Senator Announces Miller Road Funding

Senator Dick Schafrath announced recently that the State Controlling Board has released \$75,000 to the Village of Sunbury to assist in the funding for the construction of an access road to the Miller Industrial Park. The approval came about by a request from the Ohio Department of Development.

Schafrath explained that the access road is necessary to facilitate the expansion and relocation of three new businesses in the Industrial Park. OS Technology, Inc., a manufacturer of fasteners for industrial applications; FastTac Inc., a distributor of industrial fasteners; and Fas-Track Computer Products will be establishing new facilities in Sunbury.

OS Technology, Inc. plans to construct a 60,000 square foot manufacturing plant and will invest approximately \$10.7-million in land, building and equipment. It will supply companies such as Honda, Toyota, Nissan and others. The new firm will create 25 jobs within the first three years of operation, according to the Senator.

FasTac Inc. plans to build a 50,000 square foot distribution facility in Sunbury with a total investment of nearly \$3.5-million. FasTac will create 15 new jobs and will retain its

current 21 positions at the new expanded facility in Sunbury. Fas-Track Computer Products is a distributor of computer software, primarily to the public school system. The firm is currently located on Humley Road in Columbus, where it employs 23 people and had sales of \$3.5-million in the first 10 months of 1993. The company plans to construct a 15,000 square foot distribution facility in Sunbury with an investment of approximately \$1.4-million. The firm will create 17 new jobs in addition to its existing work force, Schafrath said.

Schafrath noted that the total cost of the project is \$27.7-million. "By providing just a small amount to the economy, we will get a large return on our investment. These three companies will create new opportunities and spur economic development in central Ohio," he added.

Merchants Open Adopt-A-Barrel Contest for Spring

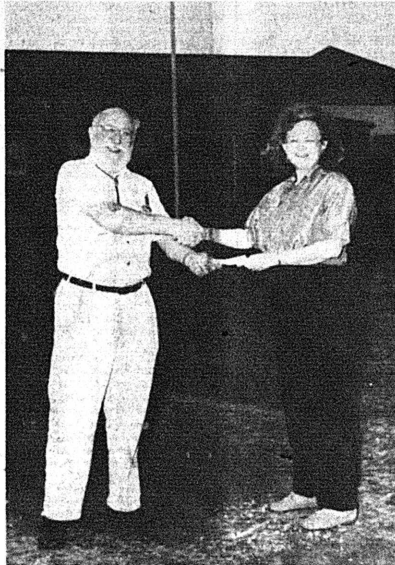

Sunbury Square Merchants Assoc. is holding its third annual "Adopt A Barrel" contest to get the planter whiskey barrels around the square planted this year.

Spokesman Molly Drayer-Kibler reports the Square Merchants will sponsor cash prizes for first, second and third place winners. "Best Barrel" group will win \$25, with second place, \$15, and third, \$10, Molly says, just as last year.

"We're looking for anyone interested, businesses, individuals, clubs, or organizations, to pick one of the barrels, plant it, and then take care of it through the summer," Molly adds. Judging will take place Sept. 8.

Entries must be turned in to Molly at Molly's Flowers, 14 E. Cherry St., and barrels must be planted by Memorial Day. Anyone with questions or wishing to gain entry forms may contact Molly at 965-5585 for more information.

"The annual 'Adopt A Barrel' contest is another way others can help beautify the square," Molly says, "while having a chance to win some money doing it."

Friends Donate \$5,000 for Library Bridge

Friends of the Library donated \$5,000 to the "Bridge to the Library" fund. Shown above are Dr. Paul Milen, whose idea it was to build a bridge across Prairie Run to "keep the kids off the street," accepting a check from Pam Smith, president of the Friends.

Milen said he was happily surprised to find that the organization had this much money to donate. "They accumulated the money in an account by the sale of thrift shop items, their oyster suppliers, etc.," he said.

He went on to say that the bridge had to be ordered by tomorrow 7:30 p.m. in the Big Walnut Elementary School gymnasium.

