Carl Bair, 160 lb. tackle, Bob Cline, 165 lb. end, and Mike Halley, 160 lb. quarterback, Rick Kennedy, 160 lb. halfback and Jeb Schenck, 165 lb. tackle.

The twelfth letterman on the squad is sophomore end, Bob Davis, son of coach Davis, a transfer student from Dresden. A total of 31 are out for the varsity squad and 10 other boys are working out for a freshmen team.

Coach Davis said that he will have two sophomores starting and a couple others that have been showing pretty good stuff and they will see plenty of action.

Other non-lettermen out for the team are seniors Jim Barger, 150, Joe Haas 173, Bob Marsh 160, Herb Matheny 160, Dennis Schoenle 155, Kirk Smith 145, Gary Smith 130, and Earl Wells 150.

Juniors Lynn Askins 170, Steve Bell 140, Dan Crowner 140, Allen Davidson 150, Ken Fink 160, Bob Henry 125, and Rick Sample 165. Sophomores Dave Barger 150, Daryl Bell 140, Jerry Furay 175, and Jim Longhenry 170. Bob Kreis is manager.

The Braves 10-game schedule, including five home games, is as follows:

Fri. Sept. 9 — at Graham Local  
 Fri. Sept. 16 — at Highland  
 Fri. Sept. 23 — Mt. Gilead  
 Fri. Sept. 30 — at Big Walnut  
 Fri. Oct. 7 — Marion Catholic

## SPORTS

Eagles Impressive at New Albany . . .

## Big Walnut to Open At Mt. Vernon Saturday

Coach Del Stumbo's Big Walnut high Eagles ended their practice scrimmages on a happy note Saturday night at New Albany and now point to their season's opener Sat. against Mt. Vernon St. Vincents. The Eagles clipped Mt. Vernon here last year in their opener 36-12.

The game was changed from Friday night due to an entire new coaching staff at the Mt. Vernon School which failed to hire officials for the game.

Sophomore back Eddie Hoke, a defense that stopped New Albany cold in the regulation scrimmage, sparked the Eagles to their 3-0 win, after giving up a touchdown in the warmup series in which each team ran ten plays.

Hoke scored the first touchdown on a one yard plunge after a 65-yd. dash setting up the score. Captain Bob Townley, senior fullback, scored the second touchdown on a 3-yd. dive and Hoke came back to score the final 6-pointer on a 20 yd. run.

New Albany was a heavy favorite to defeat the undermanned Eagles. They placed second in the Mid-Buckeye league last year and are a heavy favorite to

win the title this year since they have a host of lettermen returning.

### Cool Weather Heralds Fall

This cool weather is announcing the approach of fall. The temperature has dipped to 50 the last two nights but the forecast calls for warmer weather this weekend. A half inch of rain fell here Sunday morning. Several farmers are filling silo and report that the corn is good. They are expecting a good crop of corn and soybeans this year. The Nags editor and his wife took the son, John to Washington and Lee College over the weekend and report the boys crops they saw were in community. Virginia and part of Pennsylvania are suffering from drought, torn and other crops are poor.

# Football Heat Deaths Preventable, Says AHA

CHICAGO—Heat deaths among high school and college football players could be a thing of the past if coaches and players follow recommendations made at a meeting here recently.

When football practice opens in a few weeks, the first hot days could be dangerous for players unless precautions to avoid heat illness are taken now, a panel of medical and sports authorities agreed.

Heat illness last year caused the deaths of one college football player and four, possibly five, high school players. It contributed to "close calls" and injuries of many more. The five-man panel, appearing at a meeting sponsored by the American Medical Association's Committee on the Medical Aspects of Sports, agreed that:

1. Prospective football players should get out of air-conditioned surroundings now and start getting accustomed to vigorous exercise in hot weather.

2. Coaches should abandon the old practice of withholding water from athletes during practice. Failure to replenish water and salt loss through perspiration increases the chances for heat exhaustion or heat stroke.

