## Thieves Get Money At Galena Market

CLOTHES, MONEY, COIN COLLECTIONS TAKEN IN TWO RURAL HOME BURGLARIES NEAR HERE

Rural homes and the Galena Market have been the target for thieves the past week and their loot included cash, jewelry, clothing, coin collections and other things.

Thieves broke into the Galena Market on the south side of the square Saturday night and stole about \$700 that was hidden in a box in the store. Entrance was gained by cutting the hasp on the front door with a bolt cutter. Only the money and box were taken.

Home of Mrs. Lucille Luft on Woodtown Road south of Galena and that of Harry VanSickle north of Berkshires were entered and money, jewelry and clothing were stolen, Sheriff Jackson reports.

Wilson Peer closed the Galena Market at 10:00 Saturday night and found the front door open and the money box gone when he went to open the store at 8:00 o'clock Sunday morning. The hasp on the front door was cut to gain entrance. Peer knew where the money was hidden in a box as that was all that was taken. Peer told the News. This market was broken into a year ago when the cash register was stolen. The market is owned by Bill Allerton who has a market in Centerburg. Sheriff deputies George Larson and Loren Campbell are investigating the theft.

Thieves ran across the home of Mrs. Lucille Luft on Woodtown Road southeast of Galena last Wednesday she discovered on returning home from the store that she owns and operates in Westerville, she reported to Sheriff Eugene Jackson. Mr. Claxton said 15 acres of the 52-acre plot will be developed immediately with an investment of approximately \$60,000 in landscaping, access roads and other improvements.

## Ostrander Horse Enjoys Police Escort Into Sunbury

"It's just plain horse-sense and I want to stay at Spider's" Jigger claimed Monday night when his master and owner, Jim Schindewolf of Ostrander tried to get him back home.

Jigger was stranded Sunday night along with four other horses and a colt at the farm of Lib and Spider Stetler east of Sunbury when they had a flat tire on their truck, enroute home from Fallsburg. Spider offered his field for the use of Mr. Schindewolf for his horses until he could return for them.

Monday evening Schindewolf brought a truck over to take the horses on to Ostrander. All the other animals calmly entered the truck, but not Jigger. Lib's and Spider's food was good and he just wasn't about to leave it.

First, they tried persuasion, then a bit of roughness, then some love, then came the blows and finally Jigger refused to climb up that loading chute!

What to do? Schindewolf, without a bridle or saddle got on Jigger and decided to ride him to Sunbury and try to find a place to load him. It was a bit

Ivan Mitchell of Porter township ship reported that a tractor on his farm was stripped. He told that the transmission, radiator, drive shaft and battery were taken from the tractor.

"We have had several thefts in the southern part of the county the past week," Sheriff Jackson told the News. "We have our men on all of these and hope to come up with the thieves," he added.

### SCHOOL LUNCHES TO COST MORE THIS YEAR SINCE FEDERAL FREE FOOD IS DECREASED

Charges for school lunches for children and teachers in all schools in Delaware county and city schools will be increased 5¢ this fall, according to Maurice Lenz, county school superintendent.

Reasons for the increase are rising prices of all foods purchased and a decrease in the amount of free surplus commodities given to the schools.

Last fall schools were given a large amount of surplus ham, burger, turkeys, peaches, pears, butter and vegetables. As the conflict with Vietnam progressed the surplus of these commodities decreased until at the end of 1965-66 school year only a few surplus items like rice and beans were available.

Most of the school cafeterias are in the red and with the old

prices were going into debt deeper each month. All superintendents hope that the price increase will enable the cafeterias to break even this year.

### BST Firemen Called Out Twice

BST Firemen were called out twice the past week to put out fires on a high tension line and in the grass. They were called at 3:00 o'clock Thursday morning when a tree limb fell on a high tension line near the Mike Sabados place on the Success Acres road east of Condit. The limb shorted the REA line and power was off for some time.

Firemen were called out Monday evening to put out a grass blaze near the Freeway north of Route 37 and they found that it was trash burning and no damage was caused.

