Thieves entered the Gray Light-foot home, 10121 Olentangy River Rd., Saturday evening, apparently in search for a certain item or items. Lightfoot reported the break-in to Deputy Sheriff S. C. Coury who found the house completely ransacked, but nothing apparently taken. Subjects entered through the front door.

### REGISTRATION ENDS APRIL 3

Voter registration period for the May Primary ends Apr. 3, according to Director Betty Porter.

Mrs. Porter told the News her office will be open daily from 9 a.m. until 4:30 p.m. to register potential voters and on Saturdays from 9 a.m. until noon.

The registration period normally ends 30 days before the election, but since Apr. 2 falls on a Sunday this year, the period is extended an extra day. "We hope people don't wait until the last minute, however," Janet Frentson, deputy director, added.

"We'd like to get as many registered as soon as possible."

According to the Board, you must register to vote if you are 18 years old or over. If you have recently moved into this county or have recently changed your name or address, you must also register before you will be permitted to vote May 2. Anyone who has not voted in the past two years must also register.

### Porter Firemen Are Conducting Property Survey in District

Porter twp. firemen are presently conducting a survey of properties in both Kingston and Porter twps., asking for vital statistics of every household.

Chief Larry Caudy told the News the survey is about 50% complete and he and his men will be knocking on many more doors the next few weeks, trying to familiarize themselves with homes in their district.

The men will be driving one of their trucks when they come calling on you, primarily their grassbuggy, and will usually be attired in uniforms, purchased last fall. Caudy

said that the men ask to get as much information as possible about your home, including the layout of your property, water supplies, heating units, gasoline storage, etc., so that in case you have a fire, they will be able to help you more readily.

The above men are part of the 23 men on the department who are making the survey. First row, left to right, are Chief Caudy, Ass't Chief Ellis Lewis, Capt. Zane Potts, Lt. Joe Stout, and Rev. Richard Frey, Chaplain.

Across the back are Rickey Lewis, Dan Stout, Larry Hill, Elmon McKenzie, Joe Caudy, John Johnston, Bill Conly and Frank Hankins. Those men unable to be present for the above photo include Tom Runyon, Grover Bird, Carl Webb,

Herb Brenner, Clarence Ryll, Alva George, Art Kenny, Dick Brinkley, Charles Layton and Willie Weaver. Porter firemen had 17 runs in 1971 and have had three of their own fires so far this year. They were called on a mutual aid call with Sunbury's BSA department when the Cring home at South Condit burned last month.

The department runs on a 2-mill levy, voted on last in 1968; however, Chief Caudy says that with the reappraisal, that levy is actually more like 1.8-mills. It will be up for renewal next year.

### AUTO TAGS ON SALE THURSDAY

Auto license plates for 1972 will go on sale next Thursday, Mar. 16, in the Sunbury Municipal Office at the southeast corner of Sunbury Square.

Mrs. Marviline Wilson will be selling auto tags and she'll be taking reservations for special license plates.

### Commissioners Open Bids for Ambulance Units

County Commissioners Monday opened bids for the new ambulance-cruisers and the radios for them as the Apr. 1 deadline draws near for implementation of the county-wide ambulance system under the sheriff's department.

Marshall Pontiac Co., Delaware, was awarded the contract for the three units to be operated out of the sheriff's office while Horton Company, 1099 Stimmel Rd., Columbus, had low bid for a van-type vehicle to be stationed at the Delaware fire station.

A Worthington firm, Motorola Communications, had the low bid for the four radio units to be placed in the vehicles. Delivery was set out in the bids and Marshall expects four to five weeks' delivery on the new ambulance-cruisers.

Marshall's bid of \$39,546.13 for the three units was the lowest of those submitted by four companies. Others bidding were Plaza 71 International Harvester of Mt. Gilead and Burgess Motor Sales of Louisville.

## Big Walnut Moves Fifth Grade from Middle School

### MIDDLE SCHOOL WAS BUILT IN 1969; ENROLLMENT HAS ALREADY OUTGROWN IT

Overcrowding in Big Walnut Schools was again the major topic of discussion when the Board of Education met Monday evening. Because of the large projected enrollment for the middle school grade levels, members moved to house fifth graders in the district's elementary buildings next fall.

This move follows on the heels of the board's action in February to provide modular classrooms to handle overflow at the high school level.

The middle school, built in 1969, is figured to have capacity for 540 students. Projected enrollment figures for next year's fifth, sixth and seventh grades total 605 students.

Board members considered several proposals outlined by Supt. Hylan Soudera, Middle School Principal Thomas Hannan and High School Principal Estel Miller. Hannan explained that in addition to the overall crowding situation that an imbalance in numbers between grade levels further complicates the problem. There are 228 students in next year's sixth grade and 185 in next year's seventh grade, for instance.

Hannan also emphasized, "When you put too many kids in an area, you simply cannot carry out the educational program as it was designed."

In addition to housing sixth and seventh graders at the middle school, students in specialized sections for neurologically handicapped

and educable mentally retarded will be in the middle school building.

### Auditor Thomas Says Penn Central Owes \$161,383 Back Taxes

County Auditor Dave Thomas released figures Tuesday showing the current indebtedness of Penn Central Railroad to the county as \$161,383.00. Thomas said the figure represents two and one-half years of back taxes, both real and personal, owed by the railroad after its bankruptcy.

The auditor told the News the figure includes the 2nd half figures on taxes for 1971, which are not currently due or delinquent, but which will be owed this summer. Broken down into school districts, Big Walnut seems the hardest hit with a total of \$50,963.00 owed on property in its district. Olentangy district has the next highest amount.

Bodies of Mr. and Mrs. Dallas Osborn and their three girls were found in the muddy ruins of flood-devastated West Virginia Sunday evening while Ohio members of the family were returning home from attending the funeral of the Osborn son, Leo.

All five persons were found in debris which had been washed up against a railroad bridge about a mile from their destroyed home.

## May Recalls Accomplishments Of 1971 for Health Council

Delaware county continues to grow as figures released by the Health Department this week at the 1972 Advisory Council meeting showed a total of 500 births in the county with 316 deaths. Dr. Lloyd P. May summarized these figures with the many other activities of the Health Department in 1971 at Monday's meeting.

Dr. May, Health Commissioner, told the members of the District Advisory Council that in 1971 one of the milestones passed was the elimination of the smallpox vaccination. "At the present time," he said, "anyone who remains in the United States has less chance of being exposed to smallpox than

## Buckeye Power Explains 'The Price of Ecology' At Annual Meeting of Delaware Rural Electric Coop

Buckeye Power official told members of Delaware Rural Electric Cooperative, Inc., Thursday that they can expect possible increases in as much as \$5-\$12 per month on their bills as the power company expands its capacity up to federal and state standards concerning pollution.

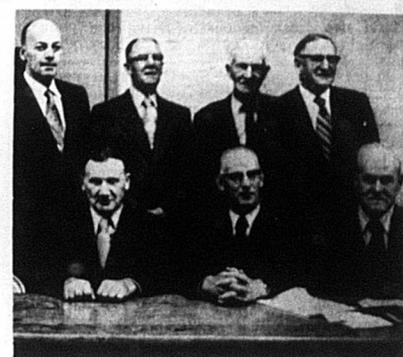

Engineer Charles Jack of Buckeye Power Co. spoke to the gathering of the members of the cooperative at their annual meeting Thursday at Astbury Methodist Church in Delaware. Jack said his company, owned by the 28 rural cooperatives in Ohio, is "concerned" with regulations recently set forth by both the federal government, under the Federal Environmental Protection Agency, and the state, under the Ohio Air and Water Pollution Control Board.

"We're not against ecology," Jack emphasized, "we just feel we have to proceed a little more cautiously. The new regulations constitute a matter of grave concern for us at Buckeye."

Jack told the members present for Thursday's meeting that the new standards, going into effect in January and February, are basically concerned with three facets of pollution and ecology: that of water pollution, through the loading of water, that of air pollution through emission of particulate matter, and that of air pollution through emission of gases.

Jack said that the Cardinal generating plant now in operation by Buckeye is practically operating to capacity. "These new standards won't effect plants in existence as much as they will new plants, and we have to build another to meet them," he said.

Dale Ziegler, manager of Delaware REC, told the members that the original plans called for the exist-

### Search Uncovers Stolen Goods Tuesday

Tuesday's raid by Delaware and Franklin county sheriff's deputies on a farm house near O'Shaughnessy Dam resulted in recovery of goods from a burglary on Dublin Rd. last weekend and the arrest by Franklin county authorities of two men.

According to Col. Robert Terry, of the Delaware sheriff's department, his office and Franklin county have been working hand in hand over the past few days trying to locate Walter E. Hunt, 22, whose address is given as 10983 Drake Rd., near Shawnee Hills.

Franklin county deputies notified Terry Tuesday afternoon that they had picked up Hunt and another man staying with him, Robert Sarno, 25, and that they were obtaining a search warrant in Delaware county to raid the house. Terry and two other deputies, Clifford Vardant and Gene Hunter, went to the search and

helped identify goods stolen from the Alan E. Wascher home, 10957 Dublin Rd. Hunt and Sarno were taken to the county jail. Hunt was charged with burglary and Sarno with receiving stolen goods. Hunt was charged with burglary and Sarno with receiving stolen goods.

The goods, including the stereo, portable TV, typewriter, and many other items, were identified as having been stolen from the Waschers. Total value of the stolen items is set by Wascher at \$663.50.

