

Poppy Day Is Friday, Saturday

Poppy Sale will be held on streets in Sunbury this Friday and Saturday by the American Legion Auxiliary.

Money received through the annual poppy sale, according to Mrs. Arthur Vandoren, president of the Auxiliary, goes toward rehabilitation of war veterans, many of them in Veterans Hospitals.

County Board Member Has Brain Concussion

Lester Pendleton, Delaware County School Board member, suffered a severe brain concussion in a farm accident Sunday afternoon. He has now returned to consciousness but still remains in intensive care at Grant Hospital.

Mr. Pendleton and his son-in-law, Larry Carper, were working at the Carper farm when the accident occurred. Carper was driving and Mr. Pendleton was in the back of the wagon. The wagon struck a steel pipe overhead, breaking it and loosing it. It fell striking him on the head.

He was taken to Jane M. Case Hospital and five hours later transferred to Grant.

Del-Co West Officials Discuss Bid Opening Tuesday

Del-Co West President Melvin O. Kennedy, right, discusses the bid opening ceremony for contracts for the project in the western part of the county with Sisco consulting engineer James Massey, left, and other members of the Del-Co West Board of Directors.

Seated, left to right, are George Kennedy, Joe Crickland, B. Cregar, board members present at the bid opening Tuesday afternoon at Ostrander School. Eugene Thomas, not pictured, had to leave the picture was taken, and other board members not present for the bid

opening were Harold McNamara and J. Martin Rueda. The estimated bid for the project is approximately \$1,127,000 with 77 miles of pipeline in the treatment plant on the Ostrander River for both rural water systems.

Del-Co West Opens Bids For Western County Project

Del-Co Water Awaits Final Loan Closing; Building Freeze Could Affect Future Sign-ups

Two of the low bidders for the Del-Co Water system for the eastern part of Delaware county were apparent low bidders for similar contracts for Del-Co West project Tuesday afternoon as 15 bids were opened at Ostrander School for the three phases of the project.

Attorney for Del-Co and West projects, John D. Wolf, told the News Tuesday that Del-Co itself is awaiting word from Chicago on final word for conditions for loan approval for that project and FHA loan closing as soon as those conditions can be met. Construction will begin once the loan is closed.

And, county officials will meet tomorrow with State Health Department representatives to discern the exact meaning of the Water Pollution Control Board's sewer permit freeze and consequent building freeze for the southern townships of the county.

Kokosing Construction Co., Fredericktown, submitted the apparent low bid for the network of water lines for the Del-Co West project with a total of \$1,007,862.84 for the approximately 77 miles of pipeline in that project. Kokosing also submitted the low bid for the Del-Co Water System pipeline at the January bid opening.

Caldwell Tanks, Inc., of Louisville, Ky., was apparent low bidder for the two underground tanks for the project, just as they were for Del-Co system. Caldwell bid amounted to \$129,374.00.

And, Kent Meter Sales of Tampa, Fla., had the apparent low bid for the meters to serve Del-Co West with a bid of \$25,816.45. Service Supply Ltd. of Columbus will be applying the meters for the Del-Co project, but didn't submit a bid for Del-Co West.

Total of all the bids for the project is \$1,163,053.29, or about \$20,000 below the estimated figure for the project worked out by consulting engineers from Sisco, Inc., of Columbus, Ind.

Bazaar, Bake Sale to Aid July 4th Expense

July 4th committee has set Saturday, June 17, for the date of a bazaar and bake sale to be held at the Sunbury Square to raise money to help pay for July 4th fireworks.

"There is probably some item hiding in your closet or garage, maybe your basement, that would really fill the bill for someone else. Any saleable item or items you would like to donate to the bazaar will be greatly appreciated," says Mrs. Miller.

All items to be sold will be donated and donations can be delivered to the Big Walnut Home Ec department at the high school.

The first bazaar-bake sale will give all residents an opportunity to help sponsor the fireworks display which they all enjoy. Fireworks cost approximately \$1,000 and that money must be obtained in some manner. This will give everyone the chance to clean house and help the community at the same time.

New Lumber Facility Being Built at Condit

Inland Wholesale Distribution Center is being built south of the railroad tracks at Condit with the first ground being moved this week. Inland Wholesale offices are located at Kent.

The building being constructed at Condit will serve as a warehouse for lumber and associated products for distribution to Carter-Cashway Lumber yards throughout the region.

simultaneously." Wolf added. Both systems will be served by the same water treatment plant on the Olenangy River, about 1/4 mile north of Home Rd.

Awaiting Word from Chicago

Wolf told that the present status of Del-Co is depending on word from the Regional Attorney for the Farmers Home Administration in Chicago. "We expect to hear from him next week with conditions and instructions for our loan closing, and as soon as we can meet those conditions, we will be ready for groundbreaking for the plan."

Wolf said the contracts have been mailed to the four low bidders for Del-Co phases, including the plant, pipelines, tanks, and meters.

"Those contracts are to be executed and back in our hands before construction can begin."

Del-Co and Del-Co West Presidents Ralph Scott and Melvin O. Kennedy remind that once construction begins, fees could be boosted to as much as three times for those still wishing to sign-up with the water systems. With the beginning of construction, added consumers will have to pay the full price of their tap fees, meters, and construction costs because they will be adding on individual consumers, and not as part of the initial whole. And, once the building freeze

Olenangy Citizens Committee Hears Answers To Questions, Complaints Filed by COSIE

Olenangy Citizens Committee moved to support the administration of the school in its effort to make available the facilities of the school library for students' use in the evening. The group which met Thursday night also expressed some interest in making the school building available for other types of activities.

The Citizens Committee voted to meet once a month on the Thursday evening before the Olenangy Board meeting and also asked for a slot in the agenda of each board meeting if they wish to discuss any question.

Much discussion was held concerning the Newsletter published by the group. The next issue following the May issue will be published in August at which time Mrs. Cole suggested that a map of the school district be enclosed as well as an activity card to acquaint all residents of the district concerning the school. Ray Culbertson, president, told that the group has had an offer for an offset press which he will further investigate.

He also appointed Mrs. Linda Jaycox and Mrs. Barbara Hoffman to investigate mailing equipment as the discussion brought out the fact that there was no place to make new plates for the addressograph and that it was quite difficult to keep the mailing up to date.

Mr. Bellville, when he asked the consensus of opinion concerning the library, told that Olenangy students have to go to Westerville, Worthington or Delaware to the public libraries when they have studies requiring reference material in libraries. He asked if the parents felt lay people would be willing to volunteer their time to keep the library open several evenings a week in order that students might study there.

He told that the school librarian could easily train lay people in all they would need to take care of the facility. Several in attendance asked who would be responsible for the discipline and any resultant damage to school property. Mrs. Gerald Woodard was appointed to continue studying the feasibility of night library hours for next fall.

One woman in attendance asked why the school was not open to this when they recently discontinued the use of mother aides on the playgrounds at the grade schools supposedly due to liability. She received no answer to the question.

Other suggestions made by Mr. Bellville and principal David Worner were that a survey be made for adult classes for next year. Also

for the possible use at night of the gym for basketball and gymnastics. Dr. Charles Reiner moved that the group give its support to promoting these activities for both students and adults.

