

Drivers Escape Injury When Car Collides with Oil Tanker Here

COLLISION DEMOLISHES SUNBURY MAN'S CAR. SPILLS 1500 GALLONS DIESEL FUEL OIL.

A Sunbury man and a Heath truck driver escaped injury in an auto-tractor-semi collision at the intersection of Columbus and Cherry Streets on the northwest corner of the Sunbury Square shortly before 5:00 o'clock yesterday morning.

Martin Baranek of Sunbury, driver of the car, and John Cass of Heath, driver of the tractor-semi tank truck owned by Leslie J. Strawn of Canton and loaded with 5,000 gallons of Diesel oil, both escaped injury.

Baranek lives in Northern Heights here and owns and operates a Standard Oil Service Station on the corner of Morse Road and the 3-C Highway. The Franklin county sheriff's office called him at 4:30 yesterday morning to tell him that his station had been burglarized and he was on his way to the station when the accident happened.

The Baranek car was demolished as it ran under the side of the tanker semi, tore off the meter box and meter, bent the hose carrier and poked a hole in one of the tanks to drain the fuel oil. Baranek told Officer Ted Budnick that he was in a hurry to get to his station and failed to stop when reaching the intersection.

John Cass, truck driver, told the News that he saw the lights of the car but thought that it would stop. "When I saw that it was not stopping I thought that I had time to get through but when he hit me I applied the air brakes on the semi." The semi was going west on Cherry Street and Baranek was going south on Columbus Street which is the stop street when the traffic light is not working.

The Baranek car was demolished and he escaped without a scratch. The truck driver believes that the car's windshield was shattered when it ran under the hose rack on the semi. The car was thrown up into the DeVore Funeral Home lawn. The semi was loaded with 5,000 gallons of Diesel oil and 1500 gallons poured into the street from the tank that was

Army Engineers Want Most Roads Closed by New Alum Creek Reservoir

Army engineers and State Highway officials met with the Delaware county commissioners last week to discuss which roads will be closed by the Alum Creek Dam.

BIG WALNUT SCHOOL EMPLOYS TEACHERS

Big Walnut Board of Education in session Tuesday evening approved investment in the US Treasury of \$50,000 of General Fund money until Dec. 22, 1966 and \$50,000 Bond Fund money until Nov. 25, 1966.

The board also approved the Vocational Agriculture trip to Kansas City with Wayne Sanders taking five boys to the National FFA Convention Oct. 10. A list of substitute teachers and bus drivers was approved.

Mary M. Thomas was employed for high school special education. She has ten years experience and a BS degree in Education from OSU. Carolyn Crie was employed for junior high science and arithmetic to create more sections of these classes to relieve the large classes.

The board approved issuing of high school equivalence certificates to persons over 21 years of age and who have achieved a standard score of 40 or more on each of the five tests of the General Educational Development Test.

The development of a program of studies for slow learners on the high school level which is a terminal program leading to graduation and the granting of a diploma was approved. A physical fitness program for the winter months was set up for all boys wishing to participate.

The Army engineers wanted to close all roads affected by the dam except State Route 37 which is also US Route 36, according to Claude R. Barton, Delaware county commissioner. "We want to keep the Lewis Center Road, Cheshire Road and Date Turrell Roads open," Mr. Barton told the News.

The Lewis Center Road is in Orange and Genoa townships, the Cheshire Road is the east and west road through Cheshire and the Date Turrell Road is in Brown township.

The Army engineers are to present a map of the proposed roads to be closed this week and will meet with Delaware county officials again as no action was taken on their proposal presented at this meeting.

Heart Attack Fatal To Center Village Man

Gail Robbins, 54, died suddenly from a heart attack at his home east of Center Village Friday. He had been sowing wheat and went to the house when it rained and was preparing to go to the doctor when he was stricken. He is a lifelong resident of the community.

Funeral was held Monday afternoon in the Emerson Funeral Home at Johnstown with the Rev. Clarence Stockwell conducting the service. Burial was made in Green Hill Cemetery.

Surviving are his wife, Eva; a son, Edmond of Johnstown; daughters, Mrs. Eileen Ebner of Columbus, Mrs. Jay Bryant of Sunbury and Miss Betty Robbins at home; two brothers, Forest of Utica and Cecil of Grand Rapids, Mich. and six grandchildren.

Those attending the meeting were Don Williams and W. J. Moffett of the Army Corps of Engineers; Frank Williams, director of Division 6 of the Ohio Highway Department, and M. B. Richey and Wayne Kaubie of the department; Col. C. T. Foust of the Ohio Department of Natural Resources; Kenneth R. Reed, Dean Miller and C. R. Barton, Delaware county commissioners; and Harold McMillan, commissioners' clerk; Prosecutor George C. Smythe; County Engineer Charles E. Eliot and E. Paul Shisler, Regional Planning head.

First Soybeans Are Good

Soybean producers are hoping for dry weather this week to give them a chance to combine their beans which they believe is a better-than-average crop. Roy Comstock of Condit brought a load of beans to the Farm Bureau elevator Tuesday that tested 56 by weight and 13.67 moisture. "These were combined Monday. They are good and will make from 35 to 37 bushels per acre," he told the News. R. T. Hetrick was in yesterday with a stalk of soybeans with 150 pods on it. "How's that," he asked.