## Columbia Gas Company Explains It Can Take No Additional Customers

Columbia Gas of Ohio, Inc., and Ohio Valley Gas Co. asked the Public Utilities Commission of Ohio (PUCO) Tuesday, Feb. 29, for permission to refuse service to new residential customers in order to assure adequate service for their more than one million existing residential, commercial and industrial

customers in Ohio. W. F. Laird, Columbus, president of the two Columbus-based subsidiaries of the Columbia Gas System that serve customers in 62 Ohio counties, said the complete freeze on new gas sales was requested after a thorough analysis of the companies' gas supply situation indicated they could not continue to take on new residential customers without impairing service to existing customers.

"Despite continued efforts on our part, we will not be able to contract for any more gas during the winter of 1972-'73 than we have contracts for this winter," Laird said. "Next winter we will have to live with the same volumes we now have available and the only way we can do this is to restrict new sales."

Laird emphasized that the request, if granted by the PUCO, would have no effect on current commitments to present customers. "Our companies and the Columbia Valley Gas have had varying degrees of limitations on new sales to large volume customers in effect since April, 1959, and currently have a freeze on new sales to all industrial and commercial customers."

"Our companies and the Columbia Gas System—in common with almost every other company in the gas industry—now face gas supply

## United Telephone Continues Fight for Rate Increase

Re-opened hearings of United Telephone Company of Ohio's 1969 Rate Case are scheduled to begin Monday, 29, at the offices of the Public Utilities Commission of Ohio at Columbus.

United officials reported the commission denied the company's application for emergency rate relief on Dec. 7, 1972. The commission, however, re-opened United's 1969 Rate Case for re-hearing. The re-opened hearing is to permit the company to demonstrate that revenues from service connection charges and local exchange service rates as originally approved by the PUCO were based upon erroneous data, information, and records. As a result, the rates

and charges as originally approved by the PUCO have not produced the revenues or rate of return allowed by the commission in the 1969 Rate Case.

United will present to the PUCO a proposed schedule of rates and charges which will permit the company to obtain a rate of return on its rate base. If approved by the PUCO, these rates could effect increases and adjustments throughout the territory in which the company operates.

Copies of the proposed schedule of rates and charges are available for inspection at all business offices of the utility.

Editorially Speaking . . .

RESTRAINT NECESSARY FOR CAGE FANS Since the Ohio State - Minnesota brawl and the "weak" punishment delivered to the instigators, it appears that expressing one's feelings over personal dissatisfactions at basketball games has reached a new high point. Big Walnut fans saw one of their own allegedly slug a police officer at North Union; a team manager of Granville's team could possibly suffer the loss of an eye following a rock throwing incident after the Utica game; a near disruption of a Sectional game at Westerville and a District AAA game occurred last weekend; and at Marion's Coliseum, articles were thrown on the playing floor after officials' calls, and oftentimes this is the forerunner of upcoming trouble. Ohio High School Athletic Association Commissioner Harold Meyer has drawn a hard line to avoid these outbreaks, saying, "We will not condone this type of activity by athletes and fans." He has promised to deal severely with any athlete involved.

Let us hope that all fans, both young and old alike, restrain themselves in upcoming tournament games, and also restrain anyone who is seemingly on the way toward making trouble. Both Big Walnut and Buckeye Valley are champions on the floor, so let's hope their fans conduct themselves as champions while in the stands.

QH, WOE. THE PRICE OF ECOLOGY is beginning to hit us where it hurts the most—in our pocket-books. Rate increases for utilities, according to an article in the Jan. 29 issue of the National Observer, have been advancing "the past year at nearly two times the cost of living rate". And, the fight against pollution figures heavily upon those rates.

At the Delaware Rural Electric annual meeting last week, members were told that as Buckeye Power Co., their supplier, plans to build a second generating plant, federal and state standards fighting pollution will increase rates an average of \$8 to \$12 per month per consumer.

Columbia Gas of Ohio and its affiliates have placed a freeze on new gas sales throughout 62 Ohio counties, primarily because of insufficient supplies of gas; but integral in their problem is production processes with pollution-free results.

And, a representative from Buckeye Power told the REC meeting that both private and cooperative concerns will feel the same regulations which will force higher rates for electricity.

Again, we are faced with the problem of who pays. It is certainly not the middleman, but the consumer who ultimately will feel the pangs of pollution fighting in our new ecological environment. Federal and state control agencies set up standards which, granted, will make our environment a better place in which to live, but they seem to take off too big a chunk at a time. Oh, woe, the price of ecology is disheartening.

he would have a chance of getting a severe reaction to the vaccination." May told the gathering that also the Health Immunization Clinic Village, has dispensed with giving Rubella and Rubella vaccines separately. "We have Rubella vaccine combined so kids get immunized against both measles with only one shot." The first District Detection program which nurses of the department worked on the past year was a success as over 1,000 persons throughout the county and Delaware city participated in the screening. That program is designed to find hidden diabetes before they might develop complications. Dr. May also pointed out the revised Household Sewage Disposal System Regulations passed in Feb. 1971, by the Board of Health. This change established the minimum lot size for, new on-site installations at one acre. "With minimum front width of 120 feet. Consistently the Board also approved new criteria limiting new subdivisions to 4 lots under one acre." He added that the new regulations didn't seem to slow buildup

Dear Editor: This letter will be a few days late in saving the lives of three dogs, one of which was mine, but maybe something can be done to help other people who have lost their family dog. Two of these dogs (mine and my cousin's) got into trouble last week and the gentleman whose sheep they were in had all the right in the world to call the dog warden. The thing that disturbs me is what followed.

When the dogs were picked up, the dog warden was told whom they belonged to. True, the dogs belonged to me and my cousin were not wearing their tags, however, we do have tags for them. However, no record was made by the dog warden to notify us that our dogs were picked up. The third dog was picked up at the same time because of no tag. Not only was the dog warden or by friends in Olive Green, I did consider friends, as to what happened, I assumed the dogs were picked up by the dog warden.

Tuesday evening, they hadn't returned so I decided to call the Delaware County Dog Pound which happens to have no record of the sheriff's office in hopes of reaching someone to question about any missing tags. The dog warden was not available so his hours are 8:00 a.m. - 8:30 a.m. and

Sheriff's Deputies Pick Up Jury Secret Indictment

Two men were arraigned Thursday on information counts and another appeared in court Wednesday for appointment of counsel after he was brought back from California over the weekend.

James McElhatton, 21, last known address given as Redwood City, Calif., was brought back from that state over the weekend by Chief Deputy William Lavery and Lt. Al Williams. McElhatton had been picked up by Mercer county sheriff's department on counts of auto theft and narcotic violations and that office notified Sheriff Eugene Jackson of his apprehension.

Jackson's department has been carrying a secret indictment on McElhatton since July 14 when he was indicted in this county on four counts stemming from burglary of four businesses and offices in Delaware.

He is charged here with four counts of breaking and entering and two of grand larceny after he apparently broke into the Dart Delish, on N. Sandusky, Dr. David Smith's office, Troy Rd. Barber Shop, Dr. Judith K. Held's office, all of which he broke into. He is charged with breaking and entering the car was stolen Thursday in Columbus. In the north end

not been there their 3 days. How many parents will have to tell their children that it's too late for their pet? Why isn't it possible to have evening hours at the pound so people who work during the day have the same chance as others to save their pets? Why isn't it possible to reach the dog warden anytime during the day or call the pound office if the dog isn't there? It is possible that the commissioner should look into I think people should go over to the pound on Wednesday morning and see if they can't get their dogs. If their stomachs can take it.

When voting time comes, this will be something I will take a closer look at—dog warden and the commissioner stand. I believe it's time to get involved in something and pet owners and dog lovers should really start looking into what might happen to our pet whether they get in trouble and are picked up or turned in for not wearing tags, which we know how felt and still feel when I saw my dog on top of a tank with other dead dogs under him. I could be wrong, but the fact that my poor dog is now buried in my back yard, I have to believe in. To be so close and yet not be able to do anything is a feeling I can't describe again. The fact that I didn't see my cousin's dog or the other one only leads me to believe that they were humanely destroyed, if that's possible.

The dog warden stated to me no record was made by him to notify us because the dog had no tag. On the fact he had my name and he did have records of everyone buying tags, I feel somewhat better. I didn't—I guess has nothing to do with it.

He let them go that Wednesday because he had no record of the dog. I wonder since he let me go before the three days were up, would he have rather to have his and older dogs went, too, that had

not been there their 3 days. How many parents will have to tell their children that it's too late for their pet? Why isn't it possible to have evening hours at the pound so people who work during the day have the same chance as others to save their pets? Why isn't it possible to reach the dog warden anytime during the day or call the pound office if the dog isn't there? It is possible that the commissioner should look into I think people should go over to the pound on Wednesday morning and see if they can't get their dogs. If their stomachs can take it.

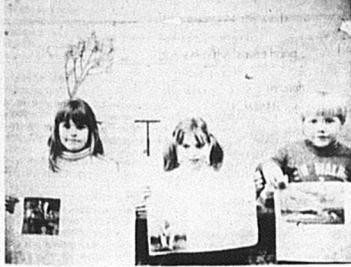

When voting time comes, this will be something I will take a closer look at—dog warden and the commissioner stand. I believe it's time to get involved in something and pet owners and dog lovers should really start looking into what might happen to our pet whether they get in trouble and are picked up or turned in for not wearing tags, which we know how felt and still feel when I saw my dog on top of a tank with other dead dogs under him. I could be wrong, but the fact that my poor dog is now buried in my back yard, I have to believe in. To be so close and yet not be able to do anything is a feeling I can't describe again. The fact that I didn't see my cousin's dog or the other one only leads me to believe that they were humanely destroyed, if that's possible.