The remainder of the meeting was given over to Belville's bid opening ceremony for contracts for the project in the western part of the county with Sisco consulting engineer James Massey, left, and other members of the Del-Co West Board of Directors.

One question concerned the FHA

pop machine. Belville told that the pop machine was taken over by the principal and the money placed in the principal's fund. The money had been used for furniture and draperies in the lounge. He told that the pop machine was originally in the cafeteria and that the government would not permit a pop machine in a cafeteria. In answer to the question of how was an accounting made of these machines he answered that all checks written from an

Memorial Services Set for Berkshire, Sunbury, Galena

This community will have two memorial services with the Rainbow Division Veterans Memorial Service Sunday, May 21, and Sunbury's Memorial Day Services Monday, May 22.

The Benson Hough Post #457 will participate in both services. Benson Hough, after whom the post takes its name, was the World War I leader of the 166th Infantry 42nd or Rainbow Division. Services are held each year at his graveside in Berkshire Cemetery for the dead of the Rainbow Division of both wars.

Time of the service will be 2 p.m. Kenyon Kirkpatrick, sixth district, 2nd Vice Commander of The American Legion, whose home is in Marysville will speak at the Sunbury Memorial service at Big Walnut

football field. Dan Saver, Big Walnut student, will also speak. This service is scheduled for 10 a.m. Big Walnut Band, ex-servicemen, Legionnaires, Lions Club, Scouts, Boy Scouts and Fire Department will participate in the service. They will go to the Sunbury Cemetery and to the Galena Cemetery where a short service will also be held.

BV Citizens Express Concern Over Athletic Busing, Teacher Contracts

Representatives of the Buckeye Valley Athletic Boosters, student body, and the ad hoc Committee of Concerned Citizens at Better Education expressed their desires to the Board of Education Thursday evening as part of the public participation program in that district.

Athletic Boosters presented the Board with the problem of finding a solution to the transportation of members of spring sport squads to and from away athletic events. Members of the Boosters were concerned that team members had to drive private vehicles to these events because buses were not available.

Transportation Coordinator for the district, Alex Clio, told the

representatives that problems arise because buses are needed after school to transport students to their homes, and the system itself does not have enough vehicles to spare for the athletic teams.

Boosters present admitted that the problem arises primarily during the week when normal school hours are in effect. However, they claim it "too much responsibility for the parents" to have their sons drive to and from the events and added that "if nothing can be done to get buses for the teams, then maybe we should do away with all spring sports."

To Report Back to Boosters

Board President Kenneth Cline told the Boosters present that the Board would look into the situation and see if it is possible to get more buses for these occasions. "We'll see what the State will allow us to do and report back to you at your next meeting."

Boosters agreed that indeed the situation is serious enough to warrant the calling of a special Board meeting to help work out the problem. And, agreement on working the bus situation out before next school year was reached.

Faculty and Administration Approve Seniors Cliff Turner and Jim Bryant, representing the Student Council and student body at BV, next presented the Board with recommendations to allow senior students to elect not to take firm exams. If their grade average in a course is either A or B. Both students had been before a previous Board meeting with the original request and presented the Board with a formal written request Thursday evening.

Superintendent Richard Rannels read the proposal to the gathering

State Files Six Appropriations Suits For U.S. 36 E Project

First major filing of appropriations suits for the US 36E widening project was made in Common Pleas Court Monday as the State filed six suits against property owners for easements between Delaware and Berkshire.

First suits concerning the appropriations for the project were filed a few weeks ago, but this week's filings represent the first in any number to be filed. Project calls for the widening into four lanes of US 36-SR 37 from the Penn Central Railroad overpass, east of Delaware, to and including the 1-71 interchange at Berkshire.

The project will make the highway follow all the way from the freeway to Delaware.

State Director of Highways Philip Richey filed suits against Belle Ferguson, 2851 SR 37E, Delaware, for herself and as executrix of the Estate of William C. Ferguson, deceased, to appropriate her land in Berlin twp. State offers \$23,542 for 5.22 acres of the Ferguson land, of which 3.3 acres are already roadways.

URGES HIGHWAY BE

IMPROVED AT ACCIDENT SITE

Sunbury News, Sunbury, Ohio

May 15, 1972

I had planned to write a lengthy letter on the subject of accidents taking place in front of my son's home, but I have not time to do so. I say all that is necessary briefly in a few words.

The spot is the treacherous curve by Rich and Carole Davis' home at 712 S. Old 3C highway. It has been a danger spot for years and with the new road improvement, it has been 4 serious accidents there. I am sure that it will be improved.

There is a speed limit sign on approaching the curve and two more signs hidden drive signs but apparently the driver did not see them. I was involved in one of the accidents there last September when I came out the drive. There is no way of seeing the accident site from the corner to the left as the driver leaves that driveway. We stop and look and listen then proceed, hoping to make it before we get hit but occasionally we can't.

I'm so very thankful the headlines didn't read differently about the accident there. I am sure that the driver was not at fault.

Three companies submitted bids for the 1600 foot project, consisting of widening, ditching, paving, and sewer facilities. The section of Maxtown Rd. between the 3C Highway and the Frustrated plant north of the intersection of the 3C Highway and the Frustrated plant, Ohio, is a very dangerous spot. I am sure that it will be improved.

Commissioners also held a hearing on a proposed annexation of 156.408 acres from Troy and Dale was two into Delaware city. The land, known as Troy farms, can be adequately served with both water and sewer facilities according to Donald Smale of the city, but commissioners agreed to defer action on the petition until Prosecutor Henry Shaw can serve a written opinion of the status of the Ezerete property annexation to the board.

Board approved the subdivision plat for Sunbury on Paradise Rd. The land, belonging to Floyd and Dorothy Nix, consists of four lots. Troy and Dale was two into Delaware city. * Enjoy Work of Students

If you missed the Big Walnut Spring Concert and the annual Art Festival, you really missed a lot. It is really remarkable what these teenagers can do. Was disappointed that the crowd turned out. Seems to me that some dropped houses.

Grace Baptist Church
Holds Revival Services

Missionary Evangelist R. E. "Dusty" Rhodes will be at Grace Baptist Church in Sunbury each day at 7:30 through Sunday, May 21. Brother Rhodes has eight radio programs and a missionary tape and literature that reaches beyond the United States into many foreign countries, according to Pastor Holmes. His literature is believed to be the only Christian literature that is translated into the language of the people in some South Sea Islands.

Pastor Martin Holmes invites everyone to attend and hear this man speak.

Galena Methodist
Church to Observe
Heritage Sunday

The Galena United Methodist Church will observe Heritage Sunday on Sunday, May 21. All persons with 50 years or more membership with the church will be honored during the 10:45 morning worship service. There will be a potluck dinner at 1 p.m. followed by a short program at 2 p.m. with much visiting and reminiscing to follow. Many displays of old pictures, records, and other history will be on display. Bring along a covered dish to share and your own table service. Beverages will be provided.
The Galena church was organized in 1813. In the beginning there were 14 members. The main part of the present church building was built in 1828-1829. Those persons who will be recognized for their 50 years or more membership are: Grace Johnson, Clara Van Fleet, Elsworth Bennett, Lauris Bennett, Ralph Bennett, Audrey Looker, and Mabel Strider. Special recognition will be given to Alga Grove.
"You are invited to attend any one or all of these events during the day. If you have any questions or comments please contact R. Dean Stockwell, who is chairman of this observance, or me," says Rev. James R. Webb. "Also, if you have any items of interest or history of this church, we would like to develop this celebration into an annual affair."