"Back by popular demand," according to Tee Evans, director, is the performance "A Little Bit of Country and a Lot of Rock 'n' Roll." Evans said many people were unable to come to last week's performance, so it will be repeated for however many want to attend.

Evans said tickets were sold out for last weekend's performance, and she appreciates the community's support. She also has the "best group of kids I've had in 10 years; they're great, wonderful, and talented. They've worked really hard for this show and everybody who sees it will thoroughly enjoy it," she went on.

Call Evans at 965-1771 or any cast members for tickets. They are now \$3 each.

C.A.S.T.! To Give Encore This Weekend

C.A.S.T.! members are giving an encore performance Friday, May 6, 7:30 p.m. in the Big Walnut Elementary School gymnasium.

Evans said tickets were sold out for last weekend's performance, and she appreciates the community's support. She also has the "best group of kids I've had in 10 years; they're great, wonderful, and talented. They've worked really hard for this show and everybody who sees it will thoroughly enjoy it," she went on.

Issues Bring Out Vote In Lackluster Primary

In a lackluster gubernatorial Primary Election Tuesday, Delaware county voters turned out seemingly for the issues.

"Unofficial" results show 41.88 percent of the county's 46,721 registered voters cast their ballots Tuesday, passing the county-wide health levy, defeating the metro parks levy, and saying who knows what about the sale of beer and liquor at the Polaris Amphitheater, as these ballots have been sequestered.

Big Walnut voters once again said 'no' to their schools, defeating the 8.44-mill operating levy, 2,514-1,839. Olentangy voters very narrowly downed that district's bond issue for a new elementary in the Polaris area, 2,614-2,561.

The amphitheater vote will not be tallied until the courts say it can. Voters cast ballots Tuesday on the site-specific issue as to whether there will be sales of liquor at the Orange twp. entertainment center.

The county's Health levy passed after several previous defeats, 3,845-7,621. But the Metro Parks tax went down another time, 11,637-6,640.

Only county-wide race of note was comprised of three candidates for the one county commissioner post on the Republican ballot. Former Delaware mayor Don Wuerz sneaked by Powell's Debbie Martin for that nomination, while third-runner Jim Ward played the spoiler, depending on a voter was in Wuerz got 4,074 of the votes cast, to

Don Wuerz

Martin's 2,946, and Ward's 2,899.

In one other local issue many had their eye on, Genoa twp voters turned down a planned unit development slated for south of Big Walnut Rd. between Worthington Rd. and the 3C Pine Lakes' zoning was defeated, 1,171-698 in "unofficial" results.

Genoa passed its one mill replacement roads and bridges levy, and Ashley passed an additional two mills for one year for a second policeman. Berkshire B precinct turned down two carry-out requests petitioned by owners of Berkshire Lakes campground for a new convenience-type store there.

Harrison Art Festival Is Friday Evening

Lauren Blyth, a fourth grade student at Harrison Street Elementary School, holds the official logo for her school's annual arts festival to be held tomorrow (Friday). Lauren is flanked by Lori Groendyke, on the left, school art coordinator, and Mary Jane Griffin, building music director.

Third annual arts festival will feature guest musicians and artists, craft booths, displays of pupil and local artisan work, a teacher's staff offering silent auction, games, food, book fair, mini-recitals, and the school's spring music program.

The festival is an end-of-the-year celebration that will be open from 6-8:30 p.m. that day.

Sprint-United Mails New Telephone Bills

Sprint-United Telephone customers will receive a new, easy-to-handle telephone bill beginning this month.

The new bill utilizes a larger sheet of paper and is also printed on both sides of the paper, resulting in fewer pages to handle, read and file, according to Chriss Harris, spokesman for Sprint-United, headquartered in Mansfield.

Sprint-United Telephone's bill will continue to be printed on recycled stock, Harris adds.

Harris says the first page of the new bill gives complete information so customers can quickly see a summary of their account. A detachable top section is designed for return with mailed payments.

Subsequent pages provide more details about the current bill, including charges from different long distance companies. Each long distance company summary will begin on a new page as required by contracts with the long distance companies.