The dog warden stated to me no record was made by him to notify us because the dog had no tag. On the fact he had my name and he did have records of everyone buying tags, I feel somewhat better. I didn't—I guess has nothing to do with it.

First Graders Try Creative Writing

First graders at Galena have been doing creative writing under the direction of their teacher, Mrs. Helen Bond. Three youngsters are shown here displaying their stories written about the magazine picture on each paper.

Students, from left to right, are Suzanne Schumick, Laura Fisher and Scott Low. The children are standing before a bulletin board introducing them to the poetry of Christina Rossetti. Their three stories follow, just as they were written.

### District Manager Reminds of SS Hours

Social Security District Manager Joseph S. Willard reminded folks today that a social security representative is in Delaware from 9:30 a.m. to 11:30 a.m. only on Thursdays at the First Presbyterian Church, located at W. Winter and Washington Streets. The front, W. Winter St., doors should be used. Willard requested that the public not phone the church regarding social security matters.

In Marion, the Social Security Office is open from 8:30 a.m. to 4:30 p.m. Monday through Friday, and is located at 284 S. State Street there. He concluded by saying that most social security business can now be conducted by telephone, thus saving a trip. The phone number of the social security office in Marion is 383-6767.

Suzanne's story was written about a picture depicting Rumpelstiltskin—"Once upon a time there lived an old man. And he had a long beard. One day the old man's beard was all the way down too the ground. And he kept on stepping on it."

Laura's story was about a picture of a kitten from Puss and Boots—"Once upon a time there was a cat. He was just like others, but he was very good. Other cats were very bad."

Scott's story illustrates a picture of an airplane—"Going to get Grandmother From the Airport. Once upon a time there was some children. Their Grandmother was coming home from California on a airplane. The children's mom and dad took them with them to get their Grandmother."

### Former Resident Dies

Mrs. Cleo Bell Fessel, 65, of Croton died Thursday in the Salzer Nursing Home in Centerburg following a lingering illness. Funeral service was held Monday afternoon at the DeVore Funeral Home in Sunbury with Rev. Cecil Norman officiating and burial was in Sunbury Cemetery. Surviving Mrs. Fessel are her husband, Wayne, one sister, Hazel Fessel of Sunbury, and nieces and nephews.

By Mrs. Eleanor Griffith

All in our community extend their sympathy to the family of William McNamara. We lost a public servant and a dear friend and relative.

We also extend sympathy to former Cheshire resident, Mrs. Julia Abraham John, on the death of her husband, Bernard.

Mr. and Mrs. William R. Rogers announce the birth of a boy, William Richard, Mar. 3 in Jane Case Hospital. Marjory Rogers spent the time at the home of her grandparents, Mr. and Mrs. Donald Conrad. Mr. and Mrs. Carl Rogers are paternal grandparents.

Mr. and Mrs. Allen Viers have a son born Mar. 3.

Mr. and Mrs. Charles Hall were callers of Mr. and Mrs. Ralph Glass-Friday evening.

Lots of people are sick so there still isn't much news.

Max Griffith has been on the go this past week with Army buddy Dave Gillingham of Rosedale, Wis.

They attended a play at Ohio Wesleyan University and a boys' singing group at Ohio Dominican College.

Mr. and Mrs. Donald Griffith entertained Mr. and Mrs. Clyde Griffith, Max Griffith, and Dave Gillingham at Shade's. Max left with Dave for Chicago, Ill., and they stayed with Mr. and Mrs. George Pagnis and saw Jeff Getteman, another Army buddy and then went to Dave's home in Madison, Wis. In Minnesota, they visited Mrs. Jeanne Corda and two more Army band buddies, Bob Bakke and Mike Hurst. Mr. and Mrs. Richard Helwig, John, Ricky and Beth were Friday overnight and Saturday guests of her parents, Mr. and Mrs. Edward Griffith. Other dinner guests were Dr. and Mrs. Alton E. Lowe and Mrs. Edna Shade.

We were Friday evening callers of Mrs. Edna Shade. Other guests were Donald Shade and Rev. and Mrs. Alton Lowe.

Art Learned in Television Class

Galena third graders, left to right, Billy Helton, Michelle McClintock, Norman Rowland, Chris Hale and Dallas Hubbard, display some of their efforts growing out of a recent television art class.

Youngsters made the designs using block letters or parts of letters taken from colored paper rectangles. Mrs. Jean Diehl is the Galena classroom teacher and carried out the project following the television demonstration by Mr. A. A. COE-TV.

# Learning Disabilities

By Marian Whitney

(Continued from last week)

There are a number of children in every school system in the country who have been found to have learning disabilities—long called neurologically handicapped. These are children with good minds who cannot use their talents and abilities to the fullest potential.

A child may see and hear very well, but there may be difficulty in his ability to evaluate what he sees and hears. He may have a problem in "perception" which makes him confuse some of the messages he receives from his eyes and ears. For example, he may reverse the letters "b" and "d" or "m" and "w" or the words "each" and "was" or "who" and "how".

Often a child may experience difficulties in the learning situation because of a disorganization in the "motor" area. This child is described as being clumsy, unable to throw or catch a ball, a poor writer, unable to distinguish left from right. Perhaps he falls easily.

Frequently, these children have difficulty in paying attention in class, sitting still, or completing assignments. They are easily distracted by the activities of others and may be distracting to themselves.

As a result of one, or more often a combination, of these problems, the child experiences a great deal of failure in school. His parents and teachers realize that he is bright but are at a loss as to why he is not performing up to expectations. He is frequently bargained with statements such as "you should know this," "why didn't you do your work?" "sit still," "can't you understand?" He sees other children learning and doing and, try as hard as he might, he can't. Because of these kinds of experiences, he often comes to think of himself as "dumb". He sometimes stops trying because he doesn't want to experience another failure. He sometimes resorts to misbehavior to gain the attention he can't get for doing "good work".

In past years, these children were failed in a few grades and then passed on from grade to grade because of age and size, not because they had conquered the academics. The result was that many would quit school as soon as they were old enough because school was not doing them anything that was interesting or rewarding.

In our history, there are examples of persons who would now be classified as having had learning disabilities but who were lucky to succeed without special help." Mrs. Maxine Stimmel of Sunbury Elementary School explained. "Among these men were Isaac Walton, Louis Pasteur, Albert Einstein and Thomas Edison."

People of Ohio, as in many other states, are fortunate that the State Department of Education has recognized the difficulties these children have and the special help they need. Because of this awareness, the child with a good mind who cannot use his talents to his fullest potential has a greater opportunity now than ever before. With early identification of these children on the part of parents, school personnel and the medical profession, it is possible to offer them the specific and individualized kinds of teaching and learning experiences they need.

Delaware county schools, along with the additional funding from the State Department of Education, offer children with learning disabilities the opportunity to be enrolled in self-contained classrooms or in special tutoring.

Big Walnut School has two self-contained classrooms in the Sunbury Elementary building with Mrs. Roberta Bosley and Mrs. Catherine Hickin, teachers. Mrs. Marjory Davis has a combination set-up at Big Walnut Middle School in the 5th, 6th and 7th grades, wherein she has a self-contained classroom only half a day and tutors the other half day. In this way, the children experience being in the regular classroom parttime with their peers. Mrs. Maxine Stimmel, who aided me greatly in preparing this article, is tutor at the Sunbury Elementary School.

At Buckeye Valley, the only self-contained classroom for the district is handled by Mrs. Elizabeth Cole at Brown Elementary with pupils based in for the class from Ashley. In the Ashley School, there are also two tutors working with this group of children, namely Miss Perle Fry and Mrs. Hilda Pasley. Olentangy School has one self-contained classroom under the newly-hired instructor, Mrs. Sandra Madsen. There is no tutoring program at Olentangy.

Teachers and tutors for the programs are financed through the state. Teachers' salaries come from funds for special education. Schools receive \$1.50 per hour for time given by tutors but must meet the remaining amount themselves from the various districts.

Mrs. Stimmel explained in detail the program involved. In order to qualify for the program, it is necessary for the child to be given a series of ability and achievement tests by the school psychologists. If it appears that he would qualify for the program, he must also have a medical evaluation by a licensed physician. If the physician concurs, application is made to the State Department of Special Education for funding. When approval is received from the State, the program is started.

Mrs. Stimmel tells that before starting to work with the child, she consults with his teacher and the school psychologist about what kinds of special help he needs. She then sets up a time schedule for the child's tutoring sessions, attempting to take him from class during the periods which would not cause him to miss important learning oppor-

tunities. The schedule is based upon the needs of the individual children and may vary from one-half hour to one hour, one to five days a week. Most of the tutoring is on a one-to-one basis, except in a few instances. These exceptions may be, for example, in relation to developing motor skills. Children seem to become more interested and involved in these kinds of exercises when they have partners, Mrs. Stimmel explained. "In some instances, the child benefits from having another child to work with in the use of 'learning' games and exercises."

(Continued next week)

## Requires Individual Help, Encouragement

Helping pupils to follow instructions and gain motor-sensory coordination are two of the biggest facets of teaching students with learning disabilities.