Mr. and Mrs. John Finch were Sunday dinner guests of Mr. and Mrs. Denny Towe. In the afternoon Carl and Mark Hoffman called at the Towe's.

Sunday dinner guests of the Dugene Wampler family were Mr. and Mrs. Marion McKenzie and sons, Mr. and Mrs. Wendell Wampler and Kim, and Minnie Wampler. The occasion was in honor of Mother's Day and Minnie Wampler's birthday.
Jerry Higgins was a Friday overnight guest of Darrell Wampler. Weekend guests of Dick and Jean Williams was her sister, Mr. and Mrs. Martin Krempa and family of Massontown, Pa., and Mr. and Mrs. Jack Williams, Jr. and Jerry of Mt. Gilead.

To a Better Understanding of Our Educational System . . .

Study Laboratories

by Marian Whitney

(Continued from last week)

There is one corner of Big Walnut Independent Study Lab which is extremely unusual so far as Delaware county schools are concerned. The southwest corner is devoted to braille material for one blind student in the high school.

The material in braille consists of school books and maps as well as a braille printing machine, tape recorder, tape player.

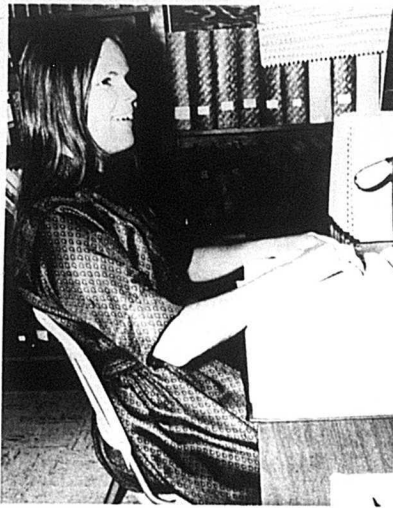

Naomi Woods has been blind since she was 13 months of age. She is now a sophomore at Big Walnut. Naomi learned her braille at the Glenmont Elementary School in Columbus. She learned typing when in the fourth grade. Naomi transferred to Big Walnut when an eighth grader and that first year had to study without the advantages of braille as it is a very tedious task of obtaining the material. Naomi's mother, Mrs. Harold Woods, through the Central Registry at the Columbus Blind School, collects the educational material required. All textbooks used in public schools have the braille editions. The Central Registry can tell the family where volumes may be located.

"We have to order these books from all over the United States," Mrs. Woods told. She finds where they can be obtained and order the paper-work. However, the superintendent or principal of the school must sign for them. They must be mailed back at the end of the year. Postage is free for the blind to obtain educational material.

It takes many volumes in braille to present the same contents of a single textbook. Naomi told that there are 10 braille volumes for the history textbook, 20 for biology, 13 for literature, 10 for algebra, 3 for the English handbook. She has 10 maps but tells map reading is the hardest thing she has to do in braille. She gave an example that the maps, while large, give only sections of a continent. While those studying regular maps can visualize the shape, she cannot because she only "sees" one section of a country at a time.

Title III for Special Education reimbursed the district for expenses incurred in the education of the blind. Girls are hired as readers who will help Naomi with her test questions, reading them to her, in the case of multiple choice or true-false tests will also circle the answer as she gives it. These girls are paid by the school which in turn is reimbursed. The school has also had to obtain one book in braille, but again was reimbursed for it.

There is a lab contract which must be filled out and signed by both student and teacher. It specifies

Studying in the Braille Corner

Naomi Woods is shown studying her history lesson in the Independent Study Lab at Big Walnut. Pictured by her purse are the ten volumes of her algebra textbook.

the area of help needed and for what purpose. The students are responsible for all materials they are using.

And this is the story of the independent lab. It is for those students working on special assignments, those doing extra work, those needing more space, those wishing to work in groups, those seeking filmstrips, recordings, transparencies and reference material, specific kinds. It is also for those needing tutorial help and for special education students such as Naomi who need a place for their special equipment.

The school also has its traditional library, but there students must be absolutely quiet not to disturb others. That is simply the repository of books and magazines and contains no other types of educational study material. The rooms

adjoin at Big Walnut so that students may pass from one to the other as they study and need specific help.

This is the final article on this series of stories bringing you information concerning our modern educational system. We hope it has been enlightening to our readers as we feel it is typical of education as it is found in most public schools today.

I would like again to thank the many, many people who have been so patient in helping me to secure the material used. It has taken much time of the teachers and school personnel.

Couple Weds In Texas

Mrs. James Swagler and Mr. James H. Swagler of Leonardsburg are announcing the marriage of their daughter, Sheryl Ann, to Alirman 1st Class Thomas Grier Dew, son of Mrs. Charles Dew of Columbus and the late Mr. Dew. Before I Forget

One of our readers would like some good fondue recipes. As I don't have a fondue set and never made it, I really can't help her myself. How about some of you who make fondue sending us your favorite recipes. I know other readers will appreciate them, too.

Correction on Last Column

Mrs. Velma Bagley called as soon as she received her paper last week to correct me on one of the recipes of hers which I printed in last week's column. It was for the Escalloped Chicken. Be sure you correct this on your recipe if you have clipped it.

The recipe called for 1/4 cup of rice, uncooked. She says this rice must be cooked before using but this is simply the dried measure. I hope none has been misled by my misinterpretation. Have several recipes where the dried rice is placed in a casserole and the liquid in the dish steams it as the casserole cooks under cover. By the way, one of the girls here at the office tried the Wonderful New Jello recipe calling for Thank You Blueberry Pie Filling and let the rest of us sample it. All of us really did like it. Something entirely different!

Some Sweets for You This One

We have another recipe sent to us this week by Christine Cook. She writes, "Here is a recipe that is excellent but fattening!" Wouldn't you know?

Saucapoon Cookies
1/4 lb. oleo or Crisco
1 1/2 c. brown sugar
2 eggs

Another Cookie Recipe

Mr. Albert Meeker recently tried a recipe from the Farm Journal on to you.

Best Ever Butterscotch Cookies

1 c. T. vinegar
1 c. evaporated milk (about)
1/2 c. butter or oleo
1 1/2 c. brown sugar, firmly packed
2 eggs
1 t. vanilla
1 1/2 c. flour
1 t. soda
1/2 t. baking powder
1/2 t. salt

Put vinegar in a 1 c. measure. Add evaporated milk and set aside. Beat butter until light. Add brown sugar and beat until mix is light. Beat in eggs and vanilla to blend thoroughly. Sift dry ingredients together. Stir in evaporated milk and add alternately with dry ingredients to creamed mixture. Stir in chopped nuts. Drop rounded tablespoons of dough about 2 1/2 inches apart on greased baking sheet. Bake in 350 degree oven 10 to 12 minutes or until lightly browned and barely firm to touch. Cool on rack. When cool spread with

Brown Butter Frosting
1/2 c. butter
2 c. sifted confectioners sugar
2 - 4 T. boiling water
nuts

Melt butter in small saucepan and cook over medium heat, stirring constantly until butter stops bubbling and is not brown in color (do not scorch). Combine with sifted confectioners sugar and the boiling water. Beat until smooth and of spreading consistency. Frost cookies and top each with half a nutmeat.