Not only will Sprint-United Telephone's new bill be easier to handle and read, but the new format provides many environmentally-sensitive advantages, Harris says.

Sprint-United Telephone's new bill will reduce paper waste by using both sides of large, recycled paper. Across the country, Sprint-United Telephone companies in the Sprint Corporation system will be cutting annual paper usage from 1,124 tons to about 675 tons.

That equates to a savings of 449 tons of paper, 1,482 cubic yards of landfill space, 1,796 tons of wood, 49,000 kilowatt-hours of power and more than 121 million gallons of water.

"We're pleased to introduce this new, improved telephone bill for our customers that not only gives them what they've requested, but is environmentally sound as well," Harris says.

Sprint-United Telephone, already one of the leaders in telephone directory recycling, provides local telecommunications services and systems to its more than 1-million customers in Ohio and Indiana.

Sprint-United is a subsidiary of Sprint, a diversified international communications company with more than \$10-billion in annual revenues.

Former Nestle Employees Get Help Thru CORC

Larry Jackson, pictured above, is a former Nestle employee who took advantage of the dislocated worker program through CORC. Job Training and received his commercial driver's license after attending training at Clark State Community College in Springfield.

He also attended a few workshops put on for Nestle employees by CORC (Central Ohio Rural Consortium) on career explorations, tips on finding jobs, interviewing, applications, and resumes. He is employed by Byline Trucking in Marysville.

Bob Easterday, co-manager of CORC, says CORC went to Nestle early and put on workshops helping people learn to sell themselves, make clear decisions, find new

directions, and job searching, among others. "We help with skills so people can find employment," he says. "Forty to 50 people from Nestle are presently in training to learn skills, and 65 have already found employment."

"Some go to technical schools or joint vocational schools. Many maintenance people didn't have to have much training and have found jobs. We can also pay for a two-year program for an associate's degree."

Diane Allen, human resource director at Nestle, says her department had filed for the Trade Readjustment Assistance Act, and was successful. "This makes additional funds available for training for the unemployed," she states. "One is eligible if 'imports' is the reason for

a employee losing a job."

She also went on to say that the last hourly employees had been laid off effective last Friday, and six salaried employees are tying up loose ends and will be gone effective the end of May.

A call to Colin Swift, plant manager, reveals that there are actually seven employees left till May 31, and to his knowledge, none of them, including himself, has found employment yet. "There will be security and maintenance people here until Nestle no longer owns the plant," he relates. He has no knowledge of what will become of the plant. (Nestle ceased operations as of Jan. 1 of this year.)

SOME COMMON SENSE WAYS TO DETECT A GAS LEAK.

Even with a system as safe and secure as your natural gas service, a leak could occur. That's why you and your family should learn some basic safety rules.

In cities, towns, or suburban areas.

Your gas company adds a special scent to the otherwise odorless natural gas that's delivered to your home. If you detect this odor:

- Don't use matches or operate electrical switches, equipment or appliances.
- Leave your home, business or building and call the gas company from another site.
- Don't return until a gas company representative arrives.

In parks or rural areas.

Outside some cities and towns, a natural gas leak may not be detectable by scent. In these areas, you may hear a blowing or hissing sound or see dirt blowing into the air; water bubbling or being blown into the air at a puddle, pond, creek or river; brown patches in vegetation on or near a gas line; or fire coming from the ground or burning above it.

If this happens:

- Leave the area and warn others to stay away.
- Call the gas company and the police and fire departments.
- Don't try to extinguish a gas fire or operate any pipeline valves.

Chances are you'll never experience a natural gas leak. But, if you do, follow your senses.

LETTERS TO THE EDITOR

WRITER WANTS SUNBURY TO SEE C.A.S.T. PERFORMANCE FRIDAY

Dear Editor:
Many times I have wanted to write a letter to the editor. And many times people have asked me to write one. But I never have because, frankly, I'd rather not "rock the boat." But now I'm going to "rock away!"