Delaware Registers 4726 Voters
Delaware county's first voter registration held in Delaware City totaled 4726 voters at the final hour Wednesday to fall below the 1962 election when 4761 voters cast ballots in the city. The county Board of Elections office had 242 register on the last day. Plans are under way to register the entire county next year. If you do not register you cannot vote.

VANDALS DAMAGE COUNTY MACHINERY

Vandals have been causing a lot of damage to Delaware county highway equipment at their gravel storage on the Big Walnut Conservation Club grounds on the Croton Road east of town.

The vandals broke windows out of stone moving equipment and ruined the regulators on the dash on one stone loader recently with a screw driver.

After several cases of vandalism the county forced the area six weeks ago. Since then the gates have been broken down three times and equipment damaged.

David Fravel of Harlem, county highway superintendent, told the News that the equipment had been moved until heavy steel gates could be installed.

Youth Loses Driving License

James Hilton, 16, of near Sunbury was taken into custody on Tuesday evening by Officer Ted Budnick for reckless operation of his car on Letts Avenue. He appeared in Juvenile Court yesterday morning and Judge Paul W. Barrett suspended his driving license for 60 days and ordered him to pay court costs.

Sheriff Names New Deputy

Walter E. Neace, 29, of Delaware has been appointed a deputy by Sheriff Eugene Jackson. He has been in the service station business with his brother in Delaware.

District Names Cressy For GOP Platform

State Representative Kenneth B. Cressy of Delaware county was unanimously chosen at the 8th Congressional District caucus to represent the district on the Platform Committee at the Republican State Convention to be held Saturday, Oct. 8 in the Coliseum at the Ohio State Fairgrounds.

Cressy is a four-term State Representative from Delaware county and is a candidate for re-election to the House from the new 18th District.

The Platform Committee is meeting in Columbus this week to draft the final platform to be presented to the Republican delegates during the afternoon session of the state convention.

The 8th District caucus was held last week in the courthouse in Upper Sandusky. All eight counties in the district were represented with Walter Penry of Radnor, chairman of the Executive Committee, representing this county.

County Buys Cars for Sheriff

Delaware county commissioners in session Monday purchased two cars for Sheriff Eugene Jackson. A 1967 Ford Custom 4-Door was purchased from Humphries Motor Sale for \$2390 with no trade in. A 1967 Chevrolet Biscayne 4-Door was bought at Keefer Chevrolet, Inc.; a trade in was made for \$841.83 and another discount of \$25 made the cash paid for the car \$1875.

These will serve as jurors during the term which ends Jan. 1. Forty jurors were drawn for jury duty and these are given in the following:

Edith Perfect, Robert W. Kohberger, Harold Ault, Carmine Blanton and Paul Henry of Sunbury; Mary Mackley, Homer H. Moore, Kenneth B. Mackley and John H. Hamilton of Galena; Mary Roar of Kilbourne; Mike F. Sabados of Trenton twp.; Thomas M. Murtough of Berlin twp.; Grace O'Connell and Vera Miley of Brown twp.

Harry Wagon of Ostrander; Hansey Looney, Bernard L. Ballard and Jane Vining of Scioto twp.; William Brooks and Robert C. Reck of Concord twp.; Edward F. Howey of Radnor twp.; Geraldine Hornsby and Margaret Miller of Delaware twp.; Harold Conklin of Scioto twp.; Effie M. Thompson of Shawnee Hills.

Those drawn for jury duty in Delaware City were Robert P. Hills, Lillian Campbell, Patricia Ann Miller, Doris E. Reed, Marie Brodnax, Winifred E. Bagbagill, Keith Sheets, Mary Jo Humes, Kent Westbrook, Doris Johnson, Lovell E. Smith and Mabel M. Ward.

COLDER WEATHER TO BRING KILLING FROST

It's cool today and colder is the forecast for the weekend with the season's first killing frosts expected.

Farmers are hoping for frost and dry weather to give them a chance to combine their soybeans and pick corn. Most of the producers believe that the soybeans and corn are the best in years and they want to harvest these crops.

A half inch of rain fell here Friday to delay the harvest and the temperature was 46 above Saturday morning. It was cold Sunday with a low of 36 above. The low Monday was 40, 48 on Tuesday and 50 yesterday. It rained a little Tuesday morning. Many have sowed wheat and the crop is up and looks good.

FUNERAL DIRECTOR FINDS HIS STOLEN CAR

Thieves stole the Cadillac of George DeVore, Galena Funeral Director, from his driveway in Galena last Wednesday and he found it the next morning on the old 3-C highway in the Burd addition on his way with a patient to Westerville.

George told the News that he was driving down the old 3-C when he noticed that the left rear fender of a car was sticking out into the highway. I slowed down and it was my car that was stolen the night before.

"They had driven the car 60 miles and blew the hose off that drowned out the engine. There were a few scratches on it and a bump on a door, he told. He had left the keys to the car in the house when he parked it in the drive beside his home Wednesday night.

The State Highway Patrol is investigating the theft.