Club Goes on Mystery Trip

By Mrs. Opal Easthom

Fourteen members and two guests, Mrs. G. H. Warner of Delaware and Mrs. Charles Bowsher's daughter, Marie, took their annual mystery tour on Thursday, May 11.

The itinerary included a visit to the Ohio Historical Center in Columbus, where we viewed a large collection of interesting items which must have required innumerable hours of research and classification.

Our next stop was in a rest area off I-71 enroute to Delaware where we ate a snack lunch prepared by Mrs. Jones and Mrs. Hayes.

We then visited the Fabulous Figure Salon in Delaware, where we went through their orientation program and were shown the latest facts of how to obtain a fabulous figure. This proved to be quite enlightening as we went through the different hours of research and classification.

By this time most of us had worked up a good appetite and we happily adjourned to the banquet room in Bun's where we enjoyed a lovely dinner and a fun time full of prizes and surprises.

Several were lucky enough to win a door prize and we also had a gift exchange. Each brought and received a gift.

Next stop was the USDA where we were shown slides on true and false foods and taken on a personally conducted tour and had many facts of the work explained in detail. Saw a familiar face as Mr. Hayes was busy on some project of electronics in connection with their studies.

Since it was 5 p.m. we took a ride out to the Warner Beef Farms near Ashley where they were feeding 300 head of beef cattle just by merely kicking the feed into the troughs. They really beauties and at the price of beef now days, like one lady replied, I wish I could bring one home to feed my children.

Mr. and Mrs. Paul Belcher said it had been an unusually interesting trip which had involved a lot of advanced planning. So to Mrs. Edith Hayes and Mrs. Robert S. Jones, we owe a big thank you. They had it all down to the minutest detail. Except the family picnic in the park, which was a little disappointing. They met in September at which time the committee will have a whole new list of projects planned for the winter months ahead. So hang in there folks. Lots of goodies in the offering.

Church Notes

Mother's Day the mothers really turned out in full force for the services at the morning worship of Olive Green Church of Christ in Christian Union. Mrs. Mary Miller received a yellow potted rose for oldest mother. Mrs. Roger Stork pink rose for youngest mother. Mrs. Donald Rhoads received a rose for mother with most children present.

Mr. and Mrs. Charles Stork formerly of this community and now living in Lebanon, Mo., really came a long way to be with their daughter, Mrs. Charles Sager, for Mother's Day.

Glad that Mrs. Carl Surgeon could be present with some of her family. She has had quite a siege of illness.

Grange Degree Day

Grange Degree Day is to be held at Porter Grange on Saturday, May 20, starting at 7 p.m.

1st degree, Riverbrite; 2nd degree, Harlem and Kingston; 3rd degree, Porter and Ashley, 4th Radnor and Scioto.

Pomona will furnish sandwiches. Each member bring dessert or salad. Also try to attend Rural Life Sunday which is Sunday, May 21, at 8:00 p.m. at Kilbourne United Methodist Church. The Ashley Grange will be in charge of the memorial service and all Granges are asked to send a list of their deceased members over the past year.

Porter Grange met in regular session Wednesday evening, May 10, with Master Lucille Harding in the chair. Homer Lott is chairman of Degree Day at Porter and final plans were discussed at this time. Mrs. Lucille Harding was nominated as delegate and Mrs. John Owen as an alternate for the Ohio State Grange Convention in October in Columbus. It was approved to give \$5.00 to the Porter Township Community Fund. Mrs. Homer Lott's centennial cupcakes

were awarded first place in the baking contest at Porter. Mrs. Christine Jones, Lecturer, rehearsed a program for the Grange Exchange at Radnor. Refreshments were served by the men on the committee - Homer Lott, Joe Easthom and A. C. Metzger. These were ice cream, cookies, coffee (A. C. brought a big pile of popcorn home grown).

CLOSE TODAY AT BUCKEYE VALLEY

Eagles Lose to Elgin in Sectional Semi-Finals; Win Three Other Games for 14-11 Overall Slate

Big Walnut's baseball team beat Elgin in their first rain-delayed tournament game last Wednesday night, 1-0, lost out on Thursday at Elgin in the sectional semi-finals. Friday they won over Highland and Monday tripped North Union to move their overall mark to 14-11 on the season, 6-5 in the Mid-Ohio.

Today coach Jim Marshall's team travels to Buckeye Valley to close its '72 schedule. The Barons have yet to lose a Mid-Ohio game. Dale Davis coasted along with a 9-1 lead over Mifflin before he ran into trouble in the seventh inning and Fred Berry came in to bail him out and preserve a 9-6 BW triumph in their opening sectional game. Mifflin came up with five runs on one hit in the seventh, and had only two earned runs in the game.

Four Eagles had two hits apiece to pace BW's 9-hit attack. Gene Hall, Steve Hiles, Brent Culver and Mike Roof. Hiles had the only extra base blow, a double, and Dave Counts had two RBI's on a sacrifice fly and an error. Davis is now 4-2 on the year. Elgin wins in 12th on Wild Pitch. Elgin and BW had a tight game on

the fifth inning with Counts, Hiles and Gary Craig on. Craig had two doubles and 2 RBI's and finished at 2 for 3. Mike Davenport and Hall were both 2 for 5. Bobby Myser and Jim John both went 2 for 4 for the Scots.

Hale Beats Wildcats 6-4. Hale brought his record to 2-4 on the year as he held North Union to five hits in winning 6-4 Monday. Low came on and pitched two-thirds innings in relief.

The five BW hits were all divided, with Hall, Culver, Roof, Davis and Berry hitting singles. Davis had two RBI's and Counts, Culver, Berry and Hall accounted for the others.

HOST EAGLES TODAY, PLAY AT MT. GILEAD FRIDAY

Barons Attempting to Wrap Up Mid-Ohio Championship Crown

Undeclared Buckeye Valley, holders of an 8-0 slate in Mid-Ohio competition, are attempting to wrap up their second straight Mid-Ohio baseball title in action set this week.

They were scheduled at Highland Wednesday in their first game of the week, play Big Walnut today at Radnor, and Friday play at Mt. Gilead. They also have a game remaining against Cardington who are still alive in the District, and this game will be played probably next week, if necessary.

Buckeye has played only two games in the past week. Wednesday Elgin upset the topped-seeded Barons 3-2 behind the pitching and hitting of Richie Creviston. The Comets defeated Olenyung in their opening game, took Buckeye, and went on to take Big Walnut in their next sectional outing.

Thursday Phil Colflesh led the Barons to their eighth straight win in the conference as he pitched a two-hitter in beating Northmor 8-0.

Elgin Beats Buckeye with 1-Hitter. Elgin's mound ace, Richie Creviston, gave up a first inning single to Larry Downing and blanked the Barons the rest of the way in winning out 3-2 Wednesday.

The Barons scored two runs in the first on two walks and Downing's single and had another in the fifth as Bryant was hit by a pitch. Phil Smith sacrificed and an error on a ball hit by Dodge scored Bryant.