This past weekend our youth community theatre, C.A.S.T., put on their annual show. The show involved 25 youths from our community performing over 90 musical numbers. They have been rehearsing 3-4 times a week for 4 months (since Jan. 4th). They have learned 23 different dance routines, and the words to over 70 songs from the 50's to the 90's.

We have over 60 ads in our program this year. Over 400 came to see the show, mostly relatives of the kids. But where was the rest of Sunbury? This show is an incredible effort by these kids, some of whom don't excel in school or in sports. But believe me, they excel in this show. I sit there and even after having seen the show many times, I marvel at the talent those kids exude! Right here in Sunbury!

C'mon, Sunbury, where are you? We have music, dancing, acting, wonderful costumes, and raves from the people who do come. Strangers who don't have to say a word to me come up and tell me they can't believe we have a show like this in 'il

ole Sunbury. Friends, you don't know what you're missing. Just come and give these kids a chance. They're gonna "WOW" you.

I promise you won't be disappointed. I'm so sure you'll love it that I'll give you my money back double if you don't thoroughly enjoy yourself. It's not too late. This Friday, May 6, we are having a one night only "Encore Performance" at 7:30 p.m. at BWE. All tickets are specially priced at only \$3.00. I'm talking to you! Won't you take just one night out of your busy schedule and give these kids the audience they deserve? Believe me, the pleasure will be yours.

BW BOARD MEMBER SAYS ISSUES REGARD MAKE-UP DAYS, NOT BOOKS

Dear Editor:

In response to Mrs. Scaffidi's letter, she and I must not have been at the same board meeting. An issue was when should make-up days be scheduled, not when should textbooks be collected. As a parent of three children, I am informed as to what has been the last one or two days of school and it does not fit my definition of education. To add three or four days (as Columbus is doing) at the end of the school year makes no educational sense to me. And, I believe the majority of parents would agree with my position.

Mother's Day Brings Special Blessings

by Mary Ann Pemberton

I noticed out in the cove two proud parents as they strutted by with their ten little goslings. These geese were teaching their offspring how to swim. They don't have as much time as human parents do, to teach the lessons needed to cope with life. The red, yellow, pink, purple and white tulips and multi-floral spread of flowers were a fantastic backdrop to this sight.

Of course, Spartacus, our Golden

Retriever, would like nothing more than to chase them. So needless to say, he is on a leash this time of year. Paddy Hashbrown, more mature, just watches the geese on as I do. This sight made me grateful for the current blessing in our own family. Mother's Day is special for

Mortar Board Honorary

Denison University junior Michelle Duffey, daughter of Mr. and Mrs. Craig Duffey of Walnut Avenue, Galena, is a member of Mortar Board.

Mortar Board is a national student honorary society based on scholarship, leadership and service. Founded in 1918, this national honorary strives to promote academic excellence while emphasizing community, cultural and social involvement, according to faculty advisor Laura Boyd, assistant professor of economics at Denison. Denison's chapter of Mortar Board was installed in 1936. Membership is limited to those juniors who have a

minimum overall grade point average of 3.0 (out of a possible 4.0) and who have demonstrated leadership and service in the Denison community.

Michelle has also been chosen as a member of Alpha Epsilon Delta, the international Premedical honorary, according to Denison. Alpha Epsilon Delta encourages excellence in pre-medical scholarship, stimulates an appreciation of the importance of premedical education, and promotes contact between premedical and medical educators and students, according to the university.

Pablum to Prom Gets Sneak Peak at Library

Pablum to Prom OCCL members toured the new Community Library building on Monday night, May 2. Tammy Caudy, a member of the Community Library Board of Trustees, was the tour guide. A solid oak rocker for the children's division of the Community Library will be presented by Pablum to Prom OCCL, reports Joyce Stockwell, secretary.

The business meeting of Pablum to

News From Out Condit Way

by Nancy Fuller

Isn't it nice to go outdoors, without all the winter clothing on? The yards and gardening work is just getting one started for the summer outdoors work, or it may be a relaxing time for you! The fishermen, boaters, and folks are having their outdoor picnics and are getting everyone geared up for a great summer. Have fun!