Frost Sings at State Banquet

Ted Frost of Sunbury sang three selections at the request of Gov. James A. Rhodes at the state recognition banquet for buyers of the Grand Champion Steer of the Ohio State Fair this year held at the Milano Club in Lima Saturday evening. Several hundred invited guests attended the banquet. Mrs. Carl Fritsche accompanied Ted on the piano. Others attending with Ted were Mrs. Fritsche and Wayne Sanders, Ted's Vocational Ag instructor at Big Walnut. Mrs. Fritsche is Ted's voice teacher in Big Walnut.

Tax Book to Close Oct. 10

Delaware county treasurer, Harold Gooding, will close the tax books for the second half collection of personal property taxes Oct. 10. They may pay at the treasurer's office any time until that date. After that date there will be a penalty.

Vans Valley Man Dies Suddenly

Joe Lewis of Vans Valley died suddenly yesterday morning as he was cutting a tree down for Jake Edwards. He is a lifelong resident of the community. The News was unable to obtain any information on the funeral.

County Commissioners to Hold Hearing on Code

Delaware county commissioners had a busy session last week with sub-division hearings, employing welfare workers and other business.

A public hearing will be held Monday morning, Nov. 7 at 10:00 in the commissioner's office on sub-division regulations. This was decided to clear arguments on the present regulations.

A. Lee Henderson of Genoa twp. attend the meeting on Monday and presented his plan for a sub-division in Orange twp. This includes 13 lots in the Meslo Sub-division on Powell Road west of the Freeway. He wants to replat the lots that were approved in 1963. The Regional Planning Commission took action recently to enforce sanitary codes for sub-divisions. His request was delayed. Approval was granted to George B. Stout on his Buntz Acres Sub-division of

2275 acres in Liberty twp.

The commissioners and juvenile Judge Paul W. Barrett passed a resolution to declare their intent to form a District Detention Home organization and to appropriate \$850 for the Community Action Program if Madison and Union counties approve and appropriate the same money. The group also specified that they would go along if the State Legislature makes a suitable subsidy for use in both the construction and operation of a District Detention Home and that if a building levy would be passed by the voters in the county.

Two new members were appointed to the Planning Commission Board of Appeals. Francis Ulrey of Porter twp. was named for five years and William Strawser was named to finish the term of Bernard Hurt.

Resignation of Marie Imes as case worker in the Welfare Department was accepted and she leaves Sept. 30. Welfare staff members employed for the office since Oct. 1 were Nancy L. Miller, case worker, and Elaine Rieseke, instructor, each at \$360 a month and Mary L. Smith, bus driver, for nine months at \$132 a month.

County PTA Council to Hold Instruction School

Delaware County Council of P-T-A will hold its annual School of Instruction Monday evening, Oct. 10 at Olentangy High School.

Registration will begin at 7:15 and the general meeting starting at 7:45. Mrs. Walter McClintock, president, will preside.

Training will be offered to all county unit officers, delegates, chairmen, school principles and superintendents. The council chairman will have on display ideas and suggestions to assist the unit chairmen.

The following representatives of the Ohio Congress of P-T-A will serve on a panel discussion: Mrs. M. Sheatley, Mrs. C. Taft, Mrs. H. Kinney and Mrs. J. Kirby.

Sunbury United Appeal Drive

Sunbury's annual United Appeal drive will open Oct. 24 and continue through October with a goal of \$4,000. Dr. Paul Miller is chairman of the drive and Mrs. Marion Owen is secretary. The slogan for the drive is "Give Where You Live".

The News Editor Speaks . . .

The News endorses the zip code system the postoffice department is applying to the processing of mail. Each year the burdens of the postal clerks and carriers have become greater. The department is making every attempt to move this huge volume of mail faster and with fewer errors. Oftentimes, we patrons become critical of the mail service, but we are often at fault ourselves with incorrect addresses. Many of the errors are our own.

Several months ago this newspaper started zip coding our mailing lists. Zip coding and close cooperation with our postal officials who watch the dispatching of our papers have given us good delivery service. Thousands of newspapers are mailed from this office each year and we find very few complaints in comparison to the large volume of papers handled. We urge you to fill out your zip code cards this week. These numbers will help the mail sorters overcome many problems they have had in the past if we all give this program our full cooperation.

It's past time to halt vandalism that is taking place in this community and county. Let's put on some special police and pick up these hoodlums and then our juvenile courts had better start sending them to the boys' reformatory and make the parents pay for the damage rather than put the boys on probation and trying to scare the parents. It is something when property is destroyed, road signs torn down, and equipment damaged and the culprits keep it up.

Coach Del Stumbo really had his Eagles rolling in the mud Friday night to splash the Olentangy Braves. You Big Walnut fans should be out there for every game and help these young Eagles win.

Sunbury's United Drive will be held this month. Contribute all that you can and help those less fortunate.

Fire Prevention Week Goal

Fire prevention time has come around again, as this week we observe Fire Prevention Week.

In thousands of towns and cities across the nation there will be addresses on fire prevention in schools, service clubs, and other organizations.

In many communities, teachers are taking their students to visit the local fire department station house to see the fire apparatus at close range, and the firemen who man the equipment.

Amazingly some people will ask why we observe Fire Prevention Week every year.

The answer is simple. By using ordinary care, we can prevent fire from happening. And if we do that, Fire Prevention Week will have been worthwhile.

TIPS FOR WISE TEEN-AGERS . . .