Elgin had a run in the third on a single by Creviston, a sacrifice and an error. In the bottom of the fifth, two errors and a sacrifice tied the score. The winning run came in the seventh as Keller doubled and took third on a throwing error. He scored on an error on a slow roller.

Smith took the loss for the Barons, giving up only three hits while striking out 9 and walking 3. Creviston struck out 10 and walked 3. Smith is now 3-2 on the season. Creviston had a double and a single to lead Comet batters.

Colflesh's Two-Hitter Wins 8-0. Phil Colflesh fired a two-hitter Thursday as the Barons pounded out 10 hits in beating Northmor 8-0 on the season. Colflesh struck out 9 and walked 1 and is now 5-1 on the year.

Paul Nicodemus put BV into a 4-0 lead in the second inning as he blasted out a 2-run homer. BV added two more runs in both the fifth and sixth innings. Larry Downing, Jim Bryant and Colflesh all had two hits apiece.

Mike Condit is Double Winner in Mid-Ohio Championships

Buckeye Valley's Mike Condit is shown above breaking the tape ahead of Marion Catholic's Frank Bruno in the 220-yd. run Tuesday evening at Big Walnut in the MOC's track and field championships. Both runners finished with the time of 23.2. Condit also took first in the pole vault with a jump of twelve feet.

The title was decided in the last event of the day, the pole vault, as three teams were within one point of each other in team standings. North Union grabbed second and third behind Condit to win the title with 66 points. Marion Catholic finished second with 56 and Mt.

Gilead third with 57. Buckeye Valley was fourth with 23. Big Walnut fifth with 18, Cardington sixth at 12, Northmor seventh with 7 and Highland was shut out. Marion took six firsts, MG and NU 3 each, BV 2 and Cardington 1.

NOTICE OF SALE OF BONDS

Sealed bids for the purchase of \$250,000 bonds of the Village of Sunbury (herein referred to as the issuer), in the County of Delaware, Ohio, will be received by the undersigned officer at his office in the Town Hall, Village Square, Sunbury, Ohio 43074, until 11:30 o'clock, a.m., Eastern Standard Time in Ohio (fast time) on the 7th day of June, 1972, at which time the bids will be opened and read publicly. Bids for the bonds, which were authorized by legislation enacted on May 3, 1972, shall be sealed and endorsed "Sever Improvement Bonds", and each bid shall be made only for all or none of such bonds. It is contemplated that the bond issuing authority will meet at 8 o'clock, p.m., on the 7th day of June, 1972, to consider the bids and make an award.

The bonds will be dated the first day of July, 1972, and shall be in the denomination of \$5,000 each, except ten bonds of the denomination of \$1,000, and will draw interest payable semi-annually on the first days of April and October of each year, beginning October 1, 1972, at the rate of six percent (6%) per annum. Any person desiring to do so may present a bid for said bonds based upon their bearing a different single rate of interest, but not in excess of eight percent (8%) per annum, provided that where a fractional interest rate is bid, such fraction shall be one-eighth of one percent or a multiple thereof. Split rate bids and bids with supplementary coupons will not be considered.

The bonds mature as follows: \$13,000 on October 1 in the years 1973 and 1974; \$14,000 on October 1, 1975; and \$15,000 on October 1 in each of the years from 1976 to 1991, inclusive.

The bonds are issued for the purpose of paying part of the cost of constructing a sewage treatment plant and other improvements to the municipal sewage system.

The bonds are payable, without deduction for the services of the issuer's paying agent, at The First National Bank of Delaware, Sunbury Office, Sunbury, Ohio, and are supported by limited taxes.

The proceedings for this issue have been taken under the supervision of Squire, Sanders & Dempsey, Bond Attorneys, Cleveland, Ohio, whose approving opinion was furnished to the successful bidder at the bidder's expense and will be printed on the bonds as part of the cost of bond printing. The cost of printing of the bonds shall be paid for by the issuer. A complete transcript of proceedings will be furnished by the issuer, together with a certificate showing no litigation pending or threatened at the time of the delivery to enable delivery of the bonds or the power to issue them or the levy or collection of taxes for their payment.

The bonds will be awarded on such one of the highest bids as is chosen by cash, bank cashier's or official's check or certified check payable to the issuer, or any combination thereof, aggregating one percent of the par amount of the bonds, upon the condition that, if the bid is accepted, the bidder will receive and pay for the bonds in accordance with the terms and provisions of this notice. No bank bidding for the bonds shall file its own cashier's or official's check, nor a check certified by it. Such security shall be held by the issuer under pending delivery of the bonds and forfeited in the event of default by the successful bidder.

In the event that, prior to their delivery, the interest on the bonds should be act of Congress or otherwise become subject to Federal income taxes, or any act of Congress should provide that the interest income on the bonds shall be taxable at a future date for Federal income tax purposes, whether directly or indirectly, the successful bidder may refuse to accept delivery and in such event his bid security shall be returned without interest.

The bonds shall be delivered for payment within the State of Ohio to the successful bidder or to a bank designated by the successful bidder, at the place of delivery, provided that the expense of delivery within the State of Ohio shall not be considered in determining the highest bid.

Before making tender of the bonds at the place of delivery, the issuer shall give written notice to the successful bidder not later than the fifth business day before the proposed tender, of the fact that the bonds, transcript, no-litigation certificate and approving opinion are available for delivery to the successful bidder at such place of delivery on or before 12:00 o'clock noon of the 20th calendar day after the day fixed for the receipt of bids, and that in default of any of his obligations, he shall be liable for the right tender, and so long as no such tender by the issuer shall yet have been made, or to cancel the contract of purchase. Any such right shall be exercised by delivering written notice of such tender to the undersigned or to the office of the undersigned during business hours. Such bidder shall thereupon be entitled to the return of the deposit which accompanied his bid and it shall be returned to him immediately.

The right is reserved to reject bids.

Eagle Golfers in District

Gary Condit fired a 77 to pace Big Walnut's golf team into the District Tournament set for Friday on the Pine Hill Golf Course at Carroll. The Eagles finished in fourth place at Blackhawk Tuesday behind winning Waterson (312), DeSales (349), and Grandview (351).

The Eagles closed with 357 to qualify in AA competition. Delaware Hayes also qualified in AAA, as they also finished fourth with 332 in Sectional play at Riverview. Jack

Ingalls of Olentangy qualified in medalist play as he shot 86. Olentangy finished with a score of 370 in Blackhawk competition, while Buckeye Valley had 379 and Mt. Gleason 393. Arlington placed the AAA teams as they totaled 310. Waterson led both AA Sectionals at Riverview with a 330 with Pleasant (348) and Jonathan Alder (352) the runners-up. Other scores show Marion Catholic with 353, New Albany

SPORTS WINDOW

By JACK BREHM

Sports Banquets, District Golf and Track and final baseball games will dominate sports during the next week with Big Walnut's golf team (Gary Condit, Charlie Gambill, Scott Conant, and Dan Saver) in the District along with Jack Ingalls of the Eagles. In track, Paul Litzinger of the Eagles (shot put and discus) qualified, Buckeye's Mike Condit placed second in the 220 and third in the 100-yd dash while Ed McCurdy placed fifth in the 440 and qualified.