In the above picture, Mrs. Maxine Stimmel watches while three of the boys she was tutoring at Sunbury Elementary display their ability to read and follow directions. Left to right are Tim Noble, Richard Hogg, and Eddie Frey.

Auto Mechanics, Mod-Podge Pocketbooks Are New Class Offerings of YWCA

March sailed in on a balmy breeze last week, but to North Community YWCA, spring had already been heralded by the daffodil yellow flyer announcing their coming term full of activities.

Area women will find out more about the new season at North Community if they attend the Open House on Tuesday, Mar. 14, from 9:30 to 11 a.m. Held in the North Community YWCA facilities in First Presbyterian Church, Westchester, the open house will include the customary coffee and child care as well as displays and introductions of classes and special events.

Providing the highlight of the morning's program will be a presentation, "Columbus Metropolitan Parks Are for All," by Parks Representative Ralph Ramey. His illustrated discussion will give an overview of the total Metropolitan Parks system and its services, including such nearby areas as Sharon Woods, Spring Hollow, Blenden Woods and Walden Pond.

Among the new offerings of North Community is a public meeting featuring a staff member of OFIAG (Ohio Public Interest Action Group), the state level organization encouraged and sponsored by Ralph Nader.

The Business Women's Fund Series is the brain-child of North Community staff member Ruth Sayre. It will offer working women an economical lunch served with a helping of food for thought. Detailed information on the new luncheon series will be released next week.

"Spring Fling" is the name given

to the Apr. 19 Business Women's Luncheon which will be expanded to include a style show and card party.

Three classes are also being introduced by the YW "Auto-Mechanics for Gals" will be offered as an eight-week course on Wednesday mornings. The class is listed as a result of the response to the one-day special arranged by North Community during winter term.

Making mod-podge pocketbooks is another new class which will be offered on Thursday mornings and on Tuesday evenings. It is a 4-week series, as is the new class in ceramics.

Tuesdays remain the biggest days in the life of the YW with classes held morning, afternoon and evening as well as the Contemporary Literature Discussion Group and the

Desert Series. Wednesdays are scheduled for the spring tours, morning classes, and four out of five of the specials. Thursday is reserved for morning classes and the Business Women's Luncheons. Child care is, as usual, available for mothers of toddlers and preschoolers enrolled in North Community activities. Children of this age may be enrolled in the YW Playschool on an independent basis so long as space is available.

Advance reservations and prepayment of fees are required for all classes and activities as well as pre-registration for playschool. Further details on any phase of the North Community program may be obtained at the quarters in First Presbyterian Church, Westchester. The office is open from 9 a.m. to 3 p.m. each weekday.

# Big Walnut Trounces Elgin 76-44 for Sectional Championship

## Conant, Moodespaugh, Lawrence Spearhead

Shooting 56½ from the field and playing at a 1.23 OER clip, Big Walnut easily won their Sectional Championship game Friday night by completely outclassing Elgin 76-44 at Martin's Coliseum.

The win moved the Eagles into the District where last night they played Lakewood (17-3) at the State Fairgrounds Coliseum. If they win this game, they will come back Saturday night at 7:00 p.m. against last night's first game winner, either Bexley (18-1) or London (15-8).

The Friday win boosted coach Bob Shoemaker's team to 19-0 on the season while Elgin closed out a 13-7. The Eagles now stand 38-2 over the past two seasons, their only loss in their last 36 games coming at the hands of Mohawk in the District semi-finals last season.

Lakewood, the team the Eagles played last night, is the same team they defeated in tourney play 66-65 last year, just before losing to Mohawk. The Lancers, a member of the Licking County League, are in the District, along with Granville.

### Take Early 10-0 Lead

Wayman Lawrence opened the scoring with only 9 seconds gone in the game as he popped in a long 22-footer from the sidelines and less than a minute later picked off a rebound and faded back to switch it through. Scott Conant hit the next one, an 8-footer and Ron Moodespaugh hit a 19-footer from beyond the key with 5:25 showing. Moodespaugh stole the ball sec-

onds later and drove in for a layup, giving BW a 10-0 lead before Stan Carlyle dropped in a free throw with their first point with 4:40 on the clock. 30 seconds later, Mike Buckley hit a 15-footer for their first basket of the game.

Conant then took over for the Eagles, dropping in a rebound layup for a pair of points and followed up with another layup on a Dan Saver feed on BW's next possession. Lawrence then hit a 22-footer from the corner baseline and BW was out from 16-3 with 3:02 showing on the clock. The quarter ended with the Eagles ahead 20-8.

The Eagles finished this quarter with a 1.25 OER, their best of the game, but they didn't rest on their laurels. Moodespaugh opened the second with his second four steals for the game for the first basket. Conant hit a 10-footer and Saver his first basket on a rebound layup. Conant then hit a 10-ft. turn-around jumper with 5:57 showing, giving the Eagles eight more points and a 20-point lead at 28-8.

The scoring was fairly even from this point until the half with Big Walnut taking a 37-18 advantage into the dressing room with them. They hit 7 of 10 in the second period and finished the half with 17 of 32 good for 56½.

Lawrence Hits Six in Row

Moodespaugh again opened the quarter, this time with a 19-footer and Conant followed with a layup, putting BW on top 41-18. The Comets then strung together six

straight points, their longest on the night. Before Lawrence stopped their comeback hopes with a pair of free throws.

The sophomore ace came back with a 17-footer and after a basket by Alan Laucher, hit an 18-footer, giving him 6 straight BW points, putting them on top 49-26 with 2:49 to go.

The quarter ended with the Eagles leading 52-32. After Carlyle's 15-footer opening the fourth, Lawrence hit a free throw and then followed three straight long beauties by Moodespaugh and Gary Condit.

Moodespaugh hit from 23 feet and Condit followed with two in a row, from 21 and 19 feet. With almost three minutes remaining in the game, substitutes took over and finished the contest.

### Hold Turnovers to Nine

Big Walnut completed the game with only 9 turnovers, losing 9 points while causing Elgin to give the ball away 22 times while losing 30 points. Helping their turnovers were eight steals, four each by Moodespaugh and Condit.

Conant and Moodespaugh of the Eagles and Carlyle of Elgin hit 18 points apiece to lead all scorers. Lawrence closed with 15, including 5 of 6 at the line, and was the only over player in the game to crack double figures.

Eagle statisticians show that Big Walnut shot 53.5% from the floor, dropping in 32 of 60 while the Comets were 17 of 46 for 37%. At the charity stripe BW hit 12 of 18 for 66.6% while Elgin canned 8 of 14.

Off the glass, the Eagles controlled 29 of 21 for Elgin, with Saver the only rebounder with more than five, pulling down 17. BW's final OER was 1.23 while Elgin rated 7.0.

One Major Trophy in the Case, Three More to Go for Big Walnut's Eagles

Coach Bob Shoemaker's Golden Eagles gather around the Martin Sectional championship trophy immediately following the title game in the coliseum Friday night. The Eagles, 7th ranked team in the

state in both the UPI and AP polls, started their quest for the District title last night in Columbus. Kneeling in the front, left to right, are Wayman Lawrence, Gary Condit, Ron Moodespaugh, Dan

Saver, Scott Conant and coach Shoemaker. Standing across the back is Dave Nelson, manager Steve Kessler, John Lane, Dale Davis, Gary Low, manager Rick Glenn, Brent Culver,

manager Rick Meadors, Mike Fry, manager Dan Rushton, Greg Hamm, Wayne Hale, freshman coach Mike Nethero and varsity assistant and athletic director Norm Nelson.

### ON THE BW IBA TOURNAMENT SCENE

#### WARRIORS BATTLE FOR VICTORY; BUCKS BREEZE BY THE TEAM 77 - 58

By Steve Kessler

It looked like the Warriors were going down to defeat, but thanks to some sure shooting by Mike Holly and Wes Newland, plus the rebounding power of Matt Swygood, the Warriors came back and squeezed by a determined James Gang team 37-28. The amazing thing is that the JG held a slight lead over the Warriors until the middle of the third quarter. Leading scorer for the Warriors was Swygood with 11 followed by Holly with 10. New-

land 6, and Mark Woods and Al McElwee at 4, and Tom Vincent 2. Rick Mead of the defeated hit 14. 3 men scored 4. Gary Dunn, Roger Blackburn and Dean Saunders, and Eric Martindale 2.

The Bucks really had a field day

as they buried The Team. Rick Carrabrant led the thrashing with 35. He becomes the 4th man to get up into the 30's. Lynn Farris poured in 21. Steve Dunn shot a couple 20-footers for his 11, and Dale Wolfe canned 10. Rick "Wardell" Johnson hit 16 with a little help from the Bucks who a couple of times gave him the ball and let him score. Rusty Dickens shot 20-footers for 14. Dave Wilson hit 4. Dale Cochran 2 and Steve Candady 1. Final Score

**New Tany Booster  
Presy Chris Voelker  
Names Committees**

Otentang's new Athletic Booster President Chris Voelker brought out many new faces in trying to inject new life into the organization when they held their first meeting under his leadership last Thursday.

Thirty area Booster members were in attendance for the regular meeting with the "Attendance Award" given to the parents of eleven graders.

Named to head committees by Voelker were Steve Howson - Goals and Projects; Bill Brooks - Ways and Means; Ralph Howard - Finance; Dwight Scott - Scholarship; Mrs. Nettie Seales - Program; Billy Thompson - Membership; and Marlon Moffet - Publicity.