High School Students Can Help Selves to College

The resourceful high school student — and this goes for the girls as well as the boys — can take steps toward helping finance his own college career by taking advantage of the job opportunities now available to literate people of average intelligence.

• Many jobs are available in local stores, supermarkets, shopping centers, where the need for clerks and cashiers at checkout counters is usually great. Get yourself on a list for part time after school and Saturday jobs.

• Courteous gas station jockeys who know how to make change also are reported in short supply most everywhere.

• Specially for the girls are opportunities in business offices large and small. Typists and filing clerks and the partially trained, who are able to substitute during the regular secretary's vacation, are needed.

• For the teen-age lady there are "private-enterprise" opportunities, such as can be developed by putting their "glorios" and a "walkie-talkie" to work in organizing a "special delivery" service for stores and shoppers alike.

• The enterprising lad who has a power mower available might develop quite a list of clients for mowing lawns. Modern mechanization here helps him cover a lot of ground quickly, profitably.

• As for girls — so many of whom want to go into teaching or nursing — why not "organize" a baby sitting service, instead of being a "loner."

Earning while learning can also become learning while earning. Activity that pays in the work-a-day world can pay two ways for teen-agers. First, it yields money; second, it yields experience in the adult world.

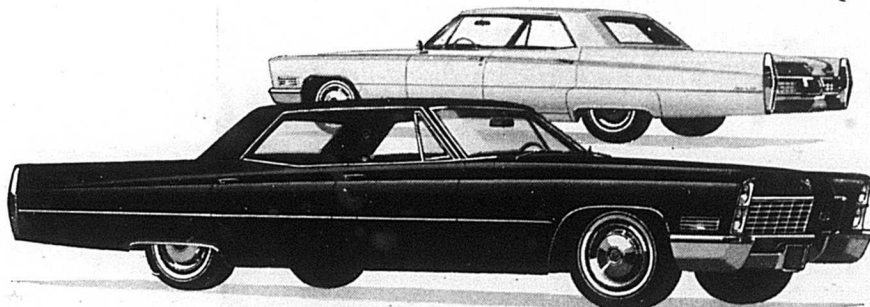

William Murray, pastor of Mt. Pleasant Church, with international headquarters in Marion, Ind.

World Gospel Mission is an interdenominational missionary organization with 240 missionaries serving 16 fields of the world. Rev. Murray extends an invitation to all to attend these services.

Surprisingly New! Superbly Cadillac!

ELDORADO...world's finest personal car

SEDAN de VILLE...another dramatic Cadillac surprise

INTRODUCING THE 1967 STANDARD OF THE WORLD

You are looking at two of the newest luxury cars ever created. They are typical of Cadillac for 1967. The Fleetwood Eldorado—the world's finest personal car—is the first exciting case in point. Eldorado is a styling masterpiece... with its spectacularly long hood, its daring new roof lines and its dramatic rear quarter design. It is also an engineering triumph. For Eldorado is the first car in the world to combine the sure-footed traction of front wheel drive with the maneuverability of variable ratio power steering

and the balance of automatic level control. And with all its spirit and action, Eldorado provides unusual five-passenger spaciousness and the quietness and comfort that only Cadillac could create. This brilliant newness also marks the Cadillacs you are most familiar with. For they are the most beautiful Cadillacs of all time... with a new forward-sweeping grille and a new side contour that flows from front to rear! And with this new Cadillac look come a number of other achievements...the most luxurious

interiors in history...a new generously padded instrument panel...a more responsive Cadillac engine...improved variable ratio power steering...and a new General Motors-developed energy absorbing steering column. Discover Cadillac for 1967 for yourself...at your authorized dealer's. Once you have personally seen and driven these exceptional new automobiles, you'll agree that never before has anything on the highway said new so beautifully...or Cadillac so well!

Clean, flameless electric dryers cost less to maintain.

Go flameless...put on a happy face!

Most people already know that electric dryers cost less to buy and install. But did you know that an electric dryer continues to save you money year after year? That's a fact. Take maintenance, for instance. Flameless electric dryers have approximately 15 fewer working parts to break down or wear out. This means fewer service calls and longer life for your electric dryer. Another thing, electricity is 100% efficient. And your flameless electric dryer uses only clean, flameless electricity for energy. It's easy to see why every day, more and more people give more reasons for going electric.

Defense Shines as Eagles Upset Olentangy 6-0

A superb defensive effort by the Big Walnut Eagles last night gave them a 6-0 win over Olentangy Braves in their opening home game before a crowd of several hundred rain-soaked fans.

The Eagle defense stopped Olentangy twice inside their own 10-yd. line and also recovered four Brave fumbles, one which set up the only touchdown of the game, a 40-yd. run by wingback Jim Beaver early in the second period.

The loss practically eliminates the Braves of Neal Davis from the Mid-Ohio title race, dropping their league record to 1-2 and the overall to 1-2-1. Big Walnut is 1-1 in the league and 2-2 overall.

Gary Shannon was the defensive standout for the Eagles, being credited with 9 tackles.