3. Athletes should be acclimated to hot weather by carefully graduated practice schedules. At least the first five days of practice should be devoted to non-contact workouts.

4. Both coaches and players should be alert for signs of heat illness, such as lethargy, stupor, awkwardness, or unusual fatigue.

University of Kentucky football coach Charles Bradshaw said his squad's practice sessions were improved by regular breaks for water and rest. Overworking players in hot weather only decreases their efficiency, he said.

Said Purdue University's team physician, L. W. Combs, M.D.: "Coaches used to think that if a player lost a lot of weight on the first day or so of practice, it was a good workout. Actually, all the player lost was body liquid—which is dangerous."

Allan J. Ryan, M.D., team physician at the University of Wisconsin, agreed with Dr. Combs. "Any player who loses more than three per cent of his body weight in a practice session is not getting enough salt and water," he said.

Excessive salt and water loss can result in heat stroke, an extremely dangerous condition, Dr. Ryan pointed out. Anyone can suffer heat

stroke if he is active in hot weather and neglects to replace salt and water lost by perspiration. The result is a breakdown in the sweating mechanism and collapse.

If prompt measures aren't taken to get the heat stroke victim cooled immediately, the result can be death—sometimes within 15 minutes.

Approximately 850,000 boys in 14,500 U.S. high schools now play football, said Clifford B. Fagan, executive secretary of the National Federation of State High School Athletic Associations.

"The few deaths that occur in football can probably never be completely eliminated," Fagan said, "but we can eliminate death due to heat illness—they are preventable."

Coaches can avoid trouble by keeping a close watch on their players for the first signs of heat illness, said William F. Newell, athletic trainer at Purdue University and executive secretary of the National Athletic Trainers Association.

Parents can help protect their athletes by watching for signs of fatigue and emotional strain, such as loss of appetite and poor sleep habits, Newell said.

Fred Hen, Ph.D., director of the AMA Department of Health Education and secretary of the AMA's Committee on the Medical Aspects of Sports, was panel moderator. Dr. Ryan is a member of the AMA Committee on Exercise and Physical Fitness and is a past president of the American College of Sports Medicine.

## In Early Days

### Peddler Was Familiar Figure; Often Target of Thieves

By Ruth Domigan Truxall

The peddler was a door-to-door salesman. Traveling on foot with a pack or a push-cart and carrying with him small household items, lengths of fabric, and notions which he offered for sale to the neighbors, he could build up a lucrative trade. In those far-off days of hardship and difficult transportation, the opportunity to buy at home was truly a convenience and a time-saver.

A shrewd business man, the peddler expected to pay his way with his wares and would offer some household item in exchange for a meal or a night's lodging. In time he would make friends in each community and have his regular stopping-places for overnight accommodations.

**Offer Reward for Robbers**  
Although profitable, his business was not without its hazards, as the following ad which appeared in the Ohio State Journal, March 15, 1841, attests:

The subscriber, a Dry Goods and Jewelry pedler, was, on Wednesday, the 3d inst. about 3 o'clock in the afternoon, robbed, about 17 miles from Columbus by two persons, one of whom, under pretence of purchasing a vest pattern, engaged his attention, while the other took and ran away with a small mahogany box, about 12 by 8 inches, with a leather strap on the top, containing the following money and goods, to wit: \$25 in gold consisting of sovereigns, twenty franc pieces, and American coins. \$250 in silver coin, and a

quantity of old gold and silver, consisting of spoons, watch cases and Indian ornaments and rings valued at \$100 more, besides two razors.

The person who took the box was about 5 feet high, apparently at 20 or 25 years of age, with brown hair, dark eyes, small whiskers and a florid complexion. He had on, at the time, a bluish net cap and gray coat and pannels. His comrade who purchased the vest, was about 28 or 30 years old, and wore a blue frock coat, torn under the arms, and pantaloons of the same color. He was about 5 feet 6 inches, with a small spare face.