Congratulations to Phillip Sanner on his upcoming summer wedding. The bride-to-be is Juli Greissner of Whitehall.

Bob and Sharon Croushore have been enjoying their grandson, 14-month old Derek Taylor.

Get well wishes are sent to Grace Wilson. She had surgery last week at Grady Memorial Hospital in Delaware.

Happy 6th birthday to our little grandson, Jeremy Sparks. He is having fun in his kindergarten class. Kathy Longshore, Janis Richardson, Sheila Micholes, Stacy and Heather Longshore, and Nancy Fuller attended the Seal of Ohio Girl Scout Council's annual meeting last week in Columbus. Janis, Nancy and Stacy were greeters for the meeting from area IV, and delegates for the Big Walnut Service Unit.

Remember your mother, wherever she may be, this Sunday, on Mother's Day.

THANK YOU NOTE

I would like to thank Mayor Reed and the following Village of Sunbury employees for their fast response in helping solve the water damage problem in early April at Ke-Wa-Pa Sales, 78 N. Columbus St., Sunbury. Jeff Davidson, Jeff Butterfield, Chester Wolf and Tom Riggs. They were very nice, kind and courteous.

Herbert A. Wilson, Sr.

From OCCL, was held at the Village of Sunbury Municipal Building. Vice President Joyce Seitz presided.

Mary Lou Mackley read two Mother's Day poems. Fourteen members answered roll call by sharing a library memory. The secretary's and treasurer's reports were given.

Six members of Pablum to Prom OCCL attended Central District Spring Conference in Grove City on Apr. 30. The league received its 33rd seal. Central District OCCL President Donna Orders, a member of Pablum to Prom OCCL, presided at the meeting.

A thank you note was read from Steve Butler, principal of Big Walnut Middle School, for the 12 volume set of health encyclopedias purchased with funds from Pablum to Prom OCCL.

Members plan to adopt a barrel on Sunbury Square this summer, a project of Sunbury Square Merchants Association.

The league will dine at Bent Tree Golf Club in June and new officers will be installed.

The league will donate salads when the bloodmobile is in Sunbury on May 5.

A book exchange was held. Refreshments were served by Debbie Saunders and Joyce Stockwell.

County Law Officers Earn DUI Arrest Honors

Alum Creek State Park, Sunbury, Genoa, and Delaware Police Depts. were given awards recently by Ohio Dept. of Public Safety Deputy Director Laura Ludwig, for their work in arresting habitual DUI (driving under the influence) offenders.

These law enforcement agencies each received a plaque signed by Gov. George V. Voinovich, Lt. Gov. Mike DeWine, and Public Safety Director Charles D. Shipley, and each arresting officer received a certificate for their participation in the department's Multiple Offenders' Program.

Ludwig stated, "In Delaware county, there are 25 habitual offenders with five or more DUI convictions. These law enforcement agencies are doing their part in getting these impaired drivers off the roadways and waterways. The apprehension of these offenders who disregard the law by continuing to drive impaired and without a valid license ultimately improves the quality of life for all Ohioans by reducing the number of traffic deaths and injuries on our roadways," said Gov. Voinovich.

They will be among hundreds of thousands of players hitting millions of tennis balls.

BW Opens Tourney Tuesday at Logan Elm

by Steve Kesler

Big Walnut's varsity baseball team will open the Division II Sectional Tournament with a road game next week.

The Eagles will travel to Logan Elm on Tuesday, May 10 for a 5:00 p.m. contest. Winner plays Friday (May 13) at sixth-seeded Circleville for the Sectional Title, again at 5 p.m.

BW dropped its fifth straight game Monday afternoon and is now mired in the longest losing streak of the season.

Following four consecutive wins to level their record to 8-8, the Eagles have lost to 9-13 overall and 5-9 in the Buckeye Athletic Conference. They have scored a total of 17 runs in those last five contests.

Coach Mike Denton's crew fell 6-1 at Olentangy, their second BAC East

loss of the week to the Braves. BW had the bases loaded in the fifth and sixth, with only one out in the latter inning, "but couldn't come through with the clutch hit," according to Coach Denton.