SPORTS WINDOW

BY JACK BREHM

Marion Catholic disposed of their second straight undefeated team Saturday night as they topped Cardington 8-0 and now stand on top of the league with Mt. Gilead, both with 2-0 records. I was rather surprised that Cardington stayed that close to Catholic but the real shocker in the league was Big Walnut's 6-0 win over Olentangy. If ever a team showed desire, the Eagles certainly displayed it in their big victory over highly-regarded Olentangy before one of the smallest crowds to ever attend a game here. The soaking-wet muddy heroes were certainly a proud happy group after their win and they certainly deserve a pat on the back for their great win. With the spirit they displayed, it's really hard to say just how far these boys can go. Coach Del Stumbo and his fine staff are doing a great job considering the difficulties they have experienced this year, and we wish them continued success. And what better time to start a winning streak than this Friday at Mt. Gilead? . . . Russ Fravel's Danvers, Mass. football team, although a 2-touchdown underdog, tied 6-6 in their opening game a week ago Friday night. . . . A football special will be run from Sunbury on Sunday, Oct. 23 to the Cleveland Browns-Dallas Cowboys game. Tickets may be obtained from "Spider" Stelzer at the Sunbury Grill. . . . The Athletic Boosters took advantage of the nice weather last Thursday and strayed the new football field. Boosters Bill Brown, Gary Giberber, Ed Hoke and Bob Morris did all the work.

plus a fumble recovery that stopped an Olentangy drive in the fourth period. Bob Townley had 7 tackles, Bill Brown 6, and Eddie Hoke and Howard Pontius 5 each, with Hoke picking up a fumble recovery.

Senior tackles Willard Brown and Dennis Schoenleber led Brave tacklers in the muddy defensive game with 7 and 9 respectively and Bob Cline was credited with 2 fumble recoveries.

Bob Cline recovered a Big Walnut fumble on their second play from scrimmage shortly after the game started on the BW 25-yd. line. Rick Andrews carried to the 24, David Hensley to the 20, Andrews to the 15, and again to the 4-yd. line where the Braves fumbled the ball. Eddie Hoke recovered for the Eagles on the 6-yd. line.

Jim Beaver carried three straight times out to the 28-yd. line, Townley then carried two times to the 39, where a fumble by the Eagles was recovered by Cline. On the next play a Brave fumble was recovered by Tom Paul, but the Eagles were unable to move the ball and punted to the Brave 20-yd. line.

On the Braves first play they fumbled and Beaver fell on it for the Eagles on the 30-yd. line. Eddie Hoke's run to the 20 was nullified by a clipping penalty on the next play, moving the ball back to the 41-yd. line. From here Beaver cut to the outside and ran down the sidelines for the lone TD of the game. His run for extra points failed.

Later in the second quarter, Olentangy recovered a fumble on the BW 49-yd. line and opened a drive to the 25-yd. line. Harvey Stover caught Aquila for a 4-yd. loss and Pontius dumped Halley for a loss of 7 yds. forcing the Braves to punt and ending the drive.

Olentangy drives to 9-Yard Line
Olentangy mounted a 51-yd. drive the first time they had the ball after forcing BW to punt after the second half kickoff which carried to the 9-yd. line where the Eagles took over. Navy Aquila, Rick Kennedy, Mike Halley and Dick Andrews did all the ball carrying in this drive.

The Eagles were unable to move the ball and punted to the Olentangy 45-yd. line. Again the Braves drove to the BW 31-yd. line where they Eagles led at the third period ended.

Big Walnut received a break in the early part of the fourth period when a short kick rolled after the second half kickoff. The Braves drove to the BW 31-yd. line where they Eagles led at the third period ended.

Big Walnut received a break in the early part of the fourth period when a short kick rolled after the second half kickoff. The Braves drove to the BW 31-yd. line where they Eagles led at the third period ended.

After an exchange of punts, the Braves once again mounted a drive late in the fourth period when Kennedy returned a punt

12 yards to the Brave 32-yd. line. Halley ran to the 36, then passed to Kennedy to the 41-yd. line. Halley then picked up a first down on the 45. On the next play, a pass that fell incomplete was ruled a lateral by the officials, and since Gary Shannon was the first one to touch it, possession of the football went over to the Eagles who ran out the clock.

The Braves led in yards gained with a net of 147. Five yards of this total was the only pass completion of the game. Big Walnut gained 136 yds. and didn't attempt a pass. The Braves led in first downs 8-4 and also in fumbles where they had five and lost four. Big Walnut lost three of four and was penalized 50 yds. to 25 for the Braves.

Leading ground gainers for the Braves were Andrews with 47 yds, Aquila with 42 and Kennedy with 24.

Junior High Tops Chesterville 38-0; 7th & 8th Grade Teams Play Saturday

Big Walnut's combined 7th and 8th grade teams rolled up their first win of the year Saturday night at Highland as they swamped Chesterville 38-0 with all of the eighth graders plus sixteen of the seventh graders seeing action.

Saturday night on the playground the teams will entertain Delaware with the 7th grade game scheduled for 7:00 and the 8th graders playing at 8:00.

Ralph Cook scored two touchdowns to pace the Junior High footballers against Chesterville as they rolled up 304 yards to 63 for the losers. Scott Buell ran for a 45-yd. TD and also scored

four points on two runs for extra points. Bill Beacom also scored ten points on a TD and two extra point runs and Bob Edwards scored a TD.

The Junior High team is coached by Howard Bricker and Bill Liming.