The new charges for lunches after the increase are as follows:

**Big Walnut:** Elementary grades 1 to 6, 30¢; junior high and high school 35¢; adults 40¢.

**Buckeye Valley:** Elementary grades 1 to 8 30¢; high school grades 9 to 12 35¢ and adults 40¢.

**Liberty Union:** Elementary, grades 1 to 8 35¢; high school 40¢, adults 45¢.

**Delaware City:** Elementary, 30¢; grades 7 - 12 35¢ and adults 40¢.

## The News Editor Speaks . . .

Last week a child was injured when riding a bicycle into the path of a passing car. Sunday the editor saw a child who barely escaped injury on East Granville St. Does the community have to wait until a child is killed or mangled for life before some steps are taken to avoid such tragedies?

Traffic was heavy on state route 37 all day Sunday. Two boys were riding double on a bike. A car passed them and just as it passed, the rider fell off the bicycle. How fortunate that child was not hurt!

A child fell on a bike in Sunbury Gardens the other day right in front of a motorist. The driver was able to stop her car before hitting the child, but it could have been a different story.

Tiny tots were riding tricycles and sidewalk bikes all afternoon Sunday on Letts Ave. with traffic heavy in both directions. One little toe-headed boy who couldn't have been more than 3 was riding a trike right down the middle of Letts Ave. all afternoon. Many a car had to stop to avoid a tragedy.

If the parents won't take care of these children, is there anything the town can do to prevent a tragedy that might ruin the child for life and certainly form an image in the mind of the driver which he could never erase?

Lauds R. B. Warner

Aug. 19, 1966

Editor Sunbury News

Sunbury, Ohio

The Delaware County Council of Social Agencies Board would like to take this opportunity to pay tribute to Mr. R. B. Warner who recently assumed the presidency of the Delaware County Public Schools has been noted in the News.

Emphasis has been placed and properly so on his contributions spanning a number of years to the field of education.

We would like to thank "R.B." for his very special contributions to our organization. As an educator, his focus was always first on the problems of a better education for our children. But he was aware of and concerned with other institutions in our country whose adequate functioning also affected the lives of our children. He sat on a number of boards, throughout the years, of voluntary health and welfare agencies and contributed much time and insights in their behalf.

He was always available to council and guide persons to the proper sources of information to get accomplished what his communication from the County School Office kept agency personnel aware of what was happening in the schools and the persons involved in specific areas, so that we were informed and knowledgeable about our schools.

For his concern for the total community and his ability to see how many of our children is affected by many institutions we are grateful.

The board wishes Mr. Warner the best of health so that he may long live and work and set for himself in a busy retirement.

## Farm Science Review Has Varied Program

The 1966 Farm Science Review will be held Sept. 21, 22, at Don Scott Field northwest of Columbus.

There has been a lot of interest in this event since it was initiated. This event does conflict with our Delaware County Fair this year but many people will be able to schedule both events. Tickets are now on sale for the Farm Science Review at the Extension Office and the machinery dealers as well as other farm supply businesses. Tickets purchased in advance are 50¢ per person. Tickets purchased at the gate are \$1.00. Tickets will be available at the extension office until September 17.

Dale Friday, manager of the Farm Science Review, reports that as of Aug. 9 a total of 155 entries had been received from commercial exhibitors. Friday says that the 288 commercial corn hybrids entries from 28 companies are looking better than any exhibits of any previous years.

Other commercial crop entries include 25 sudan-sorghum varieties; 8 forage sorghums; 14 grain sorghums; 33 alfalfa varieties; and, 5 pasture seedling mixtures.

Crops to be harvested at the Review include: 200 acres of 20-, 30- and 40-inch row corn and silage corn; 65 acres of soybeans; over 50 acres of alfalfa. Over 100 acres of land is to be plowed, also.

The grain dryers in action at this year's Review will be in a new location. They are being moved south of Case Road across from the livestock demonstration area. This move will permit the use of some semi-permanent installations for better grain drying demonstrations.