Four banquets in three days will fill the schedule next week with Big Walnut leading it off on Monday at the high school cafeteria at 6:30. Tickets may be purchased from any member of the varsity and reserve baseball team, track or golf team members, or at the school. Buckeye Valley and Highland are both scheduled to play on Tuesday at the same time with the Barons honoring spring sports teams while Highland's also includes the basketball squad. Olentangy's banquet completes the cast next Wednesday and this one is also set for 6:30.

Ron Reinking, Olentangy coach, says he and his team whose team broke their 42-game losing streak this past season, giving them their best record in seven years, is headed to Upper Sandusky next season. He will coach varsity football and track and will also be associated with the basketball program there. Reinking will take a lifetime 35-35 coaching record with him, despite two losing seasons rebuilding the Braves.

This spring, Reinking has helped two of his grad lettermen obtain football grants. Mike Plaskett will receive \$2700 and Tom Burns \$2300 from Baldwin Wallace and will enroll there in the fall. Personally, I'm going to talk to Reinking. Not only did he take on the tremendous task of rebuilding the Braves downgraded program, pulling the two largest turnouts in his history, but he was also great in the field of public relations. I certainly wish him well in his new endeavor!

Another coaching vacancy is noted at Bucyrus. Last Friday highly successful football coach Bob Boyles left to join the

staff at Ohio Wesleyan and Monday basketball coach Jim Novak resigned to join the Zanesville Technical Institute. Novak's team's compiled 7-13 and 4-15 marks during last two years. The MOC's and Big Walnut's most valuable player, Dan Saver, has received a grant-in-aid from DePaul University at Greencastle, Ind., and will enroll there in the fall where he will pursue his interest in law and government. Dan has pledged to Sigma Xi Fraternity and will join Big Walnut's grand Dave Schickel on the DePaul campus.

Big Walnut's second baseman Robin Morgan cracked a collar bone in the seventh inning during the Elgin game tagging a man out at second. As yet it is not known how long he will be out. Coach Jim Marshall is in the process of making plans for the upcoming summer season when he will coach the high school and American Legion teams.

BW track coach Sam Gantz politely corrected me on a statement I made in last week's column stating the MOC track championships were the first-ever for BW's all-weather facility. Three years ago the meet was held here according to Gantz. Carroll Meadows, who was official starter and Tuesday who was re-

free, and ex-BW coach Bob Marase, who also helped Tuesday. Bob Striner of OWU was the starter at Tuesday's event, which went off like clockwork, even though the delay in the polevaulter. BW coach Jim Marshall is in the process of reversing the run but can't get it finished in time for this meet due to the rainy weather.

It is official! OER originator Paul Keller, in his 30th year of starting big-time track meets, is to be co-starter at the NCAA College Division National Championships slated for Ashland College May 26 and 27. Paul was also a starter at this same meet three years ago and he tells me he is quite excited about the opportunity. He graduated from Prospect 18 and during the 30's and 40's was back to back coach and had a 40-0 record. He set the Marion county polevault mark of 10'2" as a high school junior, but before

the days of the "moon-landing" pole, and placed second in the District as a junior and senior and 6th in the State as senior. A nephew of Keller's Kevin Keller who attends Elgin, recently won the Marion county polevault with 13'1" and Kevin is only 5'6" tall! Keller says that conditions were ridiculous back when he participated and coached compared with today's wonderful equipment and opportunities.

Braves' Russ Meade Wins Two Metro Games for 6-1 Record

Olentangy's Russ Meade kept Tom Rostergamer's crew in the Metro politan League race Thursday and Friday as he came in on relief and beat Hamilton Township 7-6 Thursday and Friday, won the distance in stopping Teyas Valley 4-3.

The two wins brought Tany's Metro loop mark to 5-3 on the season and increased their overall record to 7-8. Meade has six of the seven Tany wins, the other being to work the full seven innings and allowed only three Teyas Valley hits. Meade has lost only one game, that one to Elgin in a Sectional tournament game by a 6-5 score.

The Braves were scheduled to play at Franklin Heights Wednesday, today host Dublin in their final

Metro game and tomorrow host Jonathan Alder to close their season.

Meade worked eight and two-thirds frames Thursday as the Braves won their first extra-inning ball game of the year and cameback Friday to work the full seven innings and allowed only three Teyas Valley hits. Meade has lost only one game, that one to Elgin in a Sectional tournament game by a 6-5 score.

Meade's Homer Beats Teyas Valley
Mark Knoff hit his first home run of the year and it couldn't have come at a better time for it supplied the winning margin over Teyas Valley Friday. The Braves taking a 4-3 win.

Meade went all the way for the Braves and had a 3-3 tie going before Knoff's round tripper gave him his sixth win of the campaign. Meade gave up only three hits, struck out 9 and walked one batter.

Good started for Teyas Valley, with Wilson coming on in the sixth, combined they gave up only six scattered hits.

News Events from Marenango

By Mrs. Fannie McLain

TOPS News

The Inches Aweigh TOPS Club met Wednesday with thirteen members weighing in with a four pound loss and three and one half pound gain. Clara Keen was crowned TOPS queen of the month. TOPS queen honors went to Betty Saliers. Janet Adams was the lucky girl of the day by winning the mystery gift and the HA HA! Caroline Shurtliff displayed her beautiful trophies she had received Saturday from the A.R.D. graduation. Went to take off a few pounds and have fun also? Come join the ladies on Wednesday mornings at the Legion Hall. Five members walked from the Legion Hall to Audrey Condron after the meeting last Wednesday. After lunch they returned to Marenango by car, but they thought they could have made it by foot.

Cubs Plant Potatoes

The potatoes in front of the Marenango Post Office were planted by Den 4 of Cub Scout Pack 47. Den members are Kenny Cohen, John Massmer, Glen Bragg, Mike King and Doyle Whitel. Den mothers are Betty Messmer and Lillian Whitel. Also helping plant were Darla Gale and Andy Messmer.

Last Thursday evening the cub scouts and webelos along with a couple of boy scouts and their families cleaned the Marenango school yard and planted flowers in front of the buildings. After the work was finished they went to the home of Gene and Billie Adams where they enjoyed a cookout and social evening.

Working on Truck

Have you noticed a small international truck in the vicinity of Genes Auto Service the last few weeks? Well, if you noticed, it has been taking on a few changes each week. You will be seeing more of this little "go-getter" as it is the new grass fire fighter for the Big Walnut Fire Department. It has had lots of alterations and face lifting and is now ready for action. As citizens of the Big Walnut area we should be very proud of the men who are putting our fire protection before some of their own projects.

"I'm proud to be a part of this action and wish the best to each project and worker. Keep watching your department and you will be seeing many benefiting changes in the future," says Lillian Whitel.

Day Camp Leaders Needed

Day Camp training sessions at Crooked Lane Girl Scout Camp will be held on Wednesday May 24th and May 31st for girl scout leaders from 9:30 to 2 o'clock. Leaders are asked to bring a sketch, notebook, pencil and ideas for craft. Any mothers interested in helping are asked to come. There are nearly 500 registered girl scouts in the county and more leaders and helpers are needed for day camp. Day camp will be June 21-23 and 26-28. Reservations are still being taken for day camp. For further information contact Linda Knapp, camp director, phone 293-3733.

ages into effect, presently thought to be slated for about the 11th of June, any potential Del-Co or Del-Co West consumers who do not have a valid sewer permit from the County Health Department will not be able to sign up.