Japan To Host '72 Winter Olympic Games

Ski Jump

Olympic Village

The International Olympic Committee recently awarded the 1972 Winter Olympic Games to Japan, the first Asian nation to be so honored. The competitions will be held in various venues in and around Sapporo in Hokkaido, the northernmost island in the Japanese archipelago. Sapporo City hopes to have most of the construction work completed in 1971 in order to hold a dress rehearsal in an international meet of the world's leading skiers and skaters. More than 60,000 visitors are expected to converge on Sapporo for the Games, and the Japanese Government and local governments concerned are determined to duplicate the success of the 1964 Summer Olympic Games which were held in Tokyo.

KINGSTON CENTER NEWS

By Mrs. Orville Tuller

The regular meeting of Kingston Grange No. 2489 was held Saturday evening with a good attendance and most of the new officers present. Mr. and Mrs. Corwin Heinlin and Mr. and Mrs. Walter Cook served refreshments. Mike Seitz won the cake which the home ec committee sold chances on. Plans were made for winter meetings and also for kitchen improvement.

Henry Groves of Ashley passed away Wednesday in Jane Case Hospital. Orville and I will greatly miss our brother-in-law. He will also be missed by other near relatives here. Mr. and Mrs. Charles Brookens, Mr. and Mrs. LaVene Crooks and Mr. and Mrs. Robert Seitz and all the children. Mrs. Lena Serles who makes her home with the Groves is quite poorly at this writing.

Quite a few neighborhood boys and girls gathered at the Orville Tuller home Sunday afternoon to enjoy pony and bicycle races with the Crooks grandchildren of Mr. and Mrs. Tuller. You wouldn't

like a variety puppy would you? We have some to give away.

Mr. and Mrs. Kenneth Seitz who were recently married called on his brother, Robert, and family. They have returned to Texas where he is employed. His wife is from Cardington.

Mr. and Mrs. Frank Daily had as their weekend guests their daughter, Virginia, and her friends Rose Marie Reiber and Judy Kaiser of Cincinnati. Other guests were Mr. and Mrs. Ken McGoughlin and Roger of Worthington.

Mr. and Mrs. Orville Tuller recently called on Mr. and Mrs. Clarence Stockwell in their new home and found her much improved.

The Jack Smith family have moved into the McNett property.

Mrs. William E. Sheets accompanied her daughter, Terresa, to Oberlin with the Buckeye Valley

band Saturday evening. Mr. and Mrs. John Wilson and children are moving to their new home near Centerburg. We are sorry to lose them as our good neighbors.

Mr. and Mrs. Harold DeLong of Columbus and children visited Mr. and Mrs. William Meade and family Sunday.

Mr. and Mrs. Robert E. Seitz and Mike and Beth were Sunday supper guests of Mr. and Mrs. Dowel Seitz and children at Mt. Gilead.

LIBRARY SHORTAGE

Despite gains made by the nation's public libraries, unprecedented demands, says the U.S. Office of Education, indicate they need 102 million more books and 7,000 trained librarians.

BIG WALNUT HIGH SCHOOL NEWS

Susan Arthur, Editor

FFA Scores High at Fair
The Big Walnut Chapter of the Future Homemakers of America did very well at the Delaware County Fair. The over one hundred entries resulted in the winning of sixty-eight A's, twenty-six B's and three C's. The chapter also received an A for their booth with the theme being "Sailing the Harbor of Maturity."

Alice Stemen won the baked goods award and also a silver tray. She had entered eight kinds of baked goods.

Members of the chapter on the junior fair board are Reva Gallogly, Estelle Hunter and Alice Stemen.

Y-Teens Plan Homecoming
The Y-Teens of Big Walnut are very busy planning the 1966 Big Walnut Homecoming. Committees have been formed and plans for the dance are shaping up. The theme of the dance has been chosen and it is "Sweethearts on Parade." The new homecoming queen and her court will crown over the game Big Walnut versus Highland.

The Y-Teens would like to take this opportunity to invite the public to the homecoming dance Oct. 14 from 10:30 to 12:00. The prices will be 75c stag and \$1.00 drag.

With the Y-Teen aim being community service, they were more than happy to accommodate the Athletic Association by selling programs for the football field. This project will not only boost the Y-Teens treasury but will also help earn money for the new football field.

GAA Has Slave Drive
A slave drive was the subject of greatest interest when the GAA held its initiation on Tuesday, Sept. 27. During a slave drive the new members are "bought" by the old members and are made to do menial tasks for the course of a week. The proceeds go into the GAA treasury.

Following initiation, the girls then participated in volleyball and various co-ed games. Following the meeting, interscholastic practice was held. The girls are being trained in volleyball as they are to participate in meets with other schools.

Junior Class Discusses Plays
The Junior class officers are steering committee met Sept. 3. There were several pertinent items to be discussed. The main item of immediate concern was the junior play. They have narrowed the field of plays down to six. Soon the play try outs will be held and practices will begin.

Noted Professor to Speak
On Friday, Oct. 7, the students of Big Walnut will be privileged to hear William F. Hanert, chairman and Professor of Zoology at Ohio Wesleyan, speak at an assembly at 8:30 in the morning. Mr. Hanert has the honor of being a National Science Foundation Fellow, Bruce Fellow in Zoology, and has also been honored by the John Hopkins University. Mr. Hanert will be talking to the biology classes throughout the day. The public is invited to the assembly.