There will be much more to see at the Farm Science Review than mentioned above. Things to see include: all major lines of corn, soybean and forage harvesting equipment; comparisons of harvesting efficiency; plowing, discing, rototilling; comparisons; aerial application of fertilizer; related educational exhibits; livestock research; conservation practices; home economics programs; panorama of

horticulture from flowers to fruit and vegetable processing; and, a full range of farm supplies

and services in nearly 190 exhibits.

The homemakers program will feature the following topics: Test Tubes To Textiles; Families On The Move; New Dietary Patterns; and, Science Answers Laundry Questions.

Interest in the Farm Science

Review extends beyond the farm fences. Presently, a number of urban and agricultural leaders were invited to participate in an Agri-Industry Twilight Review of the Farm Science Review. This event will be held Wednesday, Aug. 24, from 4:00 to 7:45 p. m. Over 90

reservations for this event were received and many of the participants are urban leaders.

Marysville to Scrimmage Here Saturday . . . .

# Small, Inexperienced Eagle Grid Squad Plagued By Injuries

By Jack Brehm

A small, inexperienced and light football team will take the field Saturday night in their first scrimmage of the 1966 season with many questions about their capabilities still to be answered.

With seven boys missing the practice sessions — out of the original squad of only thirty-one — due to a wide assortment of injuries, it's impossible for coach Del Stumbo to be very optimistic about his predictions on the upcoming season. Included on the injured list are Ronnie Richardson, Howard Hursey, Clyde Fravel, Gary Shannon, Dick

Bates, Howard Pontius and Tom Paul.

Stumbo has only five lettermen returning, including Capt. Bob Townley, Hursey, Glenn Wolfe, Shannon and Fravel, and with three of them on the injury list, I can understand why he won't make any rosy predictions.

Three very important things for a successful football season are still big question marks — punting, kickoffs and passing. All the specialists in these departments from last year's fine 6-3 record team graduated and their will be big shoes to fill. Groseclose at the present is kick-

ing off fairly well, but as Stumbo said, "All positions are wide open."

## Lightweight Line and Backfield

One of the lightest teams in Big Walnut history will be taking the field against the veteran Marysville team Saturday night with a line that will average only 169 and a backfield at 151. Clyde Fravel (215), if he starts, and Ron Boggs (195) are the only heavyweights. From there weight drops to 165, 160, 155, on down to Bob Daniels who might hit 135.

Backfield candidates include Don Kelly at 160, Groseclose and Bill Brown at 155, Wolfe, Eddie

Hoke and Danny Webb at 150, Jim Beaver at 145 and Howard Pontius at 140. Wolfe is the only letterman in the group.

The offensive line contains most of the veteran players, so this means that the defense and the offensive and defensive backfields will be filled with many sophomores. Out of the thirty-one players on the squad, thirteen are seniors, six are juniors and twelve are sophomores.

**Seniors:** Bob Townley, Howard Hursey, Bob Daniels, Harold Repart, Clyde Fravel, Ron Boggs, Tom Paul, Olenic Wolfe, Gary Shannon, Max Flieg, Charles Christian, Barry Browne, and Danny Webb.

**Juniors:** Jim Beaver, Don Kelly, Dale Reeder, Howard Pontius, Ronnie Richardson and Tom Wright.

**Sophomores:** Bill Brown, Jack Groseclose, David Main, Harvey Stover, Eddie Hoke, David Meek, Gary Goolsby, Pat Shannon, Dick Bates, Mike Sabados, Steve Goodrich and David Morris.

Managers are Jim Bergandine, George Rummery and Larry Cruise.

With veteran Marysville here Saturday night, Johnstown (No. 2 in the state last year) here Wednesday and final scrimmage next Saturday night at New Albany, we should learn quite a bit about what we can expect from the Eagles this season.

Since we have the defending Class A champion Marion Catholic in the league, and everyone else high with potential on their respective teams, the inexperienced Eagles will have to mature quickly in their scrimmage to be ready for the tough league schedule which opens Friday, Sept. 9 at Mt. Vernon St. Vincent.