The above reward of \$100 will be paid for such information as will lead both to the detection and arrest of the villains and the recovery of the stolen property; or \$50 will be given for either the detection of the robbers or the recovery of the property alone.

N. B. Any information left at the office of the Ohio State Journal, would be gladly received by the subscriber.

## Parents Can Help Beginner Take That 'First Big Step'

Helping the very little child to take "The First Big Step" into the world of education is considered even more important than preparing him for the "second big step," which would take him to college.

It is at the beginning that learning to learn, on which all education is based, actually starts. And thanks to a new booklet made available for the first time this year, parents of pre-school children who instinctively want to give their youngsters as much of a "head start" as possible, some well organized advice is available.

What it means to go up, down, behind and inside; How to count to 10—fingers and toes are ready-made for teaching this; How to hold a pencil or a crayon—fat ones are easier for them to use.

The booklet is available from the National School Public Relations Association, at 63 cents for a single copy. The address is 1200 Sixteenth St., N.W., Washington, D.C. 20036.

It's really a "handbook" for parents that the National School Public Relations Association has produced in some 36 illustrated pages and it is appropriately titled "The First Big Step."

A sampling of some of the things parents can do while the child is yet at home, and before he takes that "first big step" is to make sure he knows: His age and birthday; colors and shades of colors; the shapes of things—a circle, a square, a triangle.

## Secret Of His Success?

Once a professional athlete develops a way of doing things that keeps him winning, he stays with the pattern. Bob Locker of the Chicago White Sox, one of the American League's best relief pitchers, charges himself up with peanut butter to keep his curved ball curving and his sinker ball sinking. Whenever Bob is called on to pitch, it's an emergency situation with the White Sox in trouble, and he has to perform immediately at peak efficiency. He has been a fan of Peter Pan for high protein energy boosts ever since his days in the White Sox farm system.

Sharing Bob's enthusiasm for baseball and peanut butter is Rick Deerrfeld, 15, of Evanston, Ill.

## Ballots Mailed Producers For Lamb-Wool Program

Ballots for voting in the referendum on the lamb and wool promotion and market-development program were mailed Sept. 7 to producers in Delaware county, James Fleming, chairman, Agricultural Stabilization and Conservation County Committee, announces.

The referendum will determine whether or not deductions will continue to be made from producer payments earned under the national wool program. The funds collected are used by the American Sheep Producers Council to carry out a program of advertising, promotion and related activities under an agreement with the Secretary of Agriculture.

The proposed agreement will become effective if it is approved by at least two-thirds of the total number of producers voting or by producers having at least two-thirds of the total volume of production represented by votes in the referendum.

**In Effect Since 1955**  
According to the chairman such an agreement has been in effect since the 1955 marketing year as approved by producers voting in referendums. If approved in the September referendum, a new agreement will authorize continuation of the deductions from payments on marketings through 1969. If a new agreement is not approved by producers, no deductions will be withheld from payments on 1969 marketings and ASPC programs will be continued only as long as the present reserve fund permits or until some other agreement may be approved by producers.

Approval of the new agreement would authorize payment deduction of up to 1 1/2 cents a pound on shorn wool and 7 1/2 cents a hundredweight on unshorn lambs. These deductions compare with 1c and 5c in the past. The higher deductions were recommended by ASPC member organizations as a means of financing a moderately expanded promotion program for both wool and lamb.

**Producers Eligible to Vote**  
Producers eligible to vote in the referendum are all those who have owned sheep or lambs six months of age or older for at least thirty consecutive days since last Jan. 1. Votes may be cast by individuals, corporations or partnerships. Cooperative associations may qualify to vote for all of their eligible members who would not otherwise vote in the referendum.

Producers may vote in the referendum as soon as the ballots are received and voting will end

Sept. 23.

The chairman urges any producer who believes he is eligible to vote and who does not receive a ballot by Sept. 9 to get in touch with the ASCS county office. To be counted the ballots must be received by the office not later than Friday, Sept. 23.