The Boosters appropriated \$60 to each of the three elementary buildings in the school district for recreational equipment for the '71-'72 school year, and directed that \$100 go towards the Otentang Elementary which includes 4th and 5th graders.

\$350 was also earmarked for the Booster Scholarship Fund, which is an increase of \$50 over last year.

A door-to-door candy sale by members of the Varsity O Club was announced for Saturday, Mar. 11, in the district. Monies received from this sale are earmarked to be paid on the Universal Gym, purchased last year.

The Winter Sports Banquet, cosponsored by the Boosters and the Otentang Athletic Board, was set for Wednesday night, Apr. 12, at the old gym.

GUNN IS FIRST-EVER DISTRICT CHAMP

**Braves' Meade, Gunn Qualify For State Wrestling Championships**

Otentang's Ken Gunn became the school's first-ever District wrestling champion Saturday as he took the 126-lb. class in the District meet at Columbus DeSales High School. Gunn, along with 98-lb. Brian Meade, who placed second in the district, qualified for the State wrestling championships slated to start Friday at St. John's Arena on Ohio State's campus.

First round competition starts at 12 noon, 2nd at 7 p.m., 3rd Saturday afternoon at 1:00, and the finals Saturday night at 7:00.

Second Trip to State for Gunn  
Gunn, in winning the District title, increased his record for the year to 23-1. Last week, Gunn, a senior,

took the Sectional title. This will be the second straight trip for him to the State. He qualified last year, along with John Coy and Rob Dixon. Meade, in taking the runner-up spot in the district, will take a 20-3 state into the State championships. Two of Meade's three losses were to the District champion. The Otentang sophomore placed second to

him in both the Sectional and District.

Five other wrestlers placed in District competition for the Frank Jayne-coached team. Finishing 3rd were 132-lb. John Coy, 138-lb. Don Smothers, and 155-lb. Joe Burton. Finishing fourth were 145-lb. Steve Howell and heavyweight Tab Coleman.

Team totals show the Braves finishing third with 48 1/2. Defending State champion DeSales won with

110 1/2. Watterson was second with 59 1/2; and Buckeye Valley finished ninth with 9 points.

**Action Set Tonight, Friday  
In Highland Cage Tourney**

Eight teams are still on the trail for the three large and the 10 individual trophies that will be rewarded upon the completion of the Highland Independent Invitational Tournament which started Sunday night at the high school gym with 13 teams entered.

Action continues tonight with the Celtics of Centerburg taking on the Travel Oasis of Delaware at 7:00 and the Big Walnut Golf Course, champions of the Big Walnut East League, meeting Cardington Foodland.

Friday night Morrow Lanes, who held the bye in the first round, take on Sade's Body Shop at 7:00; and Highland tangles with Johnson's Sporting Goods of Delaware in the second game at 8:30. Sunday a single game is set for 7:00 with Meeker's taking on the winner of the

Celtics - Travel Oasis game.

In Sunday's opening game, Shade's won over Sparta 107-81 behind the 45-point outburst of Jim Wertz. Troy Blanton had 22 to pace the losers. In the second game, Karl Stephens hit 28 in leading Highland to a 74-73 win over Griffith's Farm Service. Bob Griffith scored 22 for the losers.

On Tuesday, Harry Radcliffe had 30 for Johnson Sporting Goods as they won 50-35 over Claridon All-Stars. Max Strive led the losers with 20. In the nightcap Garrett Mills had 30 as Meeker's won over Airco Co. Jerry Perkins led them with 21.

Semi-final games are set for next Tuesday at 7:00 and 8:30 and the consolation and championship games will be held Thursday.

**SUNBURY IGA WINS OVER-THIRTY  
TITLE GAME OVER SPARKS' SOHIO**

Sunbury IGA withstood a comeback by Spark's Sohio to win the Over-Thirty League Independent title Tuesday night, taking a 39-35 verdict at Big Walnut Middle School.

IGA, regular season champion with a 9-1 record, jumped off to a 16-2 lead at the end of the first period and was on top 25-7 at the end of the half. Griffith's then put on the pressure, holding IGA to only one point in the third period, coming back to score 17 and trailed only 26-24 going into the final frame.

Spark's finally tied the score at 29 and again at 31 with four minutes to go but couldn't stay with the eventual winners. IGA scored seven straight points on baskets by Ray Fling, Vern Counts and Bill Low, the last coming with 2:10 on the clock and the game was never close again. Arnold Bryant hit for Spark's with one minute showing, and after a free throw by Counts, final points were counted by Rondall Sparks and Larry Lambert, making the final score 39-35.

The victory finished IGA's season at 12-2 while Spark's closed out at 11-4. Counts, with 11, and Wayman Lawrence, with 10, led scorers for the winners while Lambert was the only Spark's player to hit double figures, scoring 11.

**An important message  
for people who  
prepare their own  
income tax returns.  
Maybe you've been cheating  
yourself all these years.**

Every year, between January and April, millions of people sit down to do battle with Uncle Sam. Some are "self styled" accountants. Others think they can save a few dollars doing it themselves - so why not?

The sad truth is, however, no matter what their reason was for starting, many of them end the same. On the short end.

You see, when it comes to income taxes, amateurs should depend on H&R Block. We have all the facilities to help you make "income tax time" a pleasant experience. To begin with, H&R Block now has over 6,000 conveniently located offices manned by thousands of specially trained personnel who are anxious to help you. They'll sit you down over a free cup of coffee and show you some things about your income tax that you might never have known existed. For example, do you know

all about deductions for child care or casualty losses? And maybe you aren't aware that if your income increased last year, you may be able to save tax dollars by "income averaging."

Well, when it comes to income taxes, H&R Block is aware of just about everything because we're a company that eats, sleeps, and drinks tax returns 365 days a year.

Yes, maybe you can save a couple of bucks by doing your own return but it really may be costing you a lot more by not having your return done by H&R Block.

# Buckeye Valley Struggles to Sectional Title, Beats Indians 59-52

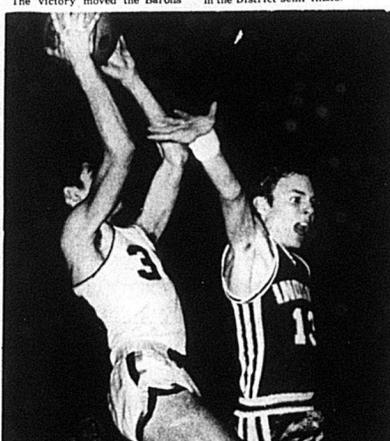

## Takes on State's No. 1 Team, Ready, Tonight

Sparked by strong individual efforts of Jim Bryant, Larry Downing and Keith Thompson, Buckeye Valley came back in the third period to overtake and pass Mid-Ohio rival Mt. Gilead in the finals of the Marion Sectional, winning 59-52.

Bryant paced the comeback of the Barons, stripping the nets for eight points in the third, as BV came back from a 27-24 halftime deficit to take a 41-38 lead going into the fourth.

record to 15-5 on the season while winning a co-championship with Big Walnut and closes out Mt. Gilead at 9-11. Tonight, BV takes on the No. 1 ranked team in the State, Columbus Ready, in their first District game. Ready is 19-1 on the season.

If coach Dick Meyer's team should upset Ready, they will come back Saturday night for the District co-championship, meeting either Granville (17-2) or Milfilin (15-5) in the second game at 8:20. Last season, the Barons lost 75-65 to Granville in the District semi-finals.

**Downing Drives; Bryant Fouled, Scores**

Larry Downing (32) puts the ball up for two points despite the efforts of Bucky Schmelzer (13) to prevent the shot. The Indians' John Chapman is in the background.

The second photo shows Jim Bryant (50) following through with his shot after being fouled by Jim Trainor (not shown). The ball went in and when Bryant missed the free throw, Downing, (in the rear) put up the rebound for a basket. No. 21 of MG shown is Mark Long.

**Early Lead Up for Grabs**

It seemed neither team wanted the lead in the early stages of the game and it wasn't until nearly two minutes were gone that Rod Clinger sneaked through for a layup. Larry Downing and Keith Thompson hit free throws to tie the count and Thompson followed with BV's first goal, a layup, with 4:47 showing.

Mark Long tied the score and then Larry Downing hit two straight layups, putting BV on top 8-7. The Indians kept chipping away and finally tied the score at 11-11 before Thompson's layup with 14 seconds remaining put BV on top 13-11. Long tied the score with a 15-footer with the ball swishing through with one second showing on the clock.

**Sixteen Straight Shots Missed**

The second quarter opened with neither team again able to hit, other than at the foul line, with each team making three pieces in the first three and a half minutes. Finally, Paul Nicodemus dropped in a 15-footer with 3:40 showing.

The Indians tied the count at 18 and again at 22 before taking over at 24-22. Bryant's 15-footer and two free throws by Clinger completed the first half scoring with MG on top 26-24.

Chapman stretched the Indians' lead to 30-24 early in the third period before Bryant hit a layup. Downing dropped in a rebound shot; Nicodemus stripped a foul; and Bryant followed with another layup, putting BV back on top 31-30.

The Indians immediately regained the lead at 33-31 and the score was tied at 35 and 37 before Brad Webster put BV on top for good with a 16-footer from the baseline with 1:14 to go. Thompson's 19-footer with six seconds remaining gave the Barons a 41-38 advantage as the third period ended.

Bryant's 8-footer stretched out the lead opening the fourth and after this the closest MG could get was three points at 45-42. Downing and Thompson both hit a pair of free throws before Long's 22-footer and Bryant's two charity tosses and Downing's rebound put the game seemingly out of reach at 53-44 with 4:28 to go.