Building Freeze Effects Discussed

Delaware county commissioners and the Health Department are planning a meeting with the State Department of Health officials tomorrow to try to clarify orders received from that department last week which in effect, place a building freeze on the southern part of Delaware county. According to the letter sent to the county officials, Liberty, Concord, Orange, Genes, Harlem, Berlin, Berkshire and Brown townships are affected by the proposed freeze.

The letter, admitted by county officials to be somewhat "vague," says that around June 11, no new approvals "of individual 'on-lot' (sewerage) systems" shall be granted by the County Health Department. This proposal, when placed in effect, will halt new building in that the county will not issue building permits without the valid sewerage permits.

The letter states that the freeze will be in effect until "the Delaware County Health Department is satisfied that the county is able to provide adequate sewerage treatment facilities for the area."

Qualifying Seniors Omit Exams
Seniors who meet certain requirements may be excused from final examinations according to a new policy established on an experimental basis for this year at Big Walnut High.

Named to Sophomore Honor Society

Melinda Kay Davidson, daughter of Mr. and Mrs. Wendell C. Davidson, 4009 N. County Line Rd., Sunbury, has been elected to Cwen, sophomore women's honor society at Muskingum College, New Concord. Miss Davidson is now completing her freshman year at the college.

The purpose of the organization is to promote leadership, interest in scholarship and participation in student activities. To become a Cwen, a coed must maintain a grade point ratio of 2.8 for the first semester of her freshman year, and show an active interest in campus affairs.

Happenings in New Bethel

By Mr. Carey Glaze

Maw is gone this week so I'll see "I can scare up some more scandal again."

We ran it over again Sunday, even though several regulars were away. We got down to standing room only and it was at a premium. The Mother's Day program was prepared by Gail Clayton and Larry Longwell. Good job, you guys.

The "Letter to Mom" contest Carolyn Kenney won earned an "A" or "B" during the present six weeks grading period.

3. Final determination of eligibility for excuse from exams and, if student choice to take the exam must be finalized by May 19.

4. Course averages will be determined by established forms.

Seniors face a busy schedule leading to graduation. Final day of classes for seniors is May 19 with the senior awards day and luncheon set for May 22. The following afternoon, May 23 at 5 p.m., seniors will hold their class party at Berkshire Campgrounds. Graduation is May 28 at 2 p.m. in Cowan Hall, Otterbein Campus, Westerville.

"Colour My World" From Theme

Big Walnut juniors and seniors will have a full evening Saturday, May 20, at the "Colour My World" party at the Ramada Inn on Rt. 161, from plans include entertainment by several members of the two classes and a formal dance. The film "Diamonds Are Forever" will be shown at the Jerry Lewis Theater in Westerville after the prom, and a breakfast in the high school cafeteria will complete prom activities at approximately 5:30 a.m.

Band Concert

Members of the Big Walnut concert band will present their spring concert tonight at 8 p.m. in the high school gym. Outstanding senior band member will be awarded to a graduating member of the group.

Among selections on the program are "George Washington Bridge," selections from the popular musical "Fiddler on the Roof," "Oboone with Four Variations," and "Battlement of the Republic."

The outstanding band award will go to a senior chosen by fellow band members as the most outstanding graduating member. His or her name will be engraved on a plaque that remains in the band room and awarded a trophy. Past winners are Connie Constock and Dale Stein.

The public is invited to attend the concert, according to Director James Swearingen, who reminds senior citizens that their complimentary passes admit them to the program as always.

BW Briefs

French Club members and guests should make reservations and transportation arrangements with Miss Beverly Wagner, advisor, as soon as possible. Eagle staff reminds people of the skating party Thursday, May 25, from 8 to 10 p.m. Music will be provided by the Loft at the Big Walnut Skate Club.

Seniors who meet the following qualifications will be excused from senior exams being administered on May 22 and 23:

1. Students must maintain a minimum of a 3.0 average (B) for the grades earned by May 19 in either semester or year-long classes. Individual grades must all be "C" or better.

2. Students must earn an "A" or "B" during the present six weeks grading period.

activity fund must be co-signed by two persons and, in the case of some organizations, by three.

"Why had the issue of the newspaper put out recently by the students been confiscated?" Because the late Mr. Blaine Martin, principal, felt no good could be done with the paper."

In answer to the question concerning the lack of a functioning student government, Mr. Belleville told that the late Mr. Martin took over the Student Government because he could get no teacher to do it. "To my knowledge, I don't know of anything they wanted to do, but I let them do it," Mr. Belleville answered.

In answer to the question concerning the lack of a functioning student government, Mr. Belleville told that the late Mr. Martin took over the Student Government because he could get no teacher to do it. "To my knowledge, I don't know of anything they wanted to do, but I let them do it," Mr. Belleville answered.

In answer to the question of how many clubs listed on the activity fund report actually met, he told that most of the clubs met with their advisors but admitted that there are some clubs which haven't met this year.

The question was asked "What has happened to class funds left for the use at school?" Mr. Belleville explained that funds cannot be held over indefinitely. "As time goes on, those moneys left are incorporated into the board funds."

Fees charged of the students were questioned by the parents. Mr. Belleville explained that the remainder of the Vo-Ag fees were placed in the board fund. Questionnaire cited that Vo-Ag students were asked for \$6.00 fees when only \$3.95 had been spent per student.

One mother asked about the charge of Earth Science lab fees of \$3.00 and \$1.50 for a lab book in the course when actually there were only two labs held. Mr. Belleville answered "Earth Science isn't really a lab course."

He told, in answer to an inquiry, that the \$2.50 fee collected from students of the Family Living Course for a special dinner had been returned to the students.

In answering the complaint that the school made a 20% mark-up on work books, the superintendent told that the school serves 1701 free lunches a month. The child who can't pay for his lunches cannot be charged for workbooks, either, according to the superintendent. "In this way the school obtains money to pay for the extra workbooks."

In answer concerning the teacher pressure and harassment allegedly

in the district, Mr. Belleville stated that the many complaints had not been documented. Anyone having complaints or questions should go directly to the principal with the questions. He told there were only three teachers now on temporary certificates. "The State Department says that teachers not properly certificated cannot be hired if they are properly certificated can be hired. Then we must make special requests of the county superintendent to hire on temporary certificates," Mr. Belleville explained.

In answer to why substitute teachers have not been hired to teach when regular teachers were absent, he answered that they can't find substitute teachers. "We do hire them when we can find them. The younger teachers are the ones so often absent. The older teachers tend to teach even when they are sick," he continued.

Concerning the complaint on discipline, he told that most complaints have been "Our principals are too tough. I feel the smaller number of rules you can have, the better off you are."

Concerning the proposed leveling program, he told that most of the teachers are happy with it and have been properly trained.

He explained concerning the split classes at Hyatts that even with a split room there were only 27 pupils for one teacher. The average ratio, he explained, is 26 to 27 per teacher.