Joe Tepper (0-4) started and took the tough loss with relief help from Scott Weatherby and Mike Busch. They combined for six strikeouts and five walks.

Andy Martin had the only extra base hit, going 1-3 with a double and run. Nate Thompson was 2-3 and Busch 1-3 with Johnson getting the RBI.

BW held a 3-2 advantage after the second inning before visiting Bexley scored runs in the third and sixth frames for a 7-3 BAC crossover decision Friday.

Jason Ziegler smacked his first homer, a two-run effort in the second inning. Steve Reckner was 1-2 while

Mike Lassak, Josh Buxton and Adam Martin were all 1-3. Lassak added a run and RBI while Buxton collected a double.

Busch (2-3) went the seven-inning distance on the mound with four strikeouts and two walks.

Olentangy struck for three unearned runs in the first three innings and took advantage of four BW errors in a 9-5 decision at the high school last Thursday.

Andy Martin finished 3-3 with a run and two RBIs. Buxton blasted his first homer, a two-run shot in the second inning.

Lassak turned in a 1-2 showing with a run. Roger Smith and Jason Johnson were 1-3 with Smith chipping in an RBI and Busch went 1-4.

Weatherby started on the hill with Busch taking the loss in relief. The duo teamed for seven strikeouts and three walks.

The Eagles encountered their worst loss of the season as Utica posted a 16-0 BAC East triumph at the high school on Wednesday, Apr. 27.

Joe Santuono was the batting leader in going 1-1 with a double.

Harrison PTO Sponsors Book Fair This Week

Harrison Street Elementary PTO invites the community to a Book Fair during the Harrison Street Arts Fest from 6 to 8:30 p.m. Friday, May 6. Students, parents and visitors interested in purchasing children's books are all welcome to attend, says Sue Moore, contact person. The Book Fair will continue Monday, May 9, from 9 to 11 a.m. and 1 to 3 p.m., and Tuesday, May 10, 9 to 11 a.m.

"Book fairs encourage youngsters to read for pleasure and also contribute to worthwhile projects," says Moore. "All profits will be used for classroom needs." The Book Fair display will include new books from major publishers. Award-winners, beloved authors, and all reading interests will be represented, including classics, fiction, biographies, adventure stories, science, nature, activities, and mystery books.

"ARE CAVITIES JUST KID STUFF?"

No, cavities aren't just for kids. Changes that occur with aging make cavities an adult problem too. Recession of the gums away from the teeth, combined with an increased incidence of gum disease, can expose gum roots to plaque. Tooth roots are covered with cementum, a softer tissue than enamel. They are susceptible to decay and are more sensitive to touch and to hot and cold. The majority of people over the age of 50 have a tooth-root decay.

Decay around the edges, or margins, of fillings is also common to older adults. Because many older adults lacked the benefits of fluoride and modern preventive dental care when they were growing up, they often have a number of dental fillings. Over the years, these fillings may weaken and tend to fracture and leak around the edges. Bacteria accumulate in these tiny crevices causing acid to build up which in turn, of course, leads to decay.

Morning View Plants Tree on Sunbury Square

Residents of Morning View Care Center, the mayor, and several people from Sunbury's Municipal Building got together to plant a flowering crab tree on the square in late April.

Shown left to right are Sue Butterfield, water clerk; Barb Fodor, zoning clerk; Bob Reed,

mayor; Kathy Hickman, administrative assistant; Luther White, zoning inspector; and Carol Hoover, clerk treasurer.

From the center are Elmer Pfeleger, Bob Basinger, administrator; Lori Hale, social director; Julie Scott, housekeeping supervisor; Mary Goodridge, Richard Smith, dietary manager; James Edwards, lifetime Sunbury resident; Daneen Cline, administrative assistant; Alice Searies; and Sandra Bright, director of nursing.

The tree is planted on the south side of the square in honor of Keep America Beautiful Month. Hill says the center hopes to continue this activity in the years to come.