Six straight points by the Indians put them back in the game at 53-50 with 3:05 to go, but these were the last they could put on the board until after BV went back out front at 57-50, on four charity tosses by Thompson and Downing with 38 seconds to go.

**BV Rates 1.09 OER in 2nd**

The Barons finished with a game rating of .93 OER which was helped considerably with their 1.09 in the second half. MG closed with .80. BV shot 21 of 46 for 45.7% from the field and 17 of 25 for 68% from the line. MG hit 18 of 58 for 38% from the field and 16 of 22 for 72% from the line.

Downing, hitting 6 of 11, topped BV scorers with 17. Thompson, hitting 5 of 9, had 16, and Bryant, with 6 of 14, closed with 14. Clinger had 15, including 9 of 11 at the line, and Long 11 to pace the Indians. Thompson had 6 of 6 at the foul stripe and Downing 5 of 6.

The Barons pulled down 32 of 67 rebounds with Downing the leader with 12 and Bryant ending with 7. BV had 19 turnovers, losing 14 points, while MG had 20, losing 17.

### Highland's Brian Bachelder Picked by Military Academies

**BRIAN BACHELDER**

A Morrow county youth is in the coveted position of choosing between attending the Military Academy at West Point, N. Y., and the Naval Academy at Annapolis, Md.

Brian Bachelder, son of Mr and Mrs. Eston Bachelder, Rt. 3, Cardington, has been nominated and appointed to both academies. Brian received word of his nomination to the naval academy on Christmas Eve by way of a special delivery letter of congratulations from Rep. Samuel L. Devine. On Feb. 28, he received word from Annapolis of his appointment to begin his studies as a midshipman on July 6, 1972.

On Feb. 13, Brian received a telegram from Sen. William B. Saxbe stating that the senator had given him a nomination to the military academy. On Feb. 16, he was

informed of his appointment to West Point.

Bachelder is a senior at Highland High School where he has maintained a 3.96 average throughout his four years there. He has completed four years of Varsity football, is presently vice president of Student Council, is president of Highland Chapter National Honor Society, is president of Science Club, is secretary of Varsity Club and is president of Highland Choir.

Last summer, he attended Buckeye Boys' State where he was elected mayor of his city.

Brian is at this time uncertain of his choice since he has had some rather attractive offers of scholarships at universities both within and out of the state.

Grandparents of the youth pictured above are Mr. and Mrs. T. G. Bachelder of 222 W. High St. and Mr. and Mrs. M. R. Bishop of rural Mt. Gilead.

## New Bethel Happenings

By Mrs. Carey Glaze

Things are very busy again this week at New Bethel Church. Bible studies are held Tuesday at 9:30 a.m. and 8 p.m. at the Anderson home in Johnston. There will also be another Bible study Tuesday evening in the Harold Webb home, another Wednesday night at the church, and another at the Darrell Clouse home on Main St. in Johnston Thursday night.

Thursday evening the Friendship Circle will hold its monthly meeting in the home of Donna Higgins. All ladies of the church are invited. Friday at 6 p.m. there will be a district youth party at the Heath Church followed by a social at a quiz-a-thon at the same church. Ruth Cramer and Forest Day are both in Riverside Hospital and would surely enjoy a visit or get well card from all of us. Rose Ella Grove is still in Grant Hospital. The community extends sympathy to the family of Nellie Clayton who passed away Sunday and was buried Tuesday afternoon. Nellie spent most of her life in the Bethel area, but had lived for several years in Newark.

Carolyn Kenney had a wonderful article on young people and the fine things they are doing in the Christian Union Witness. Congratulations, Carolyn.

The New Bethel Missionary Conference will be held Mar. 19-21 at the church.

Mr. and Mrs. Carey Glaze were Sunday dinner guests of Mr. and Mrs. Harold Webb and family.

Our callers the past week were Rev. Harold Miller, Mr. and Mrs. Raymond Glaze and sons of Elida, Mrs. John Braddock and daughters of New Washington, and Howard Wener.

Our son-in-law, John Braddock, received word last week that he has been named to the Board of Directors of the Ohio Berkshire Swine Association. He and Judy attended the annual banquet held Saturday at Bun's Restaurant in Delaware.

Mr. and Mrs. Glenn Johnson spent Saturday evening with Mr. and Mrs. Charles Wilson.

Mr. and Mrs. Roland Higgins and sons were Sunday dinner guests of Mr. and Mrs. Arthur Piper of Hanover-Tobacco.

Mrs. Harold Miller, Mr. and Mrs. Harold Webb, and Mr. and Mrs. Howard Warner attended the Gospel Sing in Mr. Vernon Saturday night. Rev. Miller was singing with the Heritage Group.

Mr. and Mrs. Harold Webb surprised Mr. and Mrs. Howard Warner Thursday night with homemade cake and ice cream honoring the Warners' wedding anniversary.

Mrs. Cliff Davidson and Mrs. Harold Webb called Wednesday on Mrs. Bob Grove in Grant Hospital. The Webbs also called on Mr. and Mrs. John Harrison and Mr. and Mrs. Cary Clark the past week.

Mrs. Mabel Bricker attended a surprise birthday party Saturday night at the George Quinn home honoring Mrs. Quinn.

Callers of Mrs. Edna Shrigley and Mrs. Mabel Bricker the past week were Mr. and Mrs. Ernest Ross, Mrs. Beulah Edwards and son, Bob, Mrs. Frances Ross, and Mr. and Mrs. Robert Piers and son, John.

Glenn Burke of Columbus was a dinner and supper guest Tuesday of Mr. and Mrs. Emmet Bilber.

Mr. and Mrs. Clifford Davidson called on Mr. and Mrs. Clyde Hanman and daughter, Mildred, in Mt. Gilead Hospital. Mr. Hanman is a patient there.

## Big Walnut Takes 'Hard Look At Itself for Accreditation

Big Walnut High School is "taking a hard look at itself" as the opening step toward being accredited by North Central Association of Colleges and Secondary Schools.

BW Principal East Miller outlines procedures toward accreditation as follows: "The school staff must take a look at itself and the educational benefits it is providing. All staff members participate in this self-evaluation with the assistance of the State Department of Education."

"Following this self-appraisal, a visiting team composed of 20-30 persons from other North Central schools makes a two-day evaluation of the school. A written report of all phases of the school program and facilities along with the evaluation procedures and results is then submitted to the North Central Committee for its approval. Final decision is made each March."

Evaluation so far has pointed out several deficiencies in the BW staff which, Miller comments, "were not surprises."

"We have known these weak points but have been unable to correct them, mainly because of lack of money to do the job right."

"Moving to meet North Central requirements will be doing what we've known we needed to do for some time," he adds.

Miller explains, for example, that two guidance counselors are needed to meet North Central requirement of one counselor per 450 students. Currently, BW has just one counselor for approximately 900 students.

"Additionally, we will have to increase the number of classroom teachers we have by four in order to meet another requirement calling for teachers to meet no more than 160 students each day."

Right now, some BW teachers see as many as 180-250 students daily. Combined with two additional vocational programs being initiated for next year, this brings the total of staff increase to seven additional teachers.

"With more people, of course, we have to have more room," Miller explains and points to the modular units authorized by the board last month. The two units will provide four more classrooms for high school use.

Another requirement being worked out by administrative staff is a continuous evaluation system concerning such points as achievement, student attitudes, faculty morale, parents' views, and studies of both dropouts and follow-up graduates.

Big Walnut Board of Education authorized school officials to move toward meeting accreditation standards late last year, after being told by Miller that "regardless of membership, the mentioned recommendations are within the boundaries of those which would be forthcoming in our future plans."

According to Miller, "the benefits of self-appraisal, staff involvement, and overall school improvement are probably much more valuable than any gain in prestige by becoming a member."

High school officials expect to complete requirements for application by early 1973. In addition to Miller, Assistant Principal Richard Miller and Curriculum Coordinator Douglas Theaker are directing the studies and evaluations with Theaker serving as chairman.

### L-K BLUE RIBBON STRIP STEAK

The old timers will remember this steak as the "Butcher's Steak". In past years when they butchered on the arm — or when small proprietor butcher shops were still in vogue, the one piece of meat that was always savored for its tenderness, flavor, and delicacy is the very same steak which we call our Blue Ribbon Strip. This is the steak that graced the butcher's or the farmer's table following the butchering. It very rarely reached the market, therefore it became known as the butchers' steak and did not become as well known to the general public. This steak is found in the front quarter of the beef inside the rib cage and therefore very easy to cut out of the beef without affecting any other part of the carcass. It grows lengthwise and only about one inch thick, therefore it is necessary to cut it with the grain. This is the main difference between the more familiar steak cuts and our Blue Ribbon Strip; but it comes closest to the Tenderloin in its overall tenderness and flavor. We hope you like it.

### Caesarean Section ... 1st Recorded Surgery

The delivery of a child by abdominal incision is the oldest recorded operation of medical history. It is described in Greek Mythology, with Apollo performing the surgery.

The story that Julius Caesar was delivered in this manner, is probably not true, but we speak of a "Caesarean Birth" because of the legend.

Actually, today, less than 1% of deliveries are Caesarean — this procedure is followed only when other methods of normal delivery are judged to be unsafe.