Coach Stumbo is summarizing told me, "What we'll have to

depend on this year is plenty of tape and a lot of guts."

## Bronze Star Awarded To T/Sgt. Nettelhorst

Paul Nettelhorst, the son of Mr. and Mrs. M. A. Nettelhorst, was recently awarded a Bronze Star.

During the past year of service in Viet Nam, Paul was stationed at Tan Son Nhut, the big air base near Saigon. The control tower was bombed by the enemy and all personnel except two headed for air shelter. Paul was one of these two men who stayed at his post during bombing and kept communications open with other air fields and our pilots in the air. Both men received Bronze Stars. In this attack several men were wounded and one killed.

It was about the time following this attack that the Nettelhorsts received their son, Paul, briefly on TV War News review.

Paul and his family are now stationed at Oklahoma City where he is continuing his service as special adviser in Radar.

## All-Stars, Kilbourne Split To Close Baseball Season

Big Walnut Little League All-Stars entertained Kilbourne Saturday night at the playground and split two games with the Delaware County League champions, winning the first game 4-2 and dropping the nightcap 7-4. The games marked the end of the season for Big Walnut, according to head coach Chuck Gause, president of the Big Walnut Boys' Baseball League.

In the first game Gordon Helton started the scoring with a long home run over the center-field fence in the first inning. Kilbourne struck back in the second inning as Mark Jones walked, and with two outs, Ackert hit a home run over the left field fence, giving the visitors a 2-1 lead.

FROM THE  
**SPORTS WINDOW**  
BY JACK BREHM

Big Walnut football coach Del Stumba is high in praise for his assistant coaches this year, stating "They are one of the finest I've ever been associated with." It takes a good staff to develop a winner and I'm certain that even though the boys are "green" that they will try hard to follow the footsteps of last year's excellent crew. With a good crop of seniors to steady the boys, a small but capable junior turnout and the eager 12-man sophomore group, it could be they will surprise all of us. If they can only keep their injuries to a minimum; for with no depth a rash of players out of action could be disastrous. Several of the down-town quarterbacks have been wondering why there weren't more boys out this year? It's really hard to figure why only thirty-one would report! With so many positions on the team wide-open due to graduation, I should think there would be sixty or seventy boys out, but no, only thirty-nine. I wonder if it's a case of too much dating, too much money, too many cars? . . . . .

Bob Morris placed second in net low at the Central District Lions Club golf tournament at Marion Friday as he shot an 80. He received several golf balls as prizes. Tiny Curren, who went to the banquet in the evening, received a golf ball for his attendance — the same "prize" which all the others from this area received.

Buck Davenport's Olean-tangy All-Star pony team lost out in the Marysville Invitational tournament Monday night as they were dropped by Marion 2-1. Marion also handed them their first loss Friday night 15-3. Buck's team finished third in the tournament.

inning Lee Mader sparked the All-Stars with a single. Galloway struck out, and Gordon Helton followed with his second hit of the game, a double to left-center field. His hit moved Mader to third where he scored the tying run on an over-throw. Scott Conant then hit a long home run over the center field fence to win the game 4-2.

Mike Mercer, the winning pitcher, gave up only two hits. Smith was the loser for Kilbourne.

In the second game Kilbourne opened the scoring with three runs on four hits in the second inning. They added another run in the third on a double and an error, taking a 3-0 lead.

Big Walnut scored their first run in the bottom of the third on a single by Tommy Crowl and an error by the right fielder. Kilbourne came right back to score three more runs in the fourth on two hits and three more runs in the fourth on two hits and three errors.

The All-Stars scored two more runs in the bottom of the fourth on singles by Conant, Holly, Mader and Hill, who drove the pair in. They scored their last run in the bottom of the sixth as Conant singled and scored on a three-base throwing error by the right fielder.

Coffleth was the winning pitcher for Kilbourne and Crowl took the loss for Big Walnut.