Hopp Earns OSU Natural Resources Degree

Karen Anne Hopp of Sunbury received a B.S. degree in Natural Resources at winter quarter commencement exercises on March 18 at The Ohio State University, according to a news release.

What Is Happening At Harlem

by Betty Johnson

Many members of the Harlem Garden Club traveled to Cardington for the OAGC Region 7 Spring meeting. The morning session featured a slide presentation concerning English country gardens. One reason the English have such a love affair with gardening is the moderate climate that ranges from highs of 75 degrees to 40 degrees. Just think how we would love no winter heaving and winter kill. Also the misty climate allows tulip and other spring bulbs to stay in bloom for three weeks. That's a lot more bloom for your bulb dollar than we get.

The morning flower show was entered by Eloise Collier, Mary Smithberger and Betty Johnson. All won prizes, but Eloise was the only one with first place ribbons.

The afternoon session featured being entertained by florist Jim Bieck, who implores all to consider using flowers in new ways and using them frequently. He says ask yourself "Why not?" to some rather far out ideas!

Those enjoying the day at the Regional were Eloise Collier, Mary Jane Fisher, Judy Reedmiller, Nancy Singer, Betty Johnson, Ruth Johnson, Rosie Falk, and Mary Smithberger.

On Friday four Harlem Garden Clubbers, Eloise Collier, M. Fisher, Betty Johnson, Nancy Singer traveled with two busloads of Region 7 members to the Cincinnati Flower Show. We encountered torrential rain while we were there in the tents. Boy, was that an experience!

Our guests for the weekend were Christie Johnson from Kent State, Kathleen Johnson, and Dan Hale. Harlem township has had a rash of really sick folks lately. I don't know if this is an abnormal amount or not, but it seems like it is.

Home from "vacations" in the hospital are Don Brown, Lee Piper, and Pam Borden, to name a few.

Sunbury Drycleaners Earn Industry Honor

Dennis Bell of Sunbury Drycleaners, pictured above with wife, Grace, 23 Granville St., has earned the title "Certified Environmental Drycleaner" as a result of meeting established qualifications for the title and successfully passing a standard examination pertaining to the environmentally safe operation of dry-cleaning establishments.

By achieving this designation, Bell is entitled to use the professional designation "CED" through April 1997. He was among the candidates nationwide who took a three-hour written examination on Mar. 5 administered by a professional testing corporation under contract with the International Fabricare

Institute (IFI). IFI, a trade association, is based in Silver Spring, Md.

"Drycleaners who earn a CED reflect a movement throughout the industry nationwide to improve the environment in which we all work and live," states Jack Alquist of Lodi, Ca., co-chairman of the Environmental Certification Council. "This is a high mark of distinction which reflects well on each successful candidate and the public they serve."

Bell is one of only two central Ohio drycleaners to receive this honor. Only 21 Ohio drycleaners received this designation.

Humane Society Seeks 'Kind to Animals' Kid

Humane Society of Delaware County (HSDC) will be part of a national celebration during the American Humane Assoc.'s (AHA) 79th annual Be Kind to Animals Week, May 1-7.

The most unique aspect of this year's celebration is AHA's Be Kind to Animals Kid Award. Greatly expanded since last year's initial effort, the award recognizes children between six and 15 years old who have demonstrated extraordinary kindness towards animals during the past year.

HSDC is conducting a local search for a Be Kind to Animals Kid to nominate as a national finalist for AHA's award. Persons interested in nominating a child should send a letter of 200 words or less on why the

child should be considered for the Be Kind to Animals Kid Award. Include the name and contact numbers of the child, parent, or legal guardian, and the name of the person nominating the child.

Entries must be received by May 25. All nominations will receive a Certificate of Kindness and the national finalist will be awarded on June 9. National finalist will also be nominated for AHA's national award. The national winner will be flown to New Orleans along with a champion and will receive AHA's National Be Kind to Animals Kid Award and a \$500 savings bond at their annual conference.

For more information on the Be Kind to Animals Kid Award, call Donna Loy at 548-7387 or 369-7387.