From the Principal's Desk . . .
Terry Moore has been selected to represent Big Walnut at the seventh annual testing program sponsored by Columbus and Southern Ohio Electric Company. The top students from the central Ohio district will participate in the National Youth Conference on the Atom in Chicago.

The purpose of this conference is to present to a group of the nation's most able students an authoritative and inspiring picture of the promise of the peaceful atom in its various applications and to help advance interests in the study of science in the United States.

Each high school of our size

is entitled to nominate one senior student. The testing program will be held at The Ohio State University in the Ohio Union on Saturday, Oct. 8 starting at 9:00 a. m. The test will consist of three forty-minute segments: Reading Comprehension, Mathematics and Science.

Fourteen students will be taken by chartered bus to Chicago, Oct. 26-28 with all expenses paid by Columbus and Southern Ohio Electric Company.

Big Year Anticipated For Refrigerators

Anticipated high replacement of units sold during the high-volume mid-50s and rising family formation rates are prime factors in forecasting a record six million units at the volume potential for refrigerators in 1967, says Home Furnishings Daily.

Other forecast trends will be greater demand for large capacity units, frostless units and decorator colors.

Open House Set For Seventh Grade Parents

Big Walnut seventh grade parents are invited to attend an open house Tuesday evening, Oct. 11 at 7:30.

The rather informal get-together will be held in the Big Walnut Junior and Senior High School building with an opening session in the school cafeteria. Teachers will be introduced and parts of the school program explained. Immediately following parents will follow their child's schedule through seven shortened periods of the day. Theme for the meeting will be "Let's get acquainted with Johnny's schedule".

Coffee, cider and donuts will be served during the free times and immediately following the entire session.

All parents are encouraged to come to the session. It will be an excellent time to meet with the teachers. Dave Rump, assistant principal, says, "Certainly by now parents have many questions about the school program, etc. You owe it to your child and yourself to show them that you are interested in their future in school."

FFA to Attend Convention

Five members of the Big Walnut FFA Chapter and their advisor, Wayne Sanders, will attend the National FFA Convention in Kansas City, Mo. Oct. 11 through Oct. 15. Those going are Ted Frost, Mickey Arthur, Kurt Ide, Charles Bachman and Darrell Glick. Ted Frost will sing in the National FFA Chorus.

Safety Education Seen a School Job

Fire prevention should be taught in every primary and intermediate school throughout the nation, J. Dewey Dorsett, president of the American Insurance Association said today.

"It is at the early ages that children learn the most quickly," he asserted. "If children between the ages of five and twelve are taught what fire is and how fire hazards can be avoided, it will benefit them all their lives."

"Schools have an obligation not only to protect children while they are receiving their education, but also to teach children to protect themselves. Fortunately, most schools recognize the need for teaching fire prevention, but fire safety education should not be a one-shot lecture."

"Fire prevention instruction should be given to students periodically. There should be refresher lessons on protection against fire at least as often as school fire drills are held."

RECORDS WILL SPEED WOOL APPLICATIONS; DELAWARE COUNTY PRODUCERS RECEIVE \$22,762

Producers were reminded today of the importance of supporting their application for payment under the wool program with full and accurate information and sales records.

James Fleming, Chairman, Agricultural Stabilization and Conservation County Committee, said that specific information is needed in filling out the application forms. While all applications are reviewed before they are approved for payment, they can be handled more quickly if they contain complete necessary information and are supported by the necessary sales documents.

For instance, program payments are made on shorn wool sales by the applicant during the marketing year, provided the wool on which he is applying was shorn from sheep or lambs which the applicant has owned for at least 30 days. There is need to apply the sales document in support of the application for payment, and the producer should maintain records verifying the 30-day ownership in case such verification is needed. The application also reports whether any of the wool on which payment is claimed is the first shearing from lambs that he purchased unshorn.

Payments apply only to wool produced and sold by the applicant; therefore, payments should not be claimed on wool purchased by the applicant. Payments are also made under the program on unshorn lambs which the applicant has owned for at least 30 days. A full report supported by records on these purchases of unshorn lambs is necessary since the lamb payments are prorated among the producers who have owned the lambs for the necessary length of time. Payments on unshorn lambs owned for less than 30 days should not be claimed.

The chairman reminds producers that applications for the 1966 marketing (calendar) year payments under the National Wool Act may be filed with the ASCS county office any time but at least by the end of January 1967. Payments on sales during the 1965 marketing year are now completed; in Delaware county, they amounted to \$22,762.00.

Legal Notice

A public hearing will be held by the Delaware County Commissioners in the office of the Commissioners at 10:00 a. m. on Monday, November 7, 1966.

The purpose of this hearing is to bring before the public the Proposed Subdivision Regulations for the subdividing of land in the unincorporated areas of Delaware County three (3) miles beyond the corporate limits of the City of Delaware.

These regulations propose general rules and regulations of uniform application, governing plats and subdivisions of land falling within its jurisdiction, to secure and provide for the proper arrangement of streets or other highways in relation to existing or planned streets or highways or to the County or Regional Plan, for adequate and convenient open spaces for traffic, utilities, access of fire fighting apparatus, recreation, light, air, and for the avoidance of congestion of population.