Concerning complaints of lack of individual teachers for advanced Spanish and business law and health, Mr. Belleville told that Olentangy is actually operating on only 1.8 mills above the state foundation. "We are almost on the level of the minimum of the state. We cannot afford to hire a teacher for only 4 students such as in advanced Spanish. Our second year teacher took care of them well in that class. Most schools will not offer a course for less than 10 students. As to the other subjects, we combined business law and business mathematics into one course."

People had asked what happened to the pool tables, ping-pong tables and photograph which had been in the lounge. "The legs are broken on the tables and the cue sticks had been used to punch holes in the ceiling. The right place for this equipment would be in the physical education department."

There was a question why wasn't an outdoor lab for science classes developed, especially after Worthington's offer. "We have two thirds of the cost; instead the Board of Education authorized cleaning out the underbrush so the Little League could find its lost balls. Mr. Belleville said he had never heard of Worthington's offer. "I would encourage any science teacher to build a lab. There's room for a lab as well as the ball field. Science teachers change so often, we too often don't get a program off the ground."

He told that all the money given by parents for the school levy fund was spent on that only.

If Health and Art classes are required of all students, how can the school teach them after some children have to catch the shuttle buses. "In the first place we have no shuttle buses. One teacher did teach in the 4th and 5th grade after the buses left. When Mr. Worner learned of it, he stopped it."

In regard to locked gym door, Mr. Belleville told the only time it was locked was when the boys' locker room door was broken. "The janitor forgot to take it off the next morning. However, there were three other doors in the gym open. It is pretty hard for me to check 250 doors every morning."

"I've never given orders to shut off the fire alarm. The police were sticking money and we had to work all day on it."

In the question concerning a missing stereo he answered, "The stereo was purchased by the principal on the principal's account. I have to approve all purchases. Mr. Martin took it to get it repaired once. It is here now and in storage."

Mr. Belleville explained the school receives the North Central report every year and the library is sufficient by North Central standards. "We spend \$4 per pupil for supplementary material while we are only required to spend \$1.25 per pupil. Olentangy offers 70 courses while the requirement is only 45."

Concerning the meal with bugs, Mr. Belleville explained that came from government supplies and was not purchased by the school. It was replaced by the federal government through the state welfare department.

There was a question concerning the legality of a board member buying paint through the school. Mr. Belleville answered, "Mr. Curmude simply had that delivered to the school. He paid for it with his own check."

One in attendance asked, after stating students were required to pay \$1.00 for paper used during the year, "If the school needs more money, why didn't the board know it?" Mr. Belleville claimed with the slowest of the legislature last year, no school board knew what to expect.

Another asked if the school is short on funds, why didn't the board anticipate hiring an assistant superintendent next year. "Can't that money be available for better teachers?" Mr. Belleville told he couldn't answer for the board. He also told the board is working on a new policy now. Someone asked if the new policy. He told it is simply a copying of the state laws.

The committee directed Mr. Brehm, director of the office to send letters concerning the finding and recommendations to the superintendent of the school, E. D. Belleville, the president of the Olentangy Teacher's Association and the president of the board of education.

"This is an effort on our part to help solve the situation on a local basis," Mr. Brehm told. "The first step of our office is to always try to aid those with troubles to solve their own."

The remainder of homes on the Cheshire Africa Rd., are fast disappearing with the burning this past week of Doug Black or Perfect place and then building the walls in and leveling off.

Mr. Worner then explained the Consensus of Opinion poll which has been ordered taken. This is explained in another story in this issue.

OEA Committee Offers Help in Olentangy Situation

Ohio Educational Association's Professional Rights and Responsibilities Committee met last week with representatives of the Olentangy Board of Education, the administration and several of the teachers of the district.

The committee directed Mr. Brehm, director of the office to send letters concerning the finding and recommendations to the superintendent of the school, E. D. Belleville, the president of the Olentangy Teacher's Association and the president of the board of education.

"This is an effort on our part to help solve the situation on a local basis," Mr. Brehm told. "The first step of our office is to always try to aid those with troubles to solve their own."

This is the result of a recent request from the OEA asking for the state office to investigate the situation in Olentangy School District where questions have arisen concerning the process used to hire and fire teachers as well as other lack of cooperation between the administration and the teaching staff.

It is the policy of the OEA not to reveal the contents of the letters to the press.

The law firm of Keller, Blair and Kunkel, 21 West Central Ave., announces the association with it of R. Lamont Kaiser, Pataaskas. In December, 1968, Kaiser received his law degree with honors from The Ohio State University College of Law, where he was managing editor of the Ohio State Law Journal and participated in the legal clinic which provided practical work experience. Following graduation he worked for a Columbus law firm until his entry into military service in July, 1969.

Kaiser, 27, recently completed his military service obligation as a Judge Advocate Officer with the United States Air Force, serving at Pittsburg Air Force Base, New York and Mountain Home Air Force Base, Idaho. He initially attended a six week course at the Air University, Montgomery, Ala., for additional training in military law. He served as both prosecution and defense counsel in courts martial and was selected as a Military Judge for special courts martial. Most recently, prior to his discharge, he was the senior legal officer on the Base Commander's staff and served as his Staff Judge Advocate.

During July, 1971, Kaiser attended the short course for defense lawyers in criminal cases at the Northwestern University School of Law. Kaiser, his wife, the former Caroline Miller of Orrville, and his two children will reside at 643 Stratford Road.

Moves Pre-Schoolers Back to Bellpoint School

Delaware County Board of Mental Retardation will meet with the Delaware county commissioners soon to discuss a levy for a proposed new school in the county.
The Board has also decided to return the pre-school class back to the Bellpoint facility after having resumed the William Street United Methodist Church annex for the school during this past year.
After hearing the reports of Ralph Hoover and Mrs. B. J. Zastury of the Riverview School for Girls concerning the program of teacher's aides which the girls from that school had filled, the board offered its commendation on their work.

Ancient Superstition Modern Remedy . . .

Today we know HICCUPS can be caused by many things . . . Indigestion, fear, even worry can trigger these gas-filled reactions of the diaphragm.
But in ancient times Hiccups were a sign of danger. The Devil had entered the body. The sound of a hiccup was evidence that good spirits were forcing the devil out. A bag held over the victim's nose and mouth, was an aid to trap the devil therein.
Oddly enough, this maneuver has a scientific basis! Holding a bag over one's nose and mouth forces one to rebreathe the carbon dioxide exhaled by the lungs. This stimulates the brain to restoring normal rhythm of breathing. It frequently stops hiccups.

L-K BLUE RIBBON STRIP STEAK

The old timers will remember this steak as the "Butcher's Steak". In past years when they butchered on the arm — or when small proprietor butcher shops were still in vogue, the one piece of meat that was always savored for its tenderness, flavor, and delicacy is the very same steak which we call our Blue Ribbon Strip. This is the steak that graced the butcher's or the farmer's table following the butchering. It very rarely reached the market, therefore it became known as the butcher's steak and did not become as well known to the general public. This steak is found in the front quarter of the beef inside the rib cage and therefore very easy to cut out of the beef without affecting any other part of the carcass. It grows lengthwise and only about one inch thick, therefore it is necessary to cut it with the grain. This is the main difference between the more familiar steak cuts and our Blue Ribbon Strip; but it comes closest to the Tenderloin in its overall tenderness and flavor. We hope you like it.