New Bethel missionary conference and the revival services are now over, so we are back to normal again.

Sunday, Pastor Forest Newland spoke on "Following Christ" using passages from Luke 9, Matthew 16, Hebrews 11, and James 1 for references.

The community extends sympathy

to the family of Rev. Edgar Shady who passed away Monday in Jackson Center. The Shady's pastored at New Bethel Church almost 50 years ago.

Wednesday, May 4, at 7 p.m. was the Spiritual Gifts Study and Quiz Practice at New Bethel. At 8 o'clock the church quarterly business meeting took place.

Thursday, May 5, at 7 o'clock is the time for choir practice.

May 12, 8:00 p.m. - The CUMF is planning "A safety meeting" presented by the Safety Store of Columbus. Safety tips, plus display of safety items.

We wish happy birthdays this week to Christina Gorsuch and daughter, Holly, Kara Wampler, Clarence Hancock, Ed Green, and John Braddock.

Happy wedding anniversary wishes go to Ed and Gladys Green and Jim and Kathy Gorsuch.

Harold Webb is still in St. Ann's Hospital at Westerville suffering from a blood clot in his leg.

Ruth Bachelor is improving slowly from her recent accident and was able to spend last weekend with her daughter, Marcia, and Dan Ferko and daughter of Whitehall. Ruth drove next door to see about her friend, Marguerite Bennett, who was also in the car accident. Marguerite now has her left arm out of the cast which is really great for her. We couldn't reach her by phone, though, on Tuesday.

Both of these ladies have worked on the election board for many years, but had to be replaced this time.

Rev. and Mrs. Forest Newland attended a ministerial meeting on Monday at the Delphos C.U. Church. Bob and Rose Ella Grove spent part of last week sight-seeing in Tennessee.

Imogene Boston, Betty Garre, and Florence Cross enjoyed lunch together Tuesday in Ulica.

Florence Cross and Gail and Marge Clayton spent one day last week in Newark.

Friday, Imogene Boston called on

her sister, Dorothy Searfos, of Heath, and Leo Layer who lived on the County Line until a year ago before moving to Heath.

Anita Herlikey of Heath spent Monday evening with Carey and Fern Glaze.

Gail and Marge Clayton spent Monday in Canton with John and Marleen Kunze and family.

Tuesday evening, Gail and Marge Clayton met Marge's brothers and their wives in Plain City for a family dinner. On Wednesday at noon they met Gail's brothers in Reynoldsburg for another family get-together.

Ted and Donna Cross and Christie Smart attended a car show in Mt. Vernon on Sunday and spent the afternoon with Florence Cross. Ruth and Merle Potter also called on Florence during the week.

Dud and Gladys Townley and

Carey and Fern Glaze had Sunday dinner at a restaurant near Sunbury and caught up on our visiting.

The Glazes spent the rest of the afternoon with Clarence and Edith Miller of Marengo.

Sunday, May 8, is Mother's Day. We hope you all have family gatherings to honor your mothers on their special day.

DECADES BEFORE ANYONE EVER
TALKED ABOUT "HOME-STYLE" DINNERS,
THERE WAS A LITTLE COUNTRY
RESTAURANT IN SOUTHEAST OHIO
THAT SERVED THEM.

HOMESTYLE PRICES. KIDS MEALS UNDER \$2.00.

This is where it all started, almost 50 years ago, just down the road from the Bob Evans® Farm. We believed in giving customers homestyle meals at a fair price.

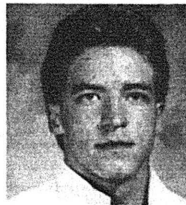

Still holds true today. Why, you can come in for homestyle meatloaf or turkey with all the trimmings or our open face roast beef at prices that won't break the bank. Or get something different like our Chicken Monterey. And if you want extra rolls or refills of iced tea, coffee or soda, there's no charge. And for kids, there's a special menu under \$2.00. We'd like you to stop by, since we're in the neighborhood. Just look for the new version of our restaurant, the one pictured below.