The Regulation under Article I sets forth in detail principles of design and the minimum requirements for the layout of subdivisions; the street and block layout; minimum right-of-way widths for highways and streets of various categories, alleys and easements for utilities; minimum pavement widths; maximum street grades, minimum site distances; the treatment of intersections; the sizes, shapes and layout of lots; recommendations with respect to recreational and other desirable open spaces. Finally, Article II regulates the installation of public improvements and facilities in the Subdivision.

Authorized by Chapter II, Sec. 711.001 through 711.40 of the Ohio Revised Code granting the Board of County Commissioners the authority to approve or reject and establish rules to govern plats.

District Mental Health Conference to Be Held

"Mental Health and Rehabilitation" is the theme for the 1966 North Central District Health Conference, according to Carolyn Dill, Cooperative Extension Agent, Home Economics. The conference is sponsored annually by the Ohio Rural Health Council.

The conference will bring together civic-minded persons from sixteen counties in this area to discuss problems related to the improvement of personal, family and community health.

The formal all-day program, to be held at the YMCA building in Marion, is scheduled for Wednesday, Oct. 12. Registration will begin at 9:00 a. m. with the program concluding at 3:00 p. m.

Those persons vitally interested in this major national concern should make luncheon reservations with the Delaware County Extension Office, Federal Building no later than Thursday, Oct. 6.

"Objectives of the Conference," according to Albert R. Pugh, Extension Specialist, Resource Development, The Ohio State University, "is to stimulate through organized effort, increased interest in community health programs and to bring about desired changes."

punctured. Value of the oil cost was set at \$435.00 by the truck driver.

BST Fire Chief Directs Traffic

BST Firemen were called out to keep washing the fuel oil down the street and to be ready in case of fire. When the News editor came down town at 6:00 o'clock Fire Chief Charles Nettelhorst was directing traffic through the intersection. He inquired who was in the car and Nettelhorst said, "There he goes," as Mr. Baranek went through in his other car on his

way to his service station. The editor picked up his camera and went back for pictures which he took without any turning out good. He called his wife and she tried with a new Polaroid camera but failed. "We brought the camera to the office, cleaned and went back for pictures. We found our trouble; we failed to develop the film properly in the cold weather," Editor Bill Whitney says.

Gary Shannon, son of Mr. and Mrs. Donald Shannon living just west of the accident told the News, "The crash woke me up and I got mot and dad up and we were the first up there."

This Is Most Amusing

Mrs. Baranek called the News to tell that some one called and told her that she had better get down to the car as Mrs. Whitney was going through it. "Neither Mrs. Whitney nor I touched the car and it is most amusing that some one would report that," Bill says. "We have been on many accidents but this is the first time that we have ever been accused of stealing," he adds.

Assistant Fire Chief Willie Bryant relieved Chief Nettelhorst directing traffic shortly after 7:00 o'clock. Firemen Ken Good and Chuck Barney washed the fuel oil down with water and Frank Stelzer and Ralph Meeker spread sand on the street where the oil had been spilled.

Mr. Baranek was cited by official Fred Budnick to appear in Mayor Harold Sweazy's court this evening for failure to heed a stop sign.

This is the first accident that has occurred at this intersection for some time.

Travel Was Slow on Early Stages Operating Here

By Ruth Domigan Truxall

In no area of living have changes been more dramatic and revolutionary than in the field of transportation.

Today's motorist from Central Ohio plans to reach Sandusky in three hours or less. True, he probably follows a more direct route than that taken by the Columbus and Portland Mail Stage in 1824 when the trip between the two towns consumed three and one-half days! (Sandusky was first named Portland; then Sandusky City.)

From The Columbus Gazette: COLUMBUS & PORTLAND MAIL

STAGE

THIS stage will run once a week between Columbus and Portland, as follows: Leave Columbus every Monday at 4 o'clock, A. M., passes through Sunbury, Mount Vernon, Mansfield, Plymouth, New Haven, reaches Norwalk on Wednesday evening, and arrives at Portland on Thursday at 12 o'clock.

Leaves Portland every Monday at 4 o'clock, A. M. and arrives at Columbus by the route aforesaid, on Thursday at 12 o'clock.

Fare Reasonable, Carriages Easy. Passengers wishing to travel by land, can take the eastern stage at Norwalk, on Thursday morning, and arrive at Cleveland the same day; thence to Erie and Buffalo.

Fare will be reasonable; carriage easy; — and as the line will generally be personally managed by the proprietors — or in their stead, by careful drivers; they assure the public that every possible attention will be paid to the comfort, safety and convenience of the passengers.

C. W. Marsh, C. Barney.

THE CINCINNATI, DAYTON, COLUMBUS and PORTLAND Line of Mail Stages. Runs Through in Four Days. That every new enterprise affects the economy is brought out by these two ads from The Ohio State Journal. The first ran for many weeks in 1827.

HORSES

We wish to purchase from eighty to one hundred HEAD OF HORSES, suitable for the Harness. Persons having such horses for sale will do well to make early applications. We also wish to employ a number of Stage Drivers and Hostlers; none but those of steady habits need apply.