## News From Kingston Center Residents

By Mrs. Robert Seitz

### Kingston 4-H Farmers Meet

The Kingston Jr. Farmers 4-H Club will meet Saturday evening, Mar. 18 at 7:30 at the Kingston Township Hall to organize for the coming year. Any boy or girl 9 years or in the third grade in Kingston Township who is interested may call Carroll Boyd at 965-2375 or attend this meeting. Parents are urged to attend also.

### Grange Meets

Kingston Grange held their monthly meeting Thursday evening at the Township Hall with a slim crowd. Earl Cleland, legislative agent, gave a report on "Should we do away with capital punishment?" Lecturer Joyce Seitz, read an article about St. Patrick's Day and also spoke of Lent. Four candidates were voted on and accepted into membership. The Grange presented Mr. and Mrs. Corwin Heinlen a gift for their 40th wedding anniversary and also Mr. and Mrs. Frank Dally a gift for their 45th wedding anniversary. Refreshments were served by Howard Forsythe and Mr. and Mrs. Corwin Heinlen.

### Several Attend REC Meeting

I guess old man weather helped account for the smallest crowd I've ever seen at the Delaware Rural Electric Cooperative Association annual meeting Thursday afternoon. But Kingston Township was well represented, and we were happy for Mrs. Reece Selvaige who won a door prize along with Mrs. Lola Owen of our township. Mrs. Daniel Williams, our neighbor south in Berkshire, also won a door prize. Congratulations to all of you. Frank Dally was presented a watch for his 25 years of service on the board of our Kingston Twp. representative. Mr. and Mrs. Floyd Hildreth and Jenny, Mrs. LaVerne Crooks, Mrs. Robert Seitz, Mr. and Mrs. Frank Dally, Mrs. Lola Owen, Mr. and Mrs. Clifton Boyd, Mrs. Reece Selvaige, Belinda Wigton, Mr. and Mrs. Walter Cook, Mr. and Mrs. Corwin Heinlen, Vance Hildreth, Larry Hill, were many I saw there from Kingston Township.

### Social Items of Interest

Guess Friday and Wednesday nights were busy for many as they boarded their "cars" for Marion for the BW ballgame. Congratulations Big Walnut team and Coach! Mr. and Mrs. Kenneth Mackley, Tim and Kenda, were Saturday evening dinner guests of Mr. and Mrs. Richard Imis, Karen and David. Other guests for the dinner were Kenneth Mackley, of Westerville, and Mr. and Mrs. Boris Williams and family of Medina. Mr. and Mrs. John Flory of Upper

Arlington were Sunday dinner guests of Mr. and Mrs. Bernard Dally and Mark Dally was a guest at the birthday party for Kevin McLaughlin, son of Mr. and Mrs. Jerry McLaughlin Tuesday.

Mr. and Mrs. Robert Seitz, Mike and Beth, called on Major and Mrs. Joseph E. Walker and family in Westerville Sunday afternoon. Joe has spent about a week and a half on leave from Saigon.

Kenda Mackley attended the birthday party of Jamie Mitem in Sunbury Saturday afternoon.

Mr. and Mrs. Virgil VanSickle were Sunday supper guests of Mr. and Mrs. Lawrence Sheets in Delaware. Mrs. VanSickle spent Monday with her friend, Mrs. Dorothy Gephart, who had surgery in Jane M. Case Hospital.

Mr. and Mrs. Robert Willis and family of Columbus visited his mother, Mrs. Adalee Willis, Sunday.

Mr. and Mrs. Reece Selvaige are the proud grandparents of a new baby girl born to Mr. and Mrs. Jerry Volz of Springfield over the weekend. Callers of the Selvaige family were Mr. and Mrs. Richard Morris of Newark and Mr. and Mrs. Dan Selvaige and family of Columbus.

Mr. and Mrs. Clyde Boston received word of the death of her brother, Harry Sheets, in Florida last Thursday evening. We extend our sympathy to Ruth and Clyde in their loss. Callers of the Bostons were Jim Boston of Mr. Gilead, Frances Hildreth and Mary Louise Sheets. Sunday callers were Mr. and Mrs. Mike Landis of Marion.

Mr. and Mrs. William Sheets and Glenn Sheets. On Monday Mr. and Mrs. William E. Sheets and Jim Boston attended the funeral of their uncle, Harry Sheets, in Indianapolis, Ind. Mrs. Clyde Boston was not feeling too well this week and was taboed and a report received made by the clerk to said board at its next meeting.

of generating electricity. He said that as far as the first phase, heating water pollution, "existing plants may stay as they are, but new plants will have to erect cooling tanks to cycle the water around until it has cooled to meet the requirements." Jack added that new plants will have to erect cooling tanks to cycle the water around until it has cooled to meet the requirements.

The Buckeye engineer went on to say that the particulate matter problem is not as serious as it sounds either. "At present, we eliminate about 92% of the particulate matter, fly ash, from our smokestacks. The new regulations call for an elimination of 99 1/2% of the particulate matter."

"The biggest problem is removing the gas pollution from our process. In burning coal, sulfur oxides are emitted as well as nitrogen oxides. The sulfur oxides are the costly gases to get rid of. We can design our boilers to take care of the nitrogen oxides."

Jack continued to say that there is no feasible method existing to rid the atmosphere of sulfur oxides. "Technology now existing is neither competent nor efficient enough to be feasible."

"We would either have to go to West Virginia for our coal, which is only 5% sulfur, at a cost of \$12 more per consumer per month or try to take the sulfur out of the coal at a cost of \$8 more per consumer per month before burning it." Jack added that neither of these methods has been proven satisfactory for federal standards which call for coal with a .6% sulfur content.

"What it amounts to," Jack continued, "is that with inflation and the new pollution standards, a plant with the same capacity as our present plant will cost \$170,000,000." Cardinal plant, completed in 1968, cost a total of \$70,000,000.

Jack ended his presentation by asking the consumers to help stem the problem which faces Buckeye Power and each of the 28 cooperatives owning it, including Delaware REC. "Our peak capacity is reached in the winter months, especially on sub-zero days, between the hours of 6 p.m. and 7 p.m. Try to cut back at those times and you will eventually help your own rates."

"We do have one soothing factor in these new standards," Jack told the members gathered. "We are not the only ones affected. The same things affecting us will affect private firms as well; their rates will also increase." Cardinal plant puts out 600,000 kilowatts of electricity, sending this power through 200 bulk stations serving the 28 cooperatives.

Ziegler told the members that originally, when the cooperative was begun back in 1935, there were two three-phase banks in the county, one on SR 257 and another near Ashley.

"In the near future, we'll have two

ing. "This brings the total anticipated enrollment for the building to approximately 534," Supr. Souders comments and adds, "and that is if we don't have another boost in students because of rapid development in some areas of our school community."

In other business, the board moved to renew its data processing contract for the high school for next year. Data processing is now used both for scheduling and grade cards.

Board members directed the superintendent to move toward necessary painting and plastering projects in the district's three elementary buildings. The gymnasium at Harlem, classroom building at Galena, and the old section of Sunbury building are scheduled for such maintenance.

Board approved purchase of Title III items as outlined by individual building personnel. Title III items are paid for on a half-and-half basis by the federal government and the local board and can include educational equipment.

The board also discussed plans for the joint vocational school campaign, new assignments for Big Walnut Citizens Advisory Council, and school finances. Attorney Roy Metz appeared before the board on behalf of two residents asking for transfer to Westerville School District. Board members tabled formal action until the Mar. 20 meeting.

Motorola radios are all 100 watts with scanners as standard equipment. Total bid submitted by the Worthington firm was \$4,651.20. Hill Electronics of Columbus also submitted a bid for the radios. In other business Monday, commissioners approved Engineer Fred Stults' estimate for replacing the bridge over Duncan Run on Harlem Turn Rd. 29, Green Cook Rd. Stults estimated the replacement at \$25,008.36. He said that the road will be closed between Center Village Rd. and Robbins Rd. for the next four weeks, depending on weather conditions.

Stults also told the Robbins Rd. closure will be for two weeks after bridge replacement, is now open to one-lane traffic.

A Casket Out One Door, Cite in Another Door

By Lois Maroney The trip to West Virginia was a very unforgettable experience. Thursday night, it was a very long slow drive because of the bad weather. Friday afternoon we arrived in Mar. very busy and very sad. There were funerals all that day, as they took one or more caskets out the side door, they were bringing in one or more in the back door for the next service. Five members of the Osborn family were to have services up the hollow past the broken dam or as

COLUMBIA GAS

(Continued from Page 1) problems which continue to become more intense," Laird said. "There are no appreciable amounts of additional gas scheduled to be available to the Columbia System until mid-1973 when a reforming plant that will convert petroleum liquids into 88 billion cubic feet of pipeline quality gas annually is scheduled to begin operation at Green Springs," Laird said.

The reforming plant has been compounded by the fact that some of the Columbia System's interstate pipeline suppliers have not been able to meet current contract delivery schedules," he added. "We don't expect any immediate improvement in these interstate pipeline deliveries. If anything, they will probably lessen."

Laird said that in addition to the reforming plant at Green Springs, the Columbia System's gas development program and timetable include: —importation of some 80 billion cubic feet of gas annually beginning about 1974 from two other reforming plants to be constructed by other companies on the eastern seaboard.

—importation of 300 million cubic feet of gas daily in liquid form from Algeria beginning about 1975 through a terminal and regasification plant to be built on Chesapeake Bay.

—importation of gas from the Alaskan and Canadian Arctic through a 3,700 mile pipeline that is expected to be in operation by 1978, and developing a commercially-feasible process to convert the nation's vast coal reserves into clean-burning gas some time after 1980.

PORTER FIREMEN

(Continued from Page 1)

Firemen held their regular meetings the first and third Thursdays of each month. Bill Conley has had training in Cardiopulmonary Resuscitation through the American Heart Assoc. and 12 of the other men have had advanced first aid training, according to Chief Caudy.

The Porter Auxiliary women bought the caps for the men with money they raised through dinners and other fund raising schemes. Mrs. Gerald Crowl is president of the Auxiliary. Lois Lewis is vice president, Phyllis Hankins, secretary, Mary Johnston, treasurer, and Mary Crawford, flower & card committee. The women meet the third Monday night of the month.

Mrs. Crowl told the News the women are presently planning a spaghetti dinner to be given sometime this spring. Definite plans have not yet been decided upon. Other women presently in the Auxiliary are Sarah Hinkle, Jan Stout, Chris Jones, Martha Conley and Mrs. Leslure.

candidates. Board also charged back a total of \$15,210.02 to the political subdivisions in the county as their expenses in last November's election. According to Mrs. Porter, the county charges back the expenses to the individual political subdivisions in every off-year election, when no county candidates are on the ballot.

Board also charged back \$568.68 for the open registration period last fall. That amount was for paying the deputy registrars and costs of advertising for the open registration.

some people say the exploded dam. The bodies were placed on an Army transport truck, and the family and friends attending the funerals had to ride (because of the bad weather). Friday afternoon we arrived in Mar. very busy and very sad. There were funerals all that day, as they took one or more caskets out the side door, they were bringing in one or more in the back door for the next service.

The very unbelievable sights were splintered houses, twisted house trailers, mangled twisted railroad tracks, trucks slammed against trees, furniture busted everywhere, clothes high in the trees, bridges, just plain pieces of metal. The area in front of the dam looked like a drained river bottom, but a little farther down in Leado, it looked more like a bomb had hit.

The National Guard and civilian workers were all very busy trying to make the area clear and safe by using bulldozers and burning rubble.

Family members, trying to comfort each other, all trying to walk up to find it was a nightmare. Then if the area didn't have enough trouble, Friday night, the highway was blocked by a rock slide. So the traffic was re-routed up over the old mountain washboard road.

The Galena Cadette Girl Scout sent soap, personal items, and cookies to the surviving flood victims. The churches in town also sent clothes, personal items, and many other necessary items.

## Happenings in Olive Green

By Mrs. Opal Easthom

### Church Notes

One birthday was observed at the Olive Green Church of Christ in Christian Union Sunday that of Paul Tigner. Rev. Richard Fry announced the start of a new contest. This is to be a challenge between the Sunday school superintendent and the minister to see which side, blue or pink, has the most for Sunday school next Sunday and until Easter.

Mar. 14 is the date of ECY meeting at the Harlem Church of Christ in Christian Union. This will be a panel discussion group of four ministers which should prove very interesting.

World Day of Prayer was sponsored by the New Hope United Methodist Church on Friday evening, Mar. 3, at which time Rev. and Mrs. Richard Fry and Mrs. Stanley Rollins furnished special music.

Mrs. Fry held a special meeting early Sunday evening at the church to formalize final plans for the Daily Vacation Bible School. Most teachers have been assigned and some materials given out for study and planning. Looks like I will be having 6-year-old boys in my class and I must say there is an enormous generation gap between 6 and sixty plus but maybe with a real good craft pack and some ingenuity I can keep them busy and interested for a week and myself from the screaming meanies, maybe.

### Spring is Flying Kites

Happiness is flying a kite from a hill on a windy spring-like day. When I saw it fluttering among the trees, I first thought it was a big bird. I discovered it was the Johnson boys, sons of the Robert Johnsons, playing with their kites one day recently.

### Area Folks Winners

Mrs. Thomas Harris, Mrs. Robert S. Jones and Mrs. Ellis Lewis and I attended the REA meeting on Thursday at Ashbury Methodist Church in Delaware. I really enjoyed the singers from Big Walnut High School and glad to see them taking part. Then near the end of the program an air of expectancy seemed to prevail as if each of us were asking ourselves will we be the winner of one of those lovely

prizes today? Sure enough Porter township had some lucky folks. These included Mrs. Ethel Metzger, electric mixer, Mrs. Lola Owen, electric hedge trimmers, Grover Bird, a power saw, A. C. Metzger for East Porter Advent Church, 30 cup electric percolator. Congrats, folks on these nice prizes. Mrs. Ellis Lewis told she had attended the opening day celebration sale of the new Kroger supermarket in Delaware and had a lucky number basket and won a package of Strivlin steaks.

### Other Olive Green News

Mr and Mrs. G. L. Crowl, Olive Green, and Mrs. W. J. Crowl of Sunbury visited Mrs. Cora Callahan at Jane Case Hospital Sunday evening. Mrs. G. L. Crowl, Mrs. Virginia Owen, Mrs. Margaret Garee, Sunbury, and Mrs. Jean McAllister, Johnston, were guests of the Morrow County BPW Clubs for their 20th anniversary at the Derrick Motel Thursday evening in Mt. Gil-land. Rev. and Mrs. Richard Fry and Mrs. G. L. Crowl attended the World Day of Prayer at the New Hope United Methodist Friday evening.

Mrs. Ora Mash was dismissed from Jane Case Hospital. Her husband's funeral was to be held Monday in Columbus.

So many folks ill around the community, I can hardly keep up with the list anymore.

Mr and Mrs. Vernon Rhodes called on us Friday evening. They had been on a wonderful vacation in Florida and brought us a bag of big delicious oranges and grapefruit. Also brought me a nice silk souvenir headscarf. They spent most of their time in Florida as guests of Mr. and Mrs. Noah Salyers at Riviera Beach. The men went out fishing every day and Mr. Rhodes caught a 45-lb sailfish the first day out. The women folk had a real gab fest. The Salyers gave a birthday party honoring Mr. Rhodes' birthday at which time the Rhodes' son, Larry, and wife now living in Florida were present. They also visited former school friend of Mrs. Rhodes, Mrs. Ethel Golding, at Hollywood. Other places they enjoyed seeing were Silver Springs resort and Orlando where they say the azaleas are a

## Promoted to Sergeant

Richard G. Grumney

Ohio State Highway Patrolman Richard G. Grumney has been promoted to the rank of sergeant. He is assigned to the Patrol's Bureau of Personnel Administration at General Headquarters, Columbus.

Sergeant Grumney is a native of Huron in Erie county. He earned his bachelor's degree in statistics at Bowling Green State University and has taken criminology courses at Ohio State University.

He joined the Patrol in April, 1967. He was stationed at the Marion Post before being transferred to General Headquarters in 1969.

Sergeant Grumney is married to the former Carolyn Ann Hartsook of Galena. They have a son, David, 4 years, and a daughter, Anne Marie, 5 months. They reside at 1950 Rome Corners Road, Galena.

beautiful sight Enroute home they saw two disastrous fires, one was a camper on fire and the other a car burning on a road in Georgia. Glad they had a fine trip and safe journey home.

Mr and Mrs. Ellis Lewis, Charlie and Mardissa, spent Friday until Sunday visiting relatives in Flemington, Ky. They reported a four-inch snowfall down there.

Mr and Mrs. Robert S. Jones attended a birthday dinner Sunday at home of her father, Luigi DiGirola, in Columbus and given in honor of

### WSCS Meets

Wednesday evening, Mrs. Dean Stockwell attended the WSCS meeting at the Galena United Methodist Church. At the business meeting, they decided to donate \$10 to the American Leprosy Mission and also to purchase needed items for the West Virginia disaster area folks. Each member also brought items and appreciated the donation from Bob's Barber Shop in Sunbury.

Louise Fiesel presented the program and told about the Dorcas Hough Missionary the WSCS supports. Sacrificial refreshments were served by Martha Debolt and Florence Stockwell.

### Rural Home Club Meets

Rural Home Club met Thursday afternoon at the home of Fern Hale. The topic was "A Green Thumb". Joyce Stockwell opened the program with a seed catalogue. Roll call was answered by a response, "New Plants to Grow". The group made final plans to visit the Delaware County Home Mar. 16 with a party for the patients. The program was given by Martha Debolt, "Care of Plants and New Plants to Grow". There were 12 members and 7 children present. Next meeting will be Guest Day at the home of Marilyn Hale.

Other News of the Valley Robert Stockwell of Largo, Fla., visited Mr and Mrs. Russell Stockwell Saturday evening. Terril Cantrell of Sunbury spent the weekend with his grandparents, Mr and Mrs. Russell Stockwell.

Mr and Mrs. Paul Ewing of Dayton and Dr. and Mrs. Donald Lucas of Columbus were recent callers of

Wilson of Newark, Mr. and Mrs. Everett Boggs of Columbus, and the honored guest's family.

### Keeping Up with the Sick

Mrs. June Moore has been in Jane Case Hospital for tests. She returned home Friday.

Mr and Mrs. Joe Hubbard visited his mother, Mrs. Laura Hubbard, at Croton. She has been ill but is feeling much better now.

Dean Stockwell visited David Miller and Charles Diabonetti who have both been on the sick list. Mrs. Lester Longshore and Mrs. Dorothy Hale visited Mrs. Judy Longshore in Riverside Hospital Saturday. Hope all these folks are feeling better and are out and around soon.
